America's Newest Class of Roses

BIG AND STRIKINGLY BEAUTIFUL GRANDIFLORAS

- Combine Beauty of Form and Size of Flower Notable in Hybrid Tea Roses, with Abundant Everblooming Feature of Floribunda Roses
- Guaranteed to Bloom or Bushes Replaced
- Grade AA (No.1) Bushes—*Shipped Postpaid*

Save \$1.80 on Collection of 5 **\$12⁵⁰** *Postpaid*

These tall, glamorous beauties are destined to become America's favorite Roses. You will be delighted by their vigorous, rugged plant growth, tendency to be more hardy than Hybrid Teas, their clustering habit and long cutting stems. Hardy all zones, but need protection in zones 3 and 4. Plant 30 inches apart in spring or fall.

Garden Mark Grandiflora Collection. One each of A through E below, including Pink Parfait—a 1961 AARS Winner.

91 MG 5220—Collection of 5. Save \$1.80. *Postpaid*.....5 for **\$12.50**

A Starfire. 1959 All America Rose Selection Winner, and an exceptionally brilliant and beautiful rose. Color is an almost fluorescent currant-red that is practically sunfast. Extra long stems. Keeps well when cut. Mature plant is often 5 ft. tall, with glossy bronze-green foliage. Rated 8.1.

91 MG 5044—Plant Pat. 1742. Ppd. Each **\$3.00**; 3 or more, Ea. **\$2.75**

Buccaneer. Gold Medal Winner. Brightest, clearest, most lasting yellow of any rose in any class. Clusters of handsome, slender, tapering buds open into blooms 4½ inches across. Vigorous plants about 5 ft. tall. Excellent along a wall or fence. Rated 7.3.

91 MG 5016—Plant Pat. 1119. *Postpaid*. Each **\$2.50**; 3 or more Ea. **\$2.35**

C Cherry Glow. Beautiful urn-shaped buds open to deep cherry red Hybrid Tea shaped roses, 3 to 4 inches across on long stems. Glossy, thick, leathery foliage. Well branched, upright habit makes it good in perennial or shrub border. Not rated.

91 MG 5035—Plant Pat. 1490. Ppd. Each **\$2.75**; 3 or more, Ea. **\$2.60**

D Queen Elizabeth. A.A.R.S. Winner in 1955, and one of the most highly rated roses in all classes. A blend of soft carmine-rose and delicate pink. Delightfully fragrant, high centered flowers up to 4 inches across on long, almost thornless stems. Excellent for cutting—long lasting. Rated 9.0.

91 MG 5029—Plant Pat. 1259. Ppd. Each **\$2.50**; 3 or more, Ea. **\$2.35**

E Pink Parfait. 1961 All America Rose Selection Winner. A beautiful blend of delicate pastels varying with weather from salmon-buff at the heart of the flower to rich, rose-pink at the tips of the petals. A mature test plant is said to have held 100 perfect roses at one time. Too new to be rated.

91 MG 5018—Plant Pat. 1904. Ppd. Each **\$3.50**; 3 or more, Ea. **\$3.35**

How AARS Winners Are Picked

Roses that win the coveted AARS Award (All America Rose Selection), are the aristocrats of the Rose World. These roses have been tested in 24 gardens in the United States. Four plants of each variety to be tested are entered in each trial garden. Plants are scored by impartial judges for 2 years. At the end of the test period, scores from all gardens are compiled, and roses with highest averages are voted on by a board of master rosarians to determine whether or not they are worthy of the AARS Award. Only a few win each year.

Buy the Best Grade Available—Get Effect of Established Garden

- All Field Grown 2 Years or More
- All Western Grown Under Irrigation for greatest "built-in" grow power
- All Guaranteed Disease-Free
- All Guaranteed True-to-Name

GRADE A. The same as American Association of Nurseryman Grade 1½. Plants are branched and are all well rooted with 2 or more canes.

GRADE AA. Same as AAN Grade 1. Bigger root systems, more heavily branched than Grade A, and have 3 canes or more. Heavier in every way.

GRADE AAA. The giants of the nursery row. Unusually large root systems, fine big tops. Only a small percentage of plants attain this grade. Worth more because of established appearance.

Non-Patented Roses on these two pages were either introduced before the time that plant patent laws were in effect or their patents have expired. Some hybridizers do not patent their roses, however they are equally worthy.

Collections include 1 each of all 16 roses on these two pages in Grade stated, except Red Peace which is Grade AA in each case. Shipped Postpaid, direct from Nursery at planting time in spring or fall. See paragraphs at left for information about grades. See Page 13 for 6 Reasons Why Ward Roses are Better. All Postpaid.

91 MG 4922—**Grade A**... Regular No. 1½. (Red Peace is Grade AA.) Collection saves \$3.35. All 16 for 18.65

Top Rated Non-Patented Roses—Ea. \$1³⁰ Grade A

- Each variety has highest rating in its color class for Everblooming non-patented Hybrid Tea Roses.
- Ratings are from 1960 Buying Guide published each year by The American Rose Society.
- These varieties are considered most likely to succeed over wide area. See Pg. 13 for "How Rated".

91 MG 5010—**Charlotte Armstrong**. Rated 9.0, and one of 5 roses in all classes to rate 9.0 or more. Huge carmine-red buds. Fragrant light red blooms.

91 MG 5071—**Saturnia**. Rated 8.1. Long pointed buds open to brilliant red blooms with reverse of yellow and copper. Fragrant. Winner of Gold Medals.

91 MG 5061—**Eclipse**. Rated 8.1. Much loved for its slim, tapering bud, sometimes 2 inches long. Large, fragrant golden yellow roses in great abundance.

91 MG 5081—**Christopher Stone**. Rated 8.1. Long pointed buds open to large, fragrant, scarlet roses. Gold Medal Winner. Blooms through hottest summers.

91 MG 5051—**Countess Vandal**. Rated 7.5. Fine exhibition form. Orange-copper tapering buds open to large, high centered, fragrant flowers. Bushy plants bloom profusely. Gold Medal Winner.

91 MG 5075—**Picture**. Rated 8.0. One of the finest pink roses ever developed. Traces of salmon impart a warm glow. Perfect in form and blooms almost constantly. Long lasting when cut. Fragrant.

91 MG 5050—**Crimson Glory**. Rated 9.1 and one of 5 roses in all classes to rate 9.0 or more. Considered finest red rose ever developed. Very fragrant deep crimson blooms with velvety nap. Tall.

Prices of Everblooming Hybrid Tea Roses on These Two Pages (Except Red Peace). See at left for information about Grades. Read Pg. 13. "Why Ward Roses Are Better".

Florist's Favorite Corsage Rose

Garden Hardy—Garnette

15 TO 20 BLOOMS TO A CLUSTER

Each \$1.30 in lots of 12

Exceptionally long lasting quality, mild fragrance, and fine, hybrid tea form make this dainty garnet red "sweetheart" rose a florist's favorite. When cut for indoors, blooms retain their perfect shape, last 7 to 10 days, have endless arrangement possibilities. Stunning as corsage or in front of rose borders. Abundance of crinkled holly-like foliage on medium to low growing plant makes it a popular variety. Rated 7.8.

91 MG 5169—Grade A—Postpaid. Each \$1.55; 3 or more, ea. \$1.45; 12 for \$15.60.

Climbers

SHIPPED POSTPAID DIRECT FROM NURSERY

Reap a harvest of beautiful roses for a small initial investment. The climbers you plant this year will bloom next year and every year thereafter. Just plant in the proper location—a sunny, open area. Prune only to cut away dead wood as climbers bloom on wood of the previous year. Regular spraying and dusting protects from insects and disease. Protect in winter in zones 5 through 3. (New Zone map Page 76.)

Everblooming Climbers

BEAUTIFUL BIG ROSES LATE SPRING TO FROST

Patented Varieties—Collection of 3 for **\$6.75** Postpaid

Garden Mark Patented Climber Collection. Plants are Grade AA or larger as described on Page 13. Includes 1 each of Crimson Glory, Blossomtime, Golden Showers.

91 MG 5263—Shipped Postpaid in spring or fall..... All 3 for **\$6.75**

Crimson Glory Climber. Fast growing plant is covered with velvety, deep crimson blooms. Very fragrant. Produces from late spring to frost. Grows to about 10 ft. tall. Rated 8.3.

Unusual Tree Roses

BLOOM FROM SPRING TO FROST

EACH **\$6⁹⁵** POSTPAID

- Spectacular Rose Display on Trees 4½ to 5 Ft. Tall
- Famous Hybrid Tea Roses Larger Than on Bushes
- Easy to Grow—Hardy all Zones—Protect in Winter

A continuous array of bloom from spring to frost! Tree Roses display their beauty high above the perennials or roses in a bed or border.

Plant where you can see them. Use at each side of a gate, or doorway; along a path or in a rose bed. Tree or Standard Roses are grown by budding Hybrid Tea or Floribunda Roses to specially grown, well-rooted standard to make a plant 4½ to 5 ft. tall.

Worth the extra care they require in cold climates. They are hardy all zones, but require careful winter protection in cold climates. Instructions for planting and winter protection are in the planting guide included in each order. Plant 5 ft. apart.

91 MG 5144—**Picture**. Each bud and flower of perfect form. Clear dainty pink color with warm undertones of salmon. Each flower is heavily petaled, long-lasting. Hardy, vigorous plant.

91 MG 5141—**Eclipse**. Bush form is top rated among non-patented yellow hybrid tea roses. Characteristics of tree form are similar. Slim tapering buds, golden blooms like on Page 7.

91 MG 5140—**Crimson Glory**. Highest rated red Hybrid Tea now in tree form. Deep crimson red blooms with velvety nap. On Page 7 there is a picture and more complete description.

Brownell Sub-Zero Roses Are Extra Hardy EACH **\$1⁸⁵** Postpaid

- Field Grown Choice 2-yr., No. 1 Bushes
- Shipped Postpaid for spring, fall planting
- Extra Hardy; seldom known to winterkill
- Guaranteed to bloom or replaced **FREE**

A special strain developed to withstand extreme cold. In a recent report by a leading University professor, results of the devastating 1955 spring freeze were tabulated. Of 36 surviving Roses, 14 were Brownells. They not only proved to be highly resistant to late spring freezes, but withstood winter temperatures of zero or below without protection.

Very Resistant to Blackspot. Will bloom this summer if planted this spring except climber which will bloom second year. Plant Brownell bud deeper than other roses, 3 in. below ground, 4 in. for climbers. Plant spring or fall. Hardy in all zones.

Climbing Golden Pyramid **\$1⁸⁵** Postpaid

A Brownell Rose. One of the hardiest and most vigorous of all climbing roses. Golden-yellow, fragrant blooms in great clusters in late spring. Winter protect in zones 8 and 9.

91 MG 5128—Postpaid.....Each **\$1.85**
3 or more.....Each **1.75**

91 MG 5125—**Red Duchess**. 7.6 Majestic blooms with high pointed centers. Lovely shade of bright red. Spicy, captivating fragrance, that is unforgettable. Resistant to black-spot. Plant Pat. 846.

91 MG 5127—**Shades of Autumn**. 6.3 Outstanding bi-color. Brilliant, fragrant blooms; a combination of rich scarlet, deep rose and golden yellow. Striking in mass plantings. Plant Pat. 542.

91 MG 5136—**Curly Pink**. 7.8 Beautiful two-toned pink blooms. Vigorous sturdy bush, that is clustered with charming recurved flowers all season. Plant Pat. 842.

91 MG 5133—**Tip Toes**. 8.1 Delightful mixture of red, orange, and pink tints. Unusual blend. Enjoyable sweet, spicelike fragrance. Blooms all summer until frost. Sturdy, vigorous grower. Plant Pat. 849.

91 MG 5129—**V for Victory**. 6.6 Magnificent form, unlike any other rose. Fine tapered buds open slowly to form huge yellow flowers. Non-fading. Holds color even in hot weather. Fragrant. Plant Pat. 543.

91 MG 5135—**Handsom Red**. 6.5. The rose with the famous Poinsettia color. Velvety, brilliant fiery-red. Fully double flowers. Strong, bushy plant. Plant Pat. 1182.

Check these 6 Reasons Why You Should Buy Roses at Wards!

1 ACCURATE GRADING.
Wards Roses are accurately graded according to the standards of the American Association of Nurserymen.

2 EXPERIENCED GROWERS.
Roses are field grown 2 years by large, well-established growers in various parts of the United States.

3 FIELD TESTED PLANTS.
All have withstood one winter, and bush roses have bloomed at least once while growing in the nursery row.

4 MOISTURE PROTECTED.
All Wards roses are covered with wax when you buy them, to preserve moisture stored in their canes.

5 GUARANTEED BLOOM.
Bush and Tree Roses guaranteed to bloom this summer if planted this spring or will be replaced.

6 ALL SHIPPED POSTPAID DIRECT FROM NURSERY FOR SPRING OR FALL PLANTING

What You May Expect in Each Grade or Size

Grade A: This is the same as American Association of Nurserymen Grade 1½. Sturdy, well rooted branched plants with 2 or more canes. Bushes become bigger, fuller, and bear more flowers in succeeding years. An economical grade for gardeners who are willing to wait a year or two for a bigger bush.

Grade AA: This is the same as American Association of Nurserymen Grade 1. Plants have bigger roots and are heavier branched than Grade A, and have 3 or more canes. This size produces more roses the first two years than Grade A.

Grade AAA: The giants of the nursery row. Plant is bigger than AA Grade. Bushes are fuller and heavier, and usually produce more numerous blooms the first few years. Will immediately give your rose garden the appearance of being nicely established since it is the largest grade offered by the trade.

Patented Roses: The price of a patented rose bush is established by the patent owner. Patented roses shipped by Wards are Grade AA or larger.

Why Wards Can Guarantee Satisfaction

During the 2 years that Wards roses have grown in the field they have received the best of care. They've been fed, watered, sprayed during this period. They are GUARANTEED disease-free. They are dug during dormancy, scientifically stored in an air conditioned humidified storehouse to KEEP THEM DORMANT. This is important to their good growing start in your garden.

Buy Roses on Monthly Payments—Three Credit Plans

Enjoy the beauty of a big rose garden—enhance the value of your property. Order now, and pay just a little each month. Refer to Page 23 for details.

American Rose Society Ratings

The American Rose Society has established a National rating system to help you choose your roses. Ratings by the Society are based on reports from garden clubs throughout the United States. 10 is considered perfect, 9 to 10 outstanding, 8 to 8.9 excellent, 7 to 7.9 good, 6 to 6.9 fair. 5.9 or less is considered of questionable value. Most Ward bush roses are rated 7.0 or better. Listed varieties that rate less than 7.0 are those in demand because of color, fragrance or performance. A few varieties of roses have not been rated.

Choose From 73 Varieties . . . A Type for Every Purpose

23 MONEY-SAVING COLLECTIONS DESIGNED FOR WIDE COLOR RANGE

FLORIBUNDA ROSES

HYBRID TEA ROSES

GRANDIFLORA ROSES

TREE ROSES

CLIMBING ROSES

Blooms are usually smaller than Hybrid Tea Roses, but are borne in clusters. Many have true Hybrid tea form. Plant them for their abundance and persistence of bloom. Usually lower growing than Hybrid Teas, and somewhat more hardy and robust in growth. Bloom late spring through fall. Hardy all zones, but need protection in zones 3 and 4. Plant 18-24 inches apart in spring or fall.

SEE PAGES 8-9.

Most popular of all roses because blooms are rich in color, perfect in form, usually fragrant, and largest in the rose garden. Bloom late spring through early fall. More tender than some roses, but can be grown with ease in all zones—even in severe climate zones such as 3 and 4 if given ample winter protection. Grow 2-3 ft. tall in most areas. Plant 2-3 ft. apart, spring or fall.

SEE PAGES 4-7

Embraces the finest qualities of Hybrid Teas and Floribundas. Taller than either of these groups, with blooms sometimes as large as Hybrid Teas, but borne in clusters like Floribundas with Floribunda hardiness. Many are very fragrant. Good for the rear of your rose bed. Hardy all zones. Protect like Hybrid Tea Roses. See left. Plant 30 inches apart in spring or in fall.

SEE PAGE 3.

Tree or Standard Roses are grown by budding regular Everblooming Hybrid Roses into a tall, well-rooted stalk to make a plant 4½-5 ft. tall. Make a spectacular display well worth the little extra care they require in colder areas. Hardy in all zones but require careful winter protection zones 5 through 3. Tree roses are shipped for spring planting only. Plant them 5 feet apart.

SEE PAGE 12.

For dramatic displays of color and bloom anywhere in your garden. They vary in height and in season of bloom. Easy to grow in all zones, but need winter protection as outlined in Instruction Booklet sent with each order. This is especially essential in zones 3 and 4. Plant them 2 to 3 ft. apart, in spring or fall. They will bloom next year and every year after, growing more beautiful.

SEE PAGES 10-11.

Cattleya

Cymbidium

Exotic Orchids . . . Developed

PRODUCE SPECTACULAR, FLORIST SIZE BLOOMS WITH
LIMITED EFFORT . . . RIGHT IN YOUR LIVING ROOM

Cypripedium

Now YOU Can Raise Orchids!

Wards Now offer you specially developed Orchid plants for culture in the average home in the United States—plants acclimated to this country and easy to raise with no special equipment, no unusual care.

A bright window area, free from drafts, with direct morning and afternoon sunlight is ideal. Some protection against the burning mid-day sun will be required. For additional humidity, set growing plants on pebbles in a water filled tray or saucer. Normal household temperature range is adequate—from 62° to 70° at night, 75° to 90° during the day, with some variation by Orchid type.

Spectacular results can be achieved if you follow instructions furnished. You'll be amazed at the quality and size of the Cattleya, you'll be thrilled with the multi-flowered sprays of Cymbidiums, the unusual colorings of the Cypripediums and Vandas.

We guarantee safe arrival and ship all plants Postpaid, direct from the Nursery to you. Unless otherwise specified, shipment made any time except the month of December.

Vanda

in the USA for Home Gardeners Everywhere

Unusual Companion Plants for Orchids . . . Each \$3.98

Spathiphyllum and Anthurium—two unusual, tropical type plants that make ideal companions for Orchids, since they need the same temperature range and humid atmosphere. Their brilliant, showy green foliage provide an excellent backdrop for the interesting, modern-style flowers that are unlike any other in shape and habit. Bloom continuously, flowers are long-lasting. Plants shipped are in bud, will bloom in a few weeks; bare root—soil for planting and instructions included. Postpaid.

Spathiphyllum has pale green to white flowers, heart-shaped, with pale yellow to white central "wand."

91 MG 7999—Spathiphyllum Plant. \$3.98

Anthurium is similar to Spathiphyllum, but the heart-shaped flowers are a glossy, brilliant orange-red with white central "wand."

91 MG 7998—Anthurium Plant. \$3.98

Cymbidium—the "spray-type" Orchid, produces 3 to 5-in. blooms that last for weeks. Vigorous, large hybrid plants in flower spike—will produce 8 to 30 buds. Bloom December through May. Colors: pastel shades of Antique Gold, Green, or Pink, and Blush White. Plants shipped in 6-in. plastic pots, have at least 3 mature growths (pseudobulbs). Shipped only Jan. through March. Postpaid.

91 MG 7989—State Color. Each Plant \$11.98
91 MG 7990—Save \$2.00. 1 Pastel, 1 White, both for 21.96

Cymbidium Seedlings. Will bloom in 2-3 years. Bare root, with potting soil (no pot). Colors as above. Postpaid.

91 MG 7987—State Color. Each Plant \$3.98
91 MG 7988—Save \$3. One of each color, 4 plants 12.92

"Grow-Your-Own" Cymbidium. Mature plant, ready to pot for blooms next year. With supersoil. Shipped all year.

91 MG 7992—Save \$2. 1 Pastel, 1 White, 2 plants 13.96

Vanda—the "cluster blooming" Orchid. Predominantly pastel shades, some with markings—some without (no choice). Flowers 2 to 4 in. across, long lasting. Attractive, broad strap-leaf foliage. Mature plants, cut and trimmed, ready for potting. Wonderbark included. Will produce blooms next year.
91 MG 7993—Shipped Postpaid. \$7.98

Orchid Soil, Fertilizer

Wonderbark—the proper potting substance for Orchids. Chopped and screened bark of the white fir, stimulates root growth. Postpaid.

91 MG 7974—1/8 cu. ft. (Pots 4 plants) \$1.79

Wonder-Lizer—the water-soluble plant food, developed especially for Orchids. Contains all needed nutrients in proper quantity. Instructions for use included. Makes 80 gal. for orchids, 40 gal. for other plants. Postpaid. (In jar instead of package as pictured.)

91 MG 7975—6 oz. Jar. \$1.29

Popular Philodendron Family Gives Showy, Tropical-Leaved Beauty

A Philodendron Pertusum. The favorite "Cutleaf" variety that makes a handsome patio or picture window plant. Rapid vining growth, will thrive in most rooms. Does not need direct sun. Leaves are often 1 to 2 ft. long, nearly as broad. Attach to totem pole or support. You get 2 healthy plants, with a total of 6 to 8 leaves, ready to set in 5 to 6-in. pot.

91 MG 7929—Postpaid. . \$3.49

B Philodendron Hastatum. Unusual, arrow-head shaped leaves are leathery in texture, bright green in color. Climbing variety, excellent for planting in tub or pot with "totem pole". Sturdy growth, requires no special care but thrives in moist soil, needs light but not direct sun. You get a healthy plant with 4 to 6 leaves, ready to set in a 5-inch or larger, pot or tub.

91 MG 7943—Postpaid. . \$2.98

C Philodendron Selloum. Extremely ornamental variety that is self-heading, needs no totem pole, does not climb. As leaves form they are only slightly lobed, but as they mature they develop deep, lacy notches. Rich green, tapered leaves often 10 to 18 in. long, nearly as wide at base. You get a healthy plant, with 4 to 6 leaves, ready to set in a 5 to 6-in. pot.

91 MG 7945—Postpaid. . \$2.98

D Philodendron Florida. Deeply cut, glossy green leaves are broad at the base, interesting in form. Sturdy plant climbs on totem pole or other support. Thrives in moist loam soil, diffused sunlight. No special care needed—ideal for any room in the house, or for patio or sunporch. You receive 2 well-rooted plants with a total of 5 to 8 leaves, ready to set in 5 to 6-in. pot.

91 MG 7942—Postpaid. . \$2.98

E Philodendron Panduriforme. Attractive, light green "fiddle" shaped leaf. Grows upright and vines well. Very dramatic in a floor planter or tub, excellent for patio, sun porch, attractive in any room in the house. Needs plenty of light but not direct sun, moderate amount of water; no special care required. You get two healthy, well-rooted plants, with 5 to 8 leaves, ready to set in 5 to 6-in. pot.

91 MG 7930—Postpaid. . \$2.98

Healthy, ready-to-grow plants shipped directly from the Greenhouse to you, all year 'round, weather permitting. We notify you if there is any delay. Pots not included.

Fill Your Home with Easy-To-

Hawaiian Indoor Garden

The lush, tropical beauty of our 50th State now available for your home, shipped directly to you from Romantic Hawaii.

F Hawaiian Coffee Tree. A real coffee plant, grows much like a gardenia with shiny green, rippled leaves. Does not need direct sun, often blooms. Postpaid.

Beautiful Novelty Begonias to Add Extra Interest to Porch or Garden

Basket Begonias 2 for 95¢

J Hanging Basket Begonias. Clusters of double flowers hang in colorful profusion. As lovely as other begonias; larger quantity of flowers makes it outstanding. Ideal for hanging baskets or window boxes. Baskets should be hung in still, wind-free location. To make fuller baskets, pinch off tip of new growth when bud appears. Assorted lovely colors. Sorry, no color choice. Shipped in Spring only. Postpaid.

91 MG 3615—2 for 95¢;... 6 for \$2.55

Picotee Begonia 2 for \$1.00

K Its large rose form and soft two-tone coloring are the most spectacular advances in tuberous begonias today; a result of 20 years of breeding. Double perfectly formed flowers. White with a sparkling edging, varying from bright pink through soft salmon to bright red. Brings highest proportion of well formed flowers. Shipped in Spring only. Postpaid.

91 MG 3619—2 for \$1.00... 6 for \$2.85

Garden Mark

Zonale Geraniums

GIVE CONTINUOUS BLOOM—OUTDOORS IN SUMMER
COLORFUL CHEER FOR WINDOWS IN WINTER

Continuous Bloom Spring to Frost. Big flower heads and richly colored foliage make nice borders, window boxes, porch plantings, terrace plantings or walk linings. Plant in a mass of one color or all the colors together. Geranium colors never clash.

Bloom 3-4 Weeks After Planting. Plant after frost is out of ground. Plants shipped 4 to 8 in. tall, packed in paper pots with root system undisturbed. Easy to grow all zones, but must be brought indoors before killing frost. Instructions for planting come with order.

Excellent Potted Plants Indoors. Young, well established plants shipped by Wards are best for most indoor conditions. For best results, keep room cool at night (55 to 65°), water when dry. (See Pages 49 and 75 for listing of planters and window boxes.)

Geraniums shipped Jan. 1 to June 1; Sept. 15 to Dec. 31. If used indoors, state on your order. If preferred shipping date is not stated, plants will be shipped at proper planting time your area.

Double Flowered Any 4 for \$2.10

L to P Large Double Flowered Zonale Geraniums. (Pelargonium zonale.) Distinctive colors to accent your garden. Vigorous growers on strong stems. All are free flowering. Grow well even in hot, dry areas, and under adverse conditions. Varieties below are popular for bedding.

(L) 91 MG 7953—Snowball. Pure white double blooms make this a lovely plant for your gardens. Contrasts with other colors.

(M) 91 MG 7952—Springtime. Magnificent rosy pink flowers. Profuse blooming.

ALL WARDS NURSERY STOCK SHIPPED POSTPAID FROM NURSERY

14 REASONS Why You Should Buy Garden Mark Nursery Stock

2 Stock is Shipped from Large, Well Established Growers. Wards principal grower is considered to be the largest in the United States, and has been in the nursery stock business for more than 80 years. Our eastern grower is the fourth largest grower, and has been in business for more than 60 years. All Wards growers are active members of the American Association of Nurserymen, and are leaders in their field—using the most modern methods for storing and shipping . . . your assurance of quality Nursery Stock backed by dependable "know-how".

WARDS NURSERY STOCK GUARANTEE

1 Wards guarantee all nursery stock, perennials, bulbs, tubers and roots to grow and to be exactly as represented in our catalog; to be strong and vigorous, free from disease; true to named variety; and to reach you in proper condition for planting. If any Nursery stock you receive does not conform to the above guarantee, Wards will replace it with new stock without charge. The guarantee is limited as follows:

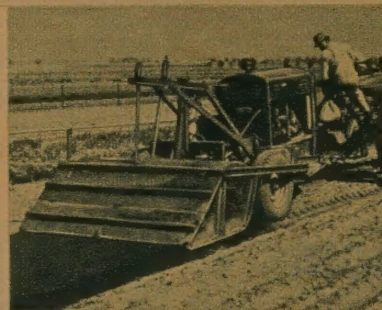

- The Questionnaire printed on the reverse side of the guarantee attached to your return order papers must be filled in completely showing that you have followed the planting instructions.
- This guarantee, together with the packing slip must be sent to us before July 1 following the receipt of shipment. (In Wards Ft. Worth area this should be sent before May 1).
- On items where the catalog clearly indicates that they are not suitable for all zones, Wards do not guarantee the growth of such items in zones not recommended.

As vigorous growth depends upon proper planting, pruning, soil, climatic conditions and other factors over which we have no control, Wards cannot be responsible for the amount of growth nor for the crop, nor for any amount greater than the purchase price.

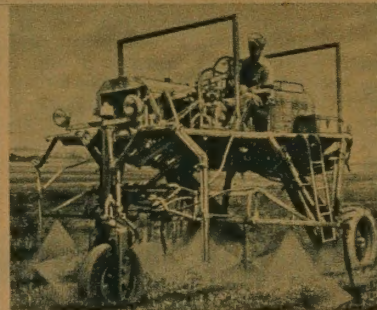

MONTGOMERY WARD

3 All selections are keyed to the new plant hardiness Zone Map, just released by the U.S. Nat'l. Arboretum, Ag. Research Service, U.S. Dept. of Agriculture in cooperation with the American Horticultural Society. This new map is pictured on Page 76, and will aid you in selecting plants best suited to your planting zone . . . helps avoid disappointment. Locate your own zone on the map, keep the number in mind when you read descriptions of plants in this catalog, and be guided accordingly.

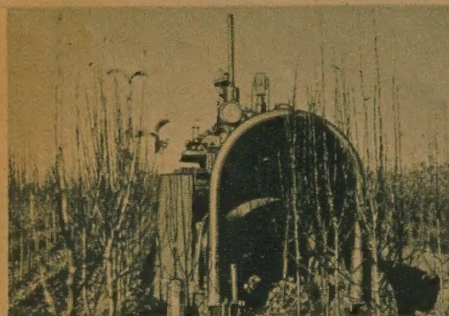

4 Plants have Built-in Grow Power. Vigorous plant growth begins where plants are first grown. Nurseries that ship Garden Mark plants follow a system of crop rotation, fertilization, and mulching; and where necessary, irrigation provides necessary moisture for young plants. Plants are given every opportunity for sturdy root and top growth. Trees, shrubs, and most perennials are field grown and have withstood weather conditions similar to those in your area.

5 All Stock Guaranteed Disease-Free. Wherever Garden Mark stock is grown, every precaution is taken to retain the healthy vigor and cleanliness of the plant. Specially engineered sprayers have been built to spray all sides of young plants. Planes are sometimes employed to dust large areas. It's this kind of attention to every detail that makes Garden Mark stock outstanding and Wards famous nursery stock guarantee (above) possible.

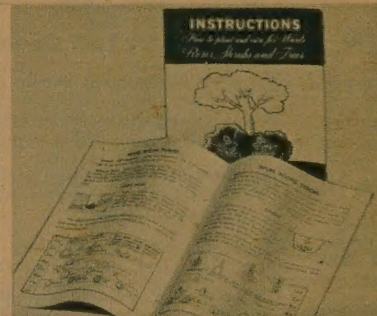

6 Trees Have Been Pruned. Careful pruning while trees are still in the nursery row is necessary to sturdy growth. This is done by carefully trained experts. Fruit trees are "topped" at the correct stage to encourage strong branching. This is important, because weak branches are apt to break in wind just when loaded with fruit. Trees are root pruned and transplanted to allow them to develop.

7 Precious Root Systems are Saved. Careful digging may mean specially designed equipment in some instances, such as the shrub and tree digger shown above. This digger has a 3-ft. cutting blade that operates 18 to 24 inches below the soil surface, guards root systems and helps prevent much of the shock of transplanting.

8 Grades and sizes are Accurate. Garden Mark Nursery Stock is carefully graded according to the standards of the American Association of Nurserymen. You can be sure that whatever you order will be the size stated in this catalog whether that be a tree or a tulip bulb. Size as determined by trunk diameter, number of canes and root development varies with the species.

9 Planting Instructions With Every Order. Garden Mark Nursery Stock comes complete with instructions for planting, pruning and caring for your plants. In this way you get the help of experienced nurserymen in every step from the time you unwrap your package until your plants are permanently planted. Follow this instruction carefully for greatest satisfaction.

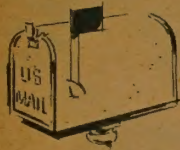

10 FREE DELIVERY on all Garden Mark Nursery Stock. Stock is Shipped Postpaid or Express Prepaid. The price you see in the catalog is the full price, Postage on a few trees would add considerably to the price quoted by those who do not pay postage. Plants are guaranteed to reach you in excellent planting condition at proper planting time in spring or fall.

11

IT'S EASY TO Order from Wards

By Mail

Wards Garden Book is really "America's Largest Garden Shop"—and it never closes. You can shop any time of day or night and choose from hundreds of carefully selected varieties.

By Phone

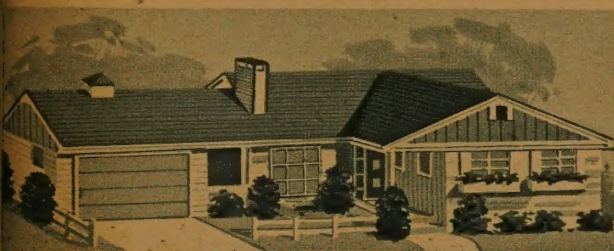

If you live near a Ward Catalog Store, Catalog Sales Department or Retail Store, phone your order, and we will ship postpaid or express prepaid. Add Nursery Stock to your Monthly Payment account.

In Person

Make your selection from the Garden Book at home—then drop in at your Catalog Store or Retail Store Catalog Department to place your order. Your order will be handled promptly for you.

12 Convenient Credit

HELPS YOU LANDSCAPE NOW—PAY LATER

Retail Stores, Mail Order Houses and Catalog Stores are located in every section of the United States including Alaska. They help you choose the plan best for you; once established, your credit is honored at any Ward branch.

1. **Wards Convenient Monthly Plan** provides basic credit—with up to 18 months to pay after a 10% down payment, and with "add-on" privileges on amounts of \$5 or more on open accounts with no additional down payment.
2. **Wards Revolving Charge Account.** Permits you to say "charge it," pay in full in 30 days with no extra charge, or take up to 10 full months to pay with only a small service charge. Either way there is no down payment.
3. **Wards Home Improvement Plan**—no money down and up to 36 months to pay helps you to landscape now.

See Page 23 for Further Details.

All you need to do is make up your order totaling \$5 or more and then write the catalog number and the name and catalog number of the perennial of your choice (from Page 70), and after it write the word.....FREE

"Postpaid" "Prepaid"

HERE'S WHAT THEY MEAN TO YOU IN SAVINGS

All Wards Nursery Stock is Shipped Postpaid or Express Prepaid. This means that the price you see in Wards Garden Book is the total price you pay for Nursery Stock, Bulbs and Seeds.

When you order from Wards you know the total price of your order, and won't be surprised by a large express bill. Wards pay all these postage and express charges:

Wards Nursery pays a minimum of 73c or as much as \$2.16 to ship a collection of from 6 to 8 rose bushes weighing 10 lbs. The cost varies with distance from our nursery.

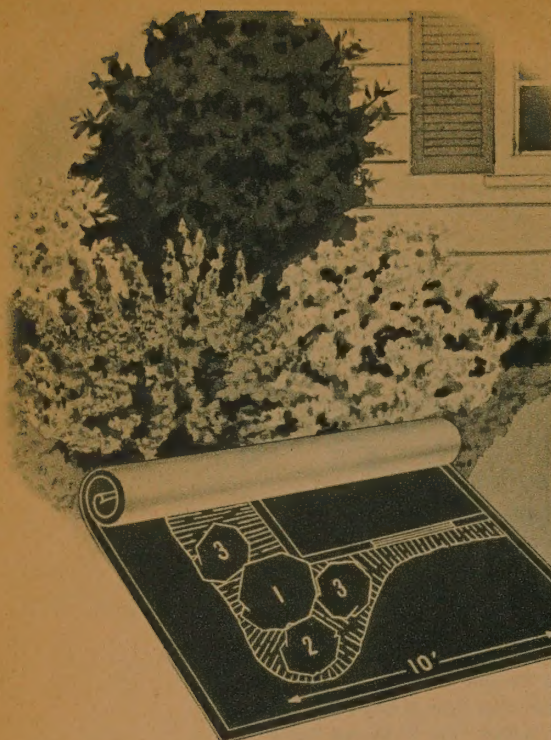

Wards Nursery pays 53c to ship 3 Honeysuckle bushes in 18 to 24-inch size, or 3 Rose Bushes in Grade A if the distance is 151 miles. This cost is even more to ship greater distances.

Wards Nursery pays 83c to ship heavier shrubs such as Old Fashioned Snowball in 18 to 24-inch size for a distance of 151 miles. Here again, the cost is more for a greater distance.

Wards Nursery pays \$2.26 as minimum Express charge on a 6 to 8-ft. size Weeping Willow tree. If this tree is shipped a greater distance the cost is more in many instances.

When you compare prices, remember that Wards nursery pays all postage and express charges. There is no handling or packaging charge. You pay only the printed price plus taxes in states where applicable.

CKSDFBA WARDS 21

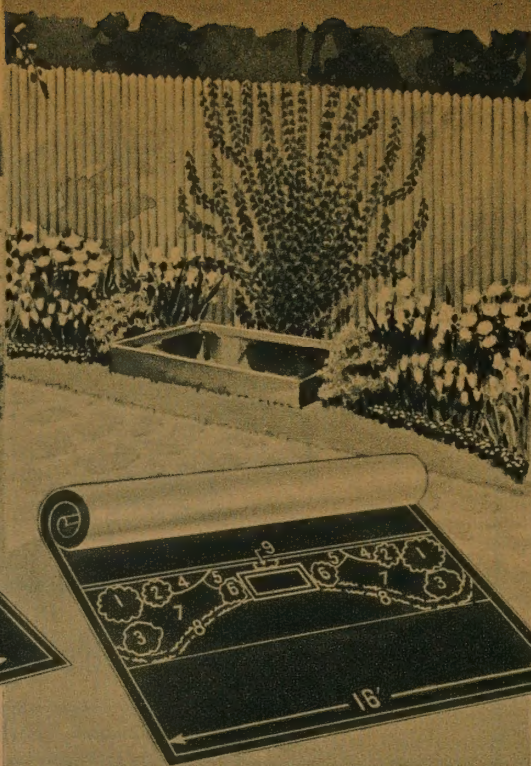

\$10* Add-On Order Buys Colorful Corner Planting For House or Garage

4 Shrubs; 9 Ground Cover Plants

Use this plan to provide a bit of color from early spring through early summer, or even fall. (1) is Mock Orange, Minnesota Snowflake; (2) is Flowering Almond; (3) is Deutzia Gracilis or new Dwarf Deutzia. The plan calls for 5 Dwarf Polygonum ground cover plants to be planted around the front of the shrubs. If you prefer flowers, use Creeping Phlox Crimson Beauty, or for autumn bloom, plant Crimson Lady or Powder Puff Cushion type Chrysanthemums. If you use Mums plant King Alfred Daffodils and Muscari or Crocus for spring bloom, too.

*Exact total price of plants may vary by area.

\$10* Add-On Order Buys Fence Line Flower Border

10 Perennials; 1 Hardy Vine; 2 Shrubs;
2 Floribunda Roses; 18 Tulip Bulbs; Seeds
Provides Color Spring through Fall

This border, planned to set off a tiny pool, has been designed to give you most bloom at least cost. (1) is Pink Flowering Almond; (2) is Balloon Flower; (3) is Floribunda Rose; (4) is tall growing Chrysanthemum; (5) is Dwarf Iris—about 4 plants; (6) is Blue Mist Spirea. Fill in area (7) with 18 Tulip Bulbs followed by Zinnias to be planted from seed. Plant a border (8) of Sweet Alyssum Seeds; and use a Hardy Ivy for (9) in back of the little pool. Buy 2 plants each unless otherwise indicated above. Later, area 7 may be filled with perennials.

*Exact total price may vary by area.

\$20* Easy Payment Order Buys Shrub Border or Yard Corner Planting

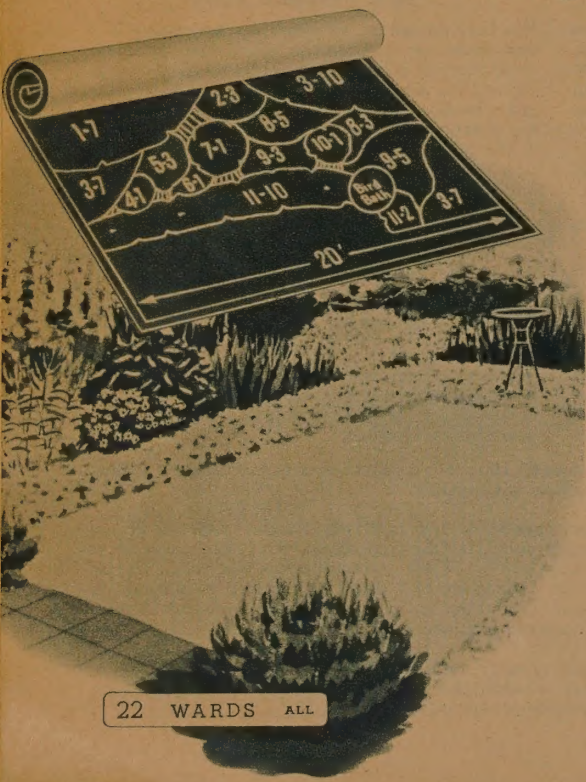

18 Flowering Shrubs; 1 Flowering Tree

Multiply this border to cover the length of your lot and enjoy colorful bloom from spring through fall. (1) is White Dogwood or Radiant Crab; (2) is Forsythia; (3) is Beauty Bush; (4) is Double Althea Rose of Sharon; (5) is Purple Plum. If you repeat the border you may choose other tall plants as accents for this spot. (6) is A. G. Hydrangea or new Dwarf Mock-orange; (7) is Potentilla Farreri. If you multiply the border you may use alternate varieties of Althea. White dotted line shows portion of border in sketch. Buy one plant for each area.

*Exact total price of plants may vary by area.

See Index on Page 77 for Garden Mark  GUARANTEED plants mentioned in plans on these two pages.

\$100* Revolving Charge Order Buys Complete Planting

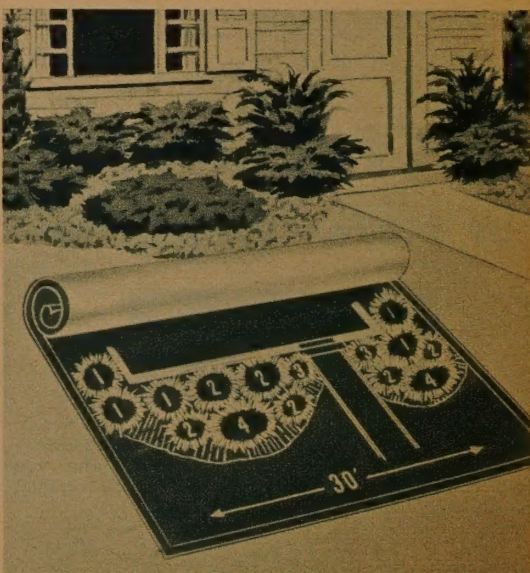

A Complete Home Planting for \$100? Yes, Wards have carefully chosen trees, shrubs, perennials and bulbs to provide a satisfying beginning for the new home owner. The plans outlined below will show you how.

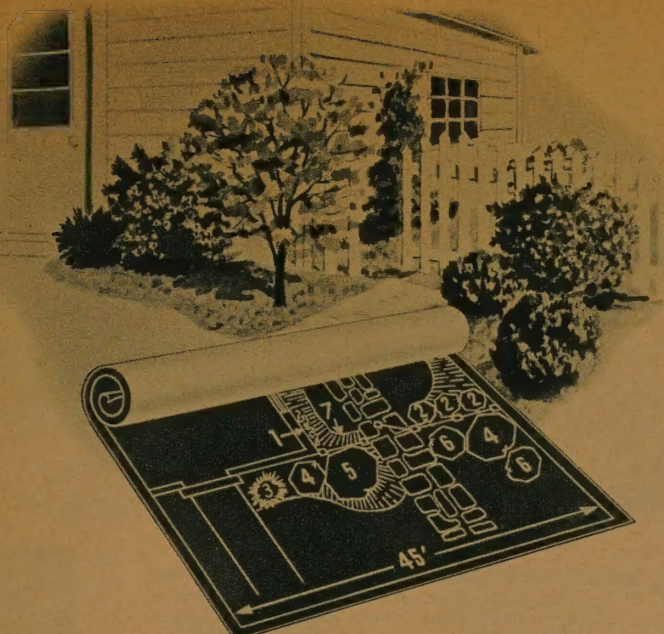

Back Yard Perennial Border (see at left). Repeat the 20-ft. border or sections of it to suit your purpose. (1) is Delphinium, Summer Skies; (2) is Regal Lily; (3) is Tall growing Phlox; (4) is Pink Balloon Flower; (5) is Veronica; (6) is Marconi Shasta Daisy; (7) is Buddlea Pink Dawn; (8) is Hardy Chrysanthemum—your choice of color, but not more than four varieties; (9) Tall Bearded Iris in your choice of color in 2 varieties; (10) is Baby's Breath; (11) a border of Million-Mums planted alternately with groups of Daffodils (total of 72 Daffodils) and Tulips (total of 138). Foreground shows Mugho Pine on each side of patio. Numeral following key, indicates number of plants to buy for each area.

Evergreen Foundation Planting (see at right). You will readily find ways to adapt this group to your own needs. Remember to keep low shrubs in front of windows; taller varieties at the corners. (1) is Hicks, (Upright) Yew; (2) is Pfitzer Juniper; (3) is Savin Juniper; (4) is Creeping Juniper. Plant the area between the evergreens with a ground cover of Vinca Minor (12 plants). For early spring color you may add Daffodils between evergreens. The \$100 allowance will permit you to add 2 trees: Moraine Locust and Magnolia Soulangiana. To be planted where most suitable.

*Exact total cost of plants may vary by area.

1 Fast Growing Shade Tree, 1 Flowering Tree
17 Coniferous Evergreens for all Year Beauty
12 Ground Cover Plants To Ease in Gardening
64 Hardy, Easy-to-Grow Perennial Plants
220 Hardy Bulbs For Gay Spring Bloom

\$20* Easy Monthly-Payment Order Buys Entrance or Driveway Planting

14 plants in a wide variety, plus seeds.

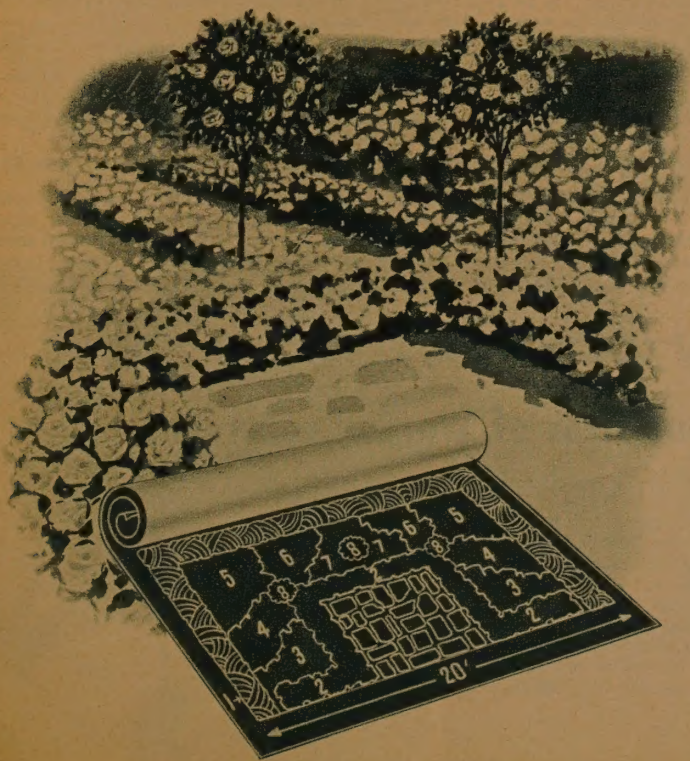

This planting is just as effective if you adapt it to a side drive. (1) is Hardy Ivy against the wall; (2) is Dr. Nicolas Climbing Rose (planted on the far side of the fence); (3) is Mugho Pine; (4) is Weigela Rosea or Purple Leaf Plum shrub; (5) is Magnolia Soulangeana or Irene Flowering Crab; (6) is Dwarf European Cranberry shrub or new Dwarf Mockorange; (7) is a border of annual flowers of your choice and may be filled later with perennials. Group provides spring and summer color with the pine remaining green all winter.

*Exact total cost may vary by area.

\$100 Home-Improvement Order Buys Beautiful Formal Rose Garden

52 Rose Bushes; 3 Tree Roses; 25 Hedge Plants

The varieties were chosen for this garden to give you a wide variation of color, and a long season of bloom. You may also adapt the plan to a garden of all Hybrid Tea Roses. The rose varieties listed below are all Floribundas. (1) is the border of Clavey's Dwarf Honey-Suckle (25 plants); (2) is an inner border of Eutin—a red Floribunda (15 plants); (3) is Goldcup; (4) is Circus; (5) is Fire King—1960 AARS Winner; (6) is Ivory Fashion; (7) is Betty Prior. Buy 3 plants each for areas 3 through 7. (8) Indicates Tree Rose in whatever color you prefer. We suggest, however, that you buy all 3 of one variety for best effect. *Exact total cost may vary by area.

3 Easy Ways TO LANDSCAPE NOW AND PAY LATER

JUST SAY "CHARGE IT"

- Pay in 30 Days . . . No Service Charge
- Or Extend Payments Over Many Months

1 With a Ward Revolving Charge Account, you can order and just say "Charge it." If you pay in full within 30 days, there is no service charge. Or you can extend payments over many months, with a small service charge. In either case, there is NO DOWN PAYMENT. With a Revolving Charge Account, there's no postage costs to figure; Wards figure them for you, and include them in your account. And no pick-up delays when you call for your order; all you do is show your Revolving Charge Plate. Wards send you a statement each month, to let you know where you stand, with copies of your sales-checks. To open an account, use the Application and Credit Agreement in any Ward General Catalog or Sale Book.

REGULAR MONTHLY PAYMENT PLAN

- 10% Down; Up to 18 Months to Pay

2 With a down payment of just 10%, you can order almost anything Wards sell. Monthly payments are as low as \$3.00. You have as long as 18 months to pay. It's easy to open a Ward Monthly Payment account:—Just write your order in the usual way. (Initial order must be a minimum of \$20.00.) Turn the order blank over, and have it filled in and signed by head-of-household. Write check or money order, and mail. And no down payment on add-ons. Just write "Add this to my account" on your order, and sign add-on form on reverse side of order blank.

HOME IMPROVEMENT PLAN

- No Money Down; Up to 3 Years to Pay

3 Wards offer extra-convenient terms on any \$100-or-more purchase of lawn seed, flower bulbs, trellises, insecticides, weed killers, fertilizers, and any plant materials except berry and vegetable plants and bushes. Also, on almost everything you need for modernizing and improving your home. You may include (up to 50% of total sale) any appliances that are a component part of a home-improvement project. Needed tools, too, may be included, up to 10% of total sale.

See Wards Big General Catalog for Complete Terms and Details on each of Wards convenient Credit Plans.

Garden Mark Foundation Planting for Cold Climates. Includes one Upright Yew (in 12 to 15-inch size); and two spreading Yew (in 9 to 12-inch size). A simple, beautiful planting for sun—part shade or full shade. Excellent for north side of house. For description and planting information see individual listings below.

91 MG 7250—Shipped Postpaid in Spring or Fall..... All 3 for \$10.75

Garden Mark Special Doorway Planting. You save 13% over individual prices below. Includes 1 each of Pfitzer Juniper and Pyramidal Arborvitae (in 12-15-inch size); and 1 Mugho Pine (in 9-12-inch size). Plant spring or fall. See description below.

91 MG 7252—Shipped Postpaid.... All 3 Evergreens \$8.10

Garden Mark Special

Garden Mark

Evergreens for Year 'Round Beauty

FIELD GROWN 4 TO 5 YEARS—TRANSPLANTED 3 TO 5 TIMES

(A TO F) JUNIPERS. Most useful of all evergreens for planting around homes and small grounds. Include both tall accent and low-growing types. Withstand extremes of cold and heat as well as exposure to wind and sun. Hardy in all zones except as noted. Prefer open, sunny location and light soil. When grown in heavy soil it may be well to add sand and lime. Plant in spring or fall.

(A) Irish Juniper (*Juniperus communis hibernica*). Medium growth—usually 6 to 8 ft. Handsome spire-like form with attractive glossy blue-green foliage. Particularly good for framing doorways or formal plantings. Good accent tree. Somewhat tender in severe climates. Protect from snow damage and from heavy wind.

91 MG 7212—15-18-in. size. Shipped Postpaid.....Each \$2.95; 2 for \$5.65

(B) Spiny Greek Juniper (*Juniperus excelsa stricta*). Medium growth—grows 4 to 5 ft. Broad at the bottom, tapering to point at the top. Erect branches. Beautiful blue-green foliage—spiny with sharp points. Slow growing but makes an extremely dense growth in a formal shape that is valuable in landscape planting. Good rock garden or accent plant. May be kept low by trimming.

91 MG 7214—12-18-in. size. Shipped Postpaid.....Each \$3.25; 2 for \$5.95

(C) Savin Juniper (*Juniperus sabina*). Low growing—about 3 to 4 ft. Semi-upright spreading vase shape. Horizontal branches, dense, dark green foliage. Low foundation plant. Thrives even in city smoke. Hardy zones 10 through 5.

91 MG 7202—12-15-in. size. Shipped Postpaid.....Each \$3.25; 2 for \$5.95

(D) Pfitzer Juniper (*Juniperus chinensis pfitzeriana*). Low growth—about 3 ft. Spreads to about 6 ft. Frosty gray-green foliage. Long graceful irregular branches. A beautiful irregular evergreen for your landscape. One of the fastest growing, most spectacular evergreens. One of the most important of all evergreens for foundation planting. This variety is particularly useful because it will thrive in sun or part shade. Popular for foreground in group planting. Will stand crowding and the smoke and dust of cities. Easy to trim.

91 MG 7201—12-15-inch size. Shipped Postpaid.....Each \$3.40; 2 for \$6.25

(E) Creeping Juniper (*Juniperus horizontalis*). Low growing—grows 8 to 10 in. high. Spreads to about 4 ft. long. Long branches radiate from plant and creep along ground. Blue-green foliage. Ideal for terrace planting. Particularly suited for planting under low picture windows, for facing tall evergreens, or for foreground planting. Will trail down low walls. Extra hardy. Thrives even in sandy soil.

91 MG 7222—9-12-in. spread. Shipped Postpaid.....Each \$2.60; 2 for \$4.70

(F) English Juniper (*Juniperus communis*). Grows 6 to 8 ft. Upright pyramidal. Deep green foliage changes to dark blue-green in winter. Will thrive even in dry, rocky places. Size of this evergreen and its growth habits make it an ideal selection for a foundation planting. Hardy zones 10 through 7.

91 MG 7520—12-18-inch size. Shipped Postpaid.....Each \$2.65; 2 for \$4.95

(G H J) ARBORVITAE (*Thuja*). Erect branches with sprays of flat, lacy foliage. Stands trimming. Needs full sun, good moisture. Hardy all zones if sheltered from wind. Not for smoky or dusty areas. Plant in spring or fall.

(G) Berckmann's Golden Arborvitae (*Thuja orientalis aurea nana*). Medium growing—usually grows to 6 ft. Bright green compact foliage shading to rich golden colored tips in summer. Retains shape without pruning. Adds touch of unusual color to your evergreen planting. Hardy zones 10 through 6.

91 MG 7216—12-15-in. size. Shipped Postpaid.....Each \$3.95; 2 for \$7.25

(H) Pyramidal Arborvitae (*Thuja occidentalis pyramidalis*). Tall growing—about 25 ft. Dark green foliage is so compact the tree seems to have solid center. Grows in perfect pyramidal shape and doesn't require pruning. However, this tree may be trimmed and kept to any height, even as a hedge. Fast growing, makes a good size tree in a relatively short time. Beautiful tall accent in landscape planting. Rarely more than 2 ft. in diameter. Thrive in cool, moist areas.

91 MG 7213—12-15-in. size. Shipped Postpaid.....Each \$2.85; 2 for \$5.25

(J) Globe Arborvitae (*Thuja occidentalis*). Usually grows 3 to 5 ft. Attractive natural globe shape. Closely packed erect branches. Sprays of flattened foliage. Trims to almost any size. Shelter from heavy wind.

91 MG 7210—9-12-inch size. Shipped Postpaid.....Each \$2.60; 2 for \$4.75

(K L) YEWs. (Often called *Taxus*). Beautiful dense foliage is flat, waxy, and glossy; and is rich, deep green in color. Easy to trim. May be pruned to any form. Make ideal hedges. Unsurpassed for foundation planting or as specimen plants. Thrive in almost any soil, but prefer rich, deep, well-drained, loamy soil. Plant in sun, part shade or dense shade. Popular because they are comparatively free from insects and disease. Plant in spring or fall.

(K) Spreading Yew (*Taxus cuspidata*). Usually grows to 3 ft. and spreads to 10 ft. if not trimmed. Can be pruned into a compact form or made into a hedge. Slow growing. Thrives even in rocky soil. Hardy in all zones.

91 MG 7215—9-12-in. size. Shipped Postpaid.....Each \$4.15; 2 for \$7.85

(L) Upright Yew (*Taxus*). Tall growing—grows to 10 ft. Branches point up in columnar form, but can be pruned into different shapes, such as globe, column and hedge. Especially good hedge plant where little space is available. Resists heat. Especially for corner planting. Hardy in zones 10 through 4.

91 MG 7217—12-15-in. size. Shipped Postpaid.....Each \$3.95; 2 for \$7.60

(M) MUGHO PINE (*Pinus mugo mughus*). Usually grows 2 to 3 ft. Spreads to about 3 ft. Compact ball of long stiff dark green needles. In spring, new growth looks like little candles. Does well in almost any soil. Will grow in partial shade. Hardy in zones 10 through 4. Plant in spring or fall.

91 MG 7207—9-12-inch size. Shipped Postpaid.....Each \$3.10; 2 for \$5.75

To plant the proper variety for your area, see the new plant hardiness Zone Map, Page 76. This map was recently issued by the U.S. Dept. of Agriculture, the U.S. Arboretum Research Service in cooperation with the National Horticultural Society.

Planning Your Planting

Keep your foundation planting simple in color and line with not more than two or three different textures and forms. Choose one or two high points near door or corners and group lower plants around it. In a corner planting, work outward from the corner. Choose varieties that will remain low for planting under windows. Use some low plants to get a variety of mass, but don't let plantings consist of a jigsaw line. Only healthy, fresh-dug trees are sent. Complete instructions for planting and watering are included with every nursery stock order from Wards.

24 WARDS BA

About Sizes of Wards Evergreens

Pictures above and on Page 27 indicate the shape and form of the trees when mature. When you order from this page or fall growing evergreens from Pg. 27, trees will be size stated in description (as measured from ground level to the top) and will look like those pictured at the right. Field grown, 4 to 5 years old, transplanted and root pruned. Larger, fuller, more heavily branched than seedlings on Page 26, and will develop into shapely landscape specimens. When you receive Wards evergreens, the roots will be wrapped in special protective packing, which keeps them fresh for several days. See Guarantee, Page 20.

Save—Buy 100 Trees

You can afford to plant liberally at prices like these; only 5¼¢ each for Chinese Elm; 5¾¢ each for Osage Orange; 9½¢ each for Green Ash; 10¼¢ each for Russian Olive, all in lots of 100. See price chart below for big savings.

4 Reasons for A Windbreak . . .

1. Prevent Costly Soil Erosion; Keep Land Productive, Fertile.
2. Protect Driveway from Snow; Makes Winter Cleaning Easier.
3. Protect Buildings from Cold; Save on High Heating Costs.
4. Protect Yard from Hot, Soil-Drying Winds; Summer Heat.

Garden Mark

SAVE on Russian Olive Seedlings

10¼¢ Each—12-18 in. in lots of 100

- Wind and drought resistant
- Hardy even in cold climates
- Reaches height of 20 feet

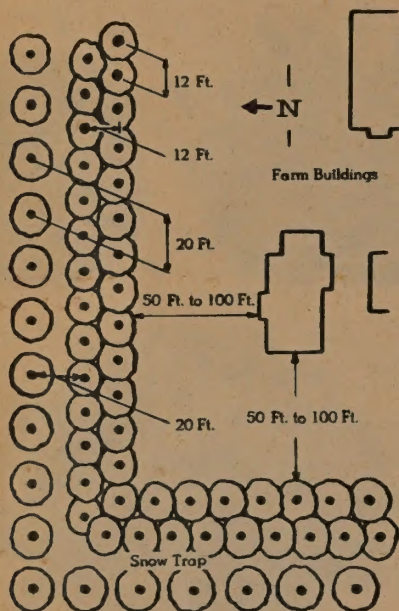

(*Elaeagnus angustifolia*.) One of the finest small hardy trees for screen planting. Grows to about 20 feet tall, and is graceful and irregular in shape. Silver-gray-green foliage makes it perfect to plant with shrubs that have red or purplish foliage. It's wind resistant, drought resistant, and extra hardy even in the coldest climates. Branches have a few spines thus making it a good barrier. Thrive even in dry sites. Hardy in zones 10 through 3. For screen plant 6 feet apart spring or fall.

91 MG 5618—12-18-in. size. Shipped Postpaid.

25 for \$3.40 50 for \$5.75 100 for \$10.25

91 MG 5820—3-4 ft. size. Shipped Postpaid.

Each \$1.95 2 for \$3.50

How to Plan Your Windbreak

Location of your windbreak will depend on the direction of the prevailing cold or hot winds; normal snow-fall in your area; buildings, orchards, or crops to be protected. Plant at least three rows of trees, as pictured above, being sure to plant far enough away from buildings to avoid snowdrifts around the buildings. Inside rows, nearest the buildings, should be 12 ft. apart, with the trees 12 ft. apart in the rows. Outside row should be 20 ft. from the inside row, with trees 20 ft. apart in row. For Evergreen windbreak, plant two rows 20 ft. apart, with trees 20 ft. apart in the rows. The third row should be 25 ft. from inside rows with trees 25 ft. apart in the row.

Protect Your Tree Investment

It takes two years to establish a new tree—in those two years, proper care is important. Stakes (Page 44) help the tree grow straight—protect it from wind damage. Tree wrap (Page 44) protects the bark—keeps the young tree from drying out and prevents animals from chewing on the bark.

Plant Trees for a Windbreak

PROTECT LAND FROM WIND AND SNOW, PREVENT SOIL EROSION

Shade Tree Seedlings

25 for \$185 to \$575—Postpaid

Evergreen Tree Seedlings

10 for \$320 to \$435—Postpaid

Many farmers believe that a windbreak for feed lot, barn, and poultry house pays for itself. It will also prevent hot winds from sapping moisture from the ground, prevent erosion and protect from snow. Plant spring or fall except as indicated.

A Chinese Elm. Described on opposite page.

C Lombardy Poplar. Described opposite page.

Silver Maple is described on Page 28.

American Elm. (*Ulmus americana*.) Stately tree of great size. Vigorous rapid grower. Spreading branches. Yellow fall foliage. Hardy all zones.

Black Locust (*Robinia pseudoacacia*.) Grows to 50 ft. Makes a thorny barrier or hedge row. Fine for fence posts. Drought-resistant. Hardy zones 10-4.

Green Ash (*Fraxinus lanceolata*.) Grows rapidly to 40 ft. Thrives in dry area. Hardy all zones.

Osage Orange (*Maclura pomifera*.) Grows to 30 ft. Makes shrubby fence. Hardy zones 10 through 5.

Black Walnut. (*Juglans Nigra*.) Tall majestic tree with beautiful foliage. Hardy zones 10 through 5.

Have all the advantages given at left, plus thick all-year foliage to provide extra winter protection. Good for conservation of heat in cold climates—cuts fuel costs and protects stock. Adds all year beauty. Good background for other plantings. Good for roadway planting or to line a driveway. Young seedlings are sturdy and well-rooted. Roots are puddled and wrapped in damp moss which keeps them fresh longer. Plant spring or fall. Shipped Postpaid.

B Norway Spruce. Description is on opposite page. Smaller windbreak size is given below.

D American Arborvitae. (*Thuja occidentalis*.) Grows to a height of about 25 feet. Makes an attractive pyramidal shape. Foliage is flat and lacy looking, bright green in color. Excellent as a hedge because of its slow growth. Does best in moist soil in cool and sunny locations, but will stand some shade.

Austrian Pine. (*Pinus nigra*.) Grows to about 40 feet at maturity. Fast growing. Good even in smoky city areas. Graceful sweeping branches give it an impressive, attractive form. Extra long dark green needles are 4 to 6 inches. Tree will thrive even in poor soil, but will need full sun for best growth.

Note: Black Hills Spruce, Colorado Spruce, and Red Cedar are all described on the opposite page. Smaller seedling size is given below.

CEDAR, HEMLOCK, PINE AND SPRUCE—GROW TO 40 FT. TALL

Pine Trees \$1.49 to \$4.75—Postpaid

Austrian Pine. (*Pinus nigra*.) Grows to 40 ft. in height. Fast growing, often 6 to 8 in. a year. Attractive, silvery green foliage; graceful, sweeping branches add beauty to yard. Extra long dark green needles are 4 to 6 in. long. Forms a majestic tree that is tolerant to dust, smoke, salt spray. Grows in most soils. Best in zones 7 through 3. *Shipped Postpaid.*

91 MG 7208—18 to 24-in. size. Ea. \$4.75; 2 for \$8.85

Ponderosa Pine. (*Pinus ponderosa*.) (Not pictured, but similar to above.) Grows to 30 feet. Best tall pine for south. Grows rapidly after 6 feet. Compact, green needles. Best zones 10 through 7. *Shipped Postpaid.*

91 MG 7517—12-18-in. size. Ea. \$1.49...2 for \$2.79

Red Cedar Each \$2.05—Postpaid

Red Cedar. (*Juniperus virginiana*.) Grows to about 30 feet. Rapid and upright in growth. Can be easily trimmed to any size or shape. Gray-green foliage turns reddish-purple in fall. Makes a good tall accent in the landscape especially in fall color. Dramatic touch for the corner of a house. Thrives in almost any soil or location, but does best when there is plenty of circulation of air and full sunlight. Hardy in all zones. *Shipped Postpaid* from Nursery. See Page 21.

91 MG 7203—12-15-in. size. Ea. \$2.05...2 for \$3.40

All Wards Evergreens are guaranteed to reach you in proper condition for planting. See Page 20. Evergreens on this page may be planted in spring or fall. Wards Nursery Stock is Shipped Postpaid direct from Nursery.

Canadian Hemlock Each \$5.25—Postpaid

Canadian Hemlock (*Tsuga canadensis*.) Grows to 40 feet. Flat, feathery foliage; decorative small cones. May be severely pruned; often used for hedges. 15 to 18-in. size. Best for zones 8 through 5. *Shipped Postpaid.*

91 MG 7238—Each \$5.25...2 for \$9.95

Spruce Trees \$2.35 to \$3.75—Postpaid

Black Hills Spruce. (*Picea glauca densata*.) Grows to about 30 feet. Heavy thick green foliage with bluish tint. Compact and symmetrical. Handsome evergreen makes a beautiful outdoor Christmas tree. Good for seashore planting or windbreak. One of the hardiest Spruces. Rapid growing. Thrives in almost any soil. Hardy all zones. *Shipped Postpaid.* See Page 21.

91 MG 7205—12-15-in. size. Ea. \$2.50...2 for \$4.50

Norway Spruce. (*Picea abies*.) Grows to about 35 feet. A perfect pyramidal shape with lustrous dark green foliage makes it very ornamental looking. Thick branching; graceful. Very fast growing. Thrives in almost any soil or location, but does best in moist soil. Good as lawn planting. May be used as a windbreak in dry areas. Hardy all zones. *Shipped Postpaid.*

91 MG 7209—12-15-in. size. Ea. \$2.35...2 for \$4.15

Colorado Spruce. (*Picea pungens*.) Grows 25 to 30 feet tall. One of the most popular and beautiful evergreens. Attractive bluish-green foliage when mature. Best in moist sandy loam, cool climate. For sun or part shade. Slow growing. Very hardy in all zones. *Shipped Postpaid.*

91 MG 7204—9-12-in. size. Ea. \$3.75...2 for \$6.95

Christmas Holly Each \$2.15—Postpaid

(*Ilex opaca howardi*) or Howard's holly. Dark, glossy green foliage, some spines. Red berries remain all winter—beautiful contrast with foliage. Compact, vigorous—grows to 45 ft. May be sheared for hedge. Makes handsome landscape planting also. Plant in sun or light shade, in moist acid soil, spring or fall. Size 12-15 inches. 91 MG 7522—Zones 10 through 6. *Shipped Prepaid.* Each...\$2.15...3 for \$5.80

Dwarf Youpon Holly. (*Ilex vomitoria compacta*.) (Not pictured.) Small, compact, grows 2 to 3 ft. tall, may be sheared. Tiny clusters of flowers followed by small scarlet berries. Any soil, needs some shade, high humidity. Plant spring or fall. Size 8-10-in.

91 MG 7539—Zones 10 through 7. *Shipped Postpaid.* Each...\$1.98...3 for \$5.35

- Low cost tree for large scale planting.
- For driveway, property divisions, screens.

(*Populus nigra thevestina*.) Valuable tree because of its rapid growth and stately, columnar form. Tapering, vertical branches make tree attractive and ornamental. Excellent for screen or landscape accent. For screen, plant 6 feet apart for best results.

91 MG 5804—Hardy in zones 10 through 4.
6-8 ft. *Prepaid Exp...* Ea. \$2.25...2 for \$4.10
8-10 ft. *Prepaid Exp...* Ea. 2.95...2 for 5.40

Chinese Elm Each \$2.85—Postpaid

(*Ulmus pumila*.) Fast growing, desirable shade tree often 25 feet high 5 years after planting. Its dense head of dark green foliage comes early, lasts well through drought and heat, even in smoky city. Long lived. Plant 12 ft. apart.

91 MG 5801—Hardy in all zones.
5-6 ft. *Postpaid...* Each \$2.85...2 for \$5.45
6-8 ft. *Prepaid Exp...* Each 3.95...2 for 7.50
8-10 ft. *Prepaid Exp...* Each 5.50...2 for 10.25

See Pages 28 and 29 for more shade trees.

Economy Size Trees

5 for \$1.60 to \$2.60 3-4 ft.

These smaller trees are shipped at an earlier stage of development. They are not as well branched nor as heavily rooted as trees described on Page 28 and above, but are larger or more fully branched and rooted than seedling trees described on opposite page. They will grow into lovely trees. Yet the difference in price between these and larger size trees will represent a substantial savings. For a screen, plant trees 6 feet apart; for a windbreak, plant trees 12 feet apart. See "How to Plan a Windbreak" on opposite page. *Shipped Postpaid in spring or fall.* All trees are shipped direct from the Nursery. State Catalog Number, Quantity and size wanted.

See Descriptions of Elm and Poplar Trees Above.

91 MG 5630—**Chinese Elm.** *Shipped Postpaid.*
3-4 ft. 5 for \$1.60...10 for \$2.85...25 for \$5.25
4-5 ft. 5 for 2.45...10 for 4.65...25 for 9.95

91 MG 5631—**Lombardy Poplar Whips.** Not branched. Excellent for narrow screen. *Shipped Postpaid.*

91 MG 5827—Clump Birch. FREE.

Moraine Locust. (*Gleditsia tricanthos* "Moraine".) Ultimate height 40 ft. One of the finest trees for lawn and shade. May be used as street tree if lower branches are trimmed. Thornless, seedless, and fast growing. Reaches about 25 ft. in 10 years. Broad, rather loose but graceful head with lacy foliage that filters light to encourage lawn beneath it. Lets in breezes. Long lived. Withstands wind, drought, and snow damage, imperfect drainage and city conditions. Plant Pat. 836. Shipped in spring only. Size listed is whip or lightly branched tree. Hardy zones 10-4. *Postpaid*.

91MG5814—5-6-ft. size. Ppd. Ea. \$6.75; 2 for \$12.50

Moraine Locust

Hybrid Elm. (*Ulmus hybridi*.) Fastest growing tree in United States. Often grows 8 to 14 ft. tall in 1 year. Ultimate height about 45 ft. Budded on Chinese Elm roots, and combines beauty and permanence of American Elm with the fast growth of Chinese Elm. However, this Elm is faster growing and longer lived than Chinese Elm. Withstands extremes of weather. A recent introduction, but observation indicates that the variety is highly resistant to serious elm diseases.

91 MG 5802—Hardy all zones. *Postpaid*. 6-8-ft. size. Each \$5.75; 2 for \$10.95

Hybrid Elm

Buy Quick Shade Here

Trees in this group grow 25 to 35 ft. tall first 10 yrs.

EACH \$4.15 TO \$6.75 *Postpaid*

Sycamore

Sycamore. (*Platanus*.) Also known as American Plane Tree. Ultimate height 75 ft. Often grows to 35 ft. in 10 years. Makes a large tree with broad round head, dark green foliage. Does well even in city conditions, but requires ample moisture.

91 MG 5809—Hardy zones 10 through 5. 6-8-ft. size. *Express Prepaid*. Each. \$5.75; 2 for. \$10.95

Silver Maple

Silver or Soft Maple. (*Acer saccharinum*.) Ultimate height 50 ft. Fastest growing Maple. Usually reaches about 25 ft. in 10 years. Leaves silvery underside, turn yellow in fall, makes colorful spectacle. Excellent street tree. *Shipped Prepaid Express*.

91 MG 5810—Hardy zones 10 through 4. 6-8-ft. size. Each \$4.15; 2 for \$7.85 8-10-ft. size. Each 5.85; 2 for 10.85

Clump of White Birch. (*Betula*.) Ultimate height 25 to 30 ft. Consists of 4 trees to be planted as clump or individually. A handsome, spreading tree that grows more beautiful every year because bark turns white as it ages. Yellow fall foliage. Not shipped after May 1. No fall shipments.

91 MG 5827—Hardy zones 10 through 4. 2-3 ft. *Postpaid*. Bundle of 4, \$2.15 2 bundles *Postpaid* for. 3.85

Clump White Birch

Improved Hybrid Blue Ash

Improved Hybrid Blue Ash. (*Fraxinus quadrangulata*.) Ultimate height of about 40 ft. A handsome tree with compact, globe shaped head 20 to 30 ft. across. Bluish green foliage turns pale yellow in fall. No bloom or seed pods to litter street. Withstands severe weather conditions.

91 MG 5819—Hardy zones 10 through 3. *Postpaid*. 5-6-ft. whip. Each \$3.75; 2 for \$7.20

Variegated Maple

★ **Variegated Maple.** (*Acer plantanoides variegatum*.) Ultimate height 40 to 50 ft. Lovely silver edged foliage makes this maple an outstanding ornamental. Center of leaf is green, narrow margin is nearly white. Makes a rounded, compact tree that provides dense shade. Excellent to shade patio or terrace. Fine street tree. Trees shipped are whips. 91 MG 5821D—Hardy all zones. 5-6-ft. whip. Ppd. Each. \$5.75; 2 for \$10.95

Pin Oak

C

Tulip Tree

B

Hard (Sugar) Maple

A

A

B

C

A ★ Sugar or Hard Maple. (*Acer saccharinum*.) Ultimate height 60 to 75 ft. One of the most valuable trees, and one of the most colorful—turns scarlet, orange, yellow to provide spectacular brilliance in the fall landscape. Makes a large tree with ascending branches. Very resistant to storm damage. Thrives best in rich, well drained soil. Sap is the source of Maple Syrup. Long-lived, even in the city.

91 MG 5805 D—Hardy all zones. Shipped Prepaid.

5-6-ft. size.....Each \$5.75; 2 for \$10.75

6-8-ft. size.....Each 6.95; 2 for 13.50

B Tulip Tree. (*Liriodendron tulipifera*.) Ultimate height about 75 ft. A beautiful, well-formed pyramidal tree that is very ornamental in all seasons. Showy, tulip-like flowers of orange-yellow. Large dark green leaves turn yellow in the fall. May be planted close to house. Not shipped after May 1. Hardy zones 10 through 5.

91 MG 5817—Shipped Prepaid.

4-5-ft. size.....Each \$3.15; 2 for \$5.75

C ★ Pin Oak. (*Quercus palustris*.) Ultimate height about 50 ft. A most attractive tree, pyramidal in form. May be late in leafing out the first season, but once established is the fastest growing member of the Oak family. Shiny green leaves turn scarlet in the fall. Thrives in average soil. Valuable as a street or lawn tree. Shipped in spring only.

91 MG 5808 D—Hardy all zones.

Bolleana Poplar

F

Cutleaf Weeping Birch

E

Weeping Willow

D

D

E

F

D Weeping Willow. (*Salix blanda*.) Ultimate height 20 to 50 ft. Magnificent and wide-spreading. One of the hardiest and most beautiful of all weeping willow trees. Branches gracefully droop to ground, long, finely toothed leaves are bluish green. Thrives best where soil is moist. Tolerates smoke and dust of the city. Available to May 1, also in the fall.

91 MG 5815—Hardy all zones.

5-6-ft. Prepaid.....Each \$3.10; 2 for \$5.75

6-8 ft. Prepaid Express.....Each 3.95; 2 for 7.25

E Cutleaf Weeping Birch. (*Betula pendula lacineata*.) Ultimate height about 50 ft. One of the most graceful weeping trees. Grows upright, with long, slender weeping branches that droop gracefully. Bark changes to white as the tree matures. Not shipped after May 1st.

91 MG 5803—Hardy in zones 10 through 4.

5-6 ft. Prepaid.....Each \$5.75; 2 for \$10.95

6-8 ft. Prepaid Express.....Each 6.95; 2 for 13.25

F Bolleana Poplar. (*Populus alba bolleana*.) Ultimate height 35 ft. Beautiful landscape tree for driveway planting or to screen unlovely views and shut out traffic noise. Same shape as Lombardy Poplar, though hardier, longer lived. Olive-green bark. Rich green leaves have white facing giving a silvery-flash effect in the breeze.

91 MG 5811—Hardy in zones 10 through 4.

6-8 ft. Prepaid Express.....Each \$5.45; 2 for \$10.25

Faassen's Maple

J

Sunburst Locust

H

Crimson King Maple

G

G

H

J

G ★ Crimson King Maple. (*Acer platanoides schwedleri nigra*.) Ultimate height 50 ft. One of the most beautiful of all shade trees. Retains its brilliant deep maroon foliage from early spring through fall—an exciting all-season contrast to green shrubs and lawn, and its own silvery bark. Provides dense shade. Ideal city tree. Shipped in spring only. Trees are whip or lightly branched.

91 MG 5822 D—Hardy all zones. Plant Pat. 735.

4-5-ft. size. Postpaid.....Each \$5.25; 2 for \$9.95

H Sunburst Locust. (*Gleditsia triacanthos inermis aurea*.) Ultimate height about 50 ft. A recent introduction. New growth has bright yellow foliage. This gives the tree the appearance of being in flower from early spring through most of the summer. Symmetrical shape with broad pyramidal head. Free from thorns. Excellent lawn tree because lacy foliage and graceful branching allow sun to filter through. Does best in rich, well-drained soil.

91 MG 5735—Hardy zones 10 through 4. Plant Pat. 1313.

3-4-ft. whip. Postpaid.....Each \$4.95; 2 for \$9.45

J ★ Faassen's Maple. (*Acer platanoides*.) Ultimate height 50 ft. Beautiful new maple. Well formed, slow growing tree with maroon-red foliage from spring through fall. Broad headed, provides dense shade. Excellent lawn or street tree.

91 MG 5823 D—Hardy all zones.

5-6-ft. size. Postpaid.....Each \$7.50; 2 for \$14.50

Award-Winning Iris in Rainbow Colors

EVERY ONE A NATIONAL WINNER—SAVE 21%—BUY ALL 8 FOR \$5.95 POSTPAID

Garden Mark Special

Save 21%
8 Iris for **\$5.95**

Saves \$1.60 over individual prices. Collection of all eight Iris—A, B, C, D, E, F, G, H, listed at right. Postpaid.
91 MG 3809. All 8 for **\$5.95**

Garden Mark Bearded Iris Varieties are taller than ordinary Iris; the flowers are larger, more beautiful. Easy to grow in almost any well drained soil in full sunlight. Require little water after blooming. Drought resistant. Hardy all zones. Plant 2 feet apart in spring or in fall. Postpaid.

Garden Mark Collection of Four Iris. Includes one each of (A), (B), (C), (D) listed and described below. Shipped Postpaid in Spring and Fall.
91 MG 3815..... All 4 for **\$3.95**

(A) Palomino. Received Award of Merit in 1954. Placed fifth on 1959 National Iris Popularity Poll. A most striking Iris, with its pale pink standards; pale ivory falls with copper-amber trim around petal and entire shoulder.
91 MG 3818—Shipped Postpaid..... Ea. **\$1.50**; 3 for **\$3.75**

(B) Solid Gold. Was 1958 Iris of the Year. Received Honorable Mention from the American Iris Society in 1957. A very deep, solid gold with a cast of orange. Huge in size with a flower very broad in all its parts.
91 MG 3828—Shipped Postpaid..... Ea. **95c**; 3 for **\$2.65**

(C) Black Forest. Won Honorable Mention in 1946, and Award of Merit in 1948. A rich, silky blue-black in both the standards and the falls. Medium sized flowers are fragrant and well formed.
91 MG 3822—Shipped Postpaid..... Ea. **90c**; 3 for **\$2.40**

(D) Redwyne. Won Honorable Mention in 1945 American Iris Society ratings, and the Award of Merit in 1942. Bright, rich and red. About the reddest falls of any red Iris. Good sized flowers and nice branching.
91 MG 3824—Shipped Postpaid..... Ea. **85c**; 3 for **\$2.25**

Garden Mark Collection of Four Iris. Includes one each of (E), (F), (G), (H). Shipped Postpaid, Spring and Fall.
91 MG 3808..... All 4 for **\$2.95**

(E) Maytime. Winner of the Award of Merit in 1953. This is a real breeding triumph—the amoena class being one of the most difficult classes to improve. The two-tone lilac-pink has a delicate freshness that makes this a fine Iris.
91 MG 3816—Shipped Postpaid..... Ea. **95c**; 3 for **\$2.55**

(F) Jane Phillips. Won Honorable Mention from the American Iris Society in 1950. A new, light blue. Perfect in form; slightly flared and very large Iris.
91 MG 3832—Shipped Postpaid..... Ea. **85c**; 3 for **\$2.25**

(G) Argus Pheasant. Winner of the Dykes Medal in 1952. Placed tenth in National Iris Popularity Poll of 1959. A uniform light golden brown with coppery sheen.
91 MG 3813—Shipped Postpaid..... Ea. **75c**; 3 for **\$1.95**

(H) Katherine Fay. Won Honorable Mention in the American Iris Society ratings in 1945. A large, impressive alabaster white of semi-flaring form. A strong grower.
91 MG 3820—Shipped Postpaid..... Ea. **80c**; 3 for **\$2.10**

Extend Your Iris Season from Early Spring to Frost

Japanese Iris—Higo Strain—4 for \$3.15 Postpaid

- Largest flowering of all Iris—often 10–12 in. across.
- Beautiful hybridized varieties of a superior strain.

Bloom late spring and summer. Medium tall growing. Exquisite rainbow colors. Velvety texture. Graceful foliage. Strikingly beautiful with Regal Lilies and Delphinium. Easy to grow in any ordinary soil, but do not like lime. Plant 18 inches apart in sun or part shade. Hardy all zones, but winter protection required in zones 3 and 4. See New Zone Map Page 76. Shipped Postpaid.

Garden Mark Kaempferi Iris Garden. 1 each of 4 below.
91 MG 3854—Shipped Postpaid..... All 4 for **\$3.15**

(J) 91 MG 3853—Columbia. Exceptionally striking double variety. Blue with pure white veins, yellow center. Handsome variety.

(L) 91 MG 3840—Royal Robe. Rich, deep, velvety purple with golden centers. Very dark veins on petals.

(K) 91 MG 3842—Flamingo. Exquisite shade of deep rose pink. White center with green veining.

(M) 91 MG 3852—Betty F. Holmes. Rich, velvety, pure white blooms often 12 in. across. Double set of petals. Rated the best white.

Garden Mark Special

SAVE 25%

Silver Dollar Phlox Garden. Save 75c over individual price of these lovely Phlox. Includes 1 each of (A) through (E) below. 91 MG 2019—Shpd. Postpd.... All 5 for \$2.25

Silver Dollar Phlox—Each 60¢ Postpaid

Immense florets—many the size of a silver dollar—on huge flowerheads 5 to 7 inches across. Strong, bushy, vigorous growing plants, about 2 feet wide at maturity. Plant these five for a wealth of bloom and color in your garden.

- (A)** 91 MG 2012—**Sir John Falstaff.** Lustrous salmon-pink. Florets are 1½ inches across. Best of its color. Looks lovely as an accent.
- (B)** 91 MG 2005—**Leo Schlageter.** Considered to be the best and brightest of all red phlox. Tall, strong, vigorous grower. Early blooming.
- (C)** 91 MG 2016—**Everest.** Clearest white with definite pink eye. Lovely when combined with other colors or planted alone.
- (D)** 91 MG 2008—**Fuchsia.** Clear fuchsia purple color throughout the flowerheads. Holds color well. A lovely unusual color for your planting needs.
- (E)** 91 MG 2023—**San Antonio.** Large flowerheads of brilliant non-fading ruby-red against rich contrasting green foliage. Does not discolor in hot sun. This is a strong grower.

Hardy Perennials Provide Summer and Fall Bouquets Every Year

Rose Unique Hybrid Carnations

Long Stemmed—Each 80¢ Postpaid

(*Dianthus, Rose Unique Strain*.) Exceptionally beautiful hardy everblooming carnations. Pleasantly scented, attractive double blooms. Taller than Grenadin Carnations, stems grow 12 to 15 inches long. Shipped Postpaid spring or fall.

Garden Mark Rose Unique Carnations Garden. Includes 1 each of (P) through (U). Save 40c.
91 MG 2548..... Garden of 4 for \$2.80

(P) 91 MG 2542—**June Carmine.** Bright carmine pink. Lovely with White.

(R) 91 MG 2544—**Glowing Salmon.** Attractive clusters of glowing pink blooms.

(T) 91 MG 2541—**Sweet Memory.** Handsome white with crimson flecking.

(U) 91 MG 2543—**Stoplight.** A new crimson vermilion. Beautiful tone to borders.

Prices of Above Rose Unique Carnations

Postpaid. State Catalog Number. Each 80c.... Any 3 for \$2.25

Facts about Wards Carnations. Bloom intermittently from early summer through fall. Give spicy scented flowers for cutting summer and fall.

Plant Carnations 12 to 15 inches apart in full sun in warm well drained soil. Provide good drainage so that plants dry completely between waterings.

Grenadin Carnations

Hardest Type—Each 65¢ Postpaid

(*Dianthus, Grenadin Strain*.) Makes wonderful low growing border. Pick attractive bouquets all summer. Full double blooms deeply fringed, have a spicy fragrance. Slender, silvery foliage. Shipped Postpaid in spring or fall.

Garden Mark Grenadin Hardy Everblooming Carnation Garden. Incl. 1 each of (K) through (N). Save 55c.
91 MG 2534..... Garden of 4 for \$1.95

(K) 91 MG 2533—**Snowdrift.** Carnations white as drifted snow, fragrant, beautiful.

(L) 91 MG 2529—**Golden Sun.** Satiny-sheened, soft canary yellow carnations.

(M) 91 MG 2535—**Scarlet Beauty.** Lively scarlet. Supplies dramatic interest.

(N) 91 MG 2532—**Rose Queen.** Beautiful rose-pink. A favorite in bouquets.

Prices of Above Grenadin Carnations

Postpaid. State Catalog Number. Each 65c..... 3 for \$1.75

Hardy in all zones, but winter protection needed in zones 5 through 3. Carnation roots are near surface so do not cultivate too close to plant.

Pink Princess Dianthus

2 for \$145 Postpaid

- Blooms April through June
- Less than 12 inches Tall

(V) (*D. latifolius*.) Dozens and dozens of fragrant, fringed pink flowers profusely cover the plant. No finer new hardy Dianthus has appeared for many years. Develops into a plant over a foot across. Grows less than 1 foot tall. Useful anywhere a low growing, free blooming perennial is needed. Attractive in borders or in groups by itself.

Beautiful in arrangements with almost any other garden flowers. Easy to grow in ordinary soil. Just plant 8 to 12 inches apart in spring or fall. Hardy all zones. Postpaid.

91 MG 2551..... 2 for \$1.45

Forget-Me-Not 2 for \$100

(W) **Baby Blue Eyes.** (*Myosotis scorpiodes*.) One of the largest Forget-Me-Not varieties. Cheerful, dainty, blue flowers with white eyes growing in a low tight cluster on a carpet of dark foliage. Bloom freely from spring until winter. Beautiful when massed in beds and on edges of borders and ponds. Thrives best in cool, moist, partially shaded place. Plant 8 inches apart in spring or in fall. Hardy in all zones, but needs winter protection in zones 5 through 3.

91 MG 2317—Shipped Postpaid.
2 for \$1.00..... 6 for \$2.40

Stokesia 2 for \$125

(X) **Blue Moon.** (*S. laevis*.) Huge light blue flowers, 3-4 in. across. Woolly purplish stems, gray-green foliage. Grow 15 in. tall. Bloom profusely late summer and fall. Beautiful in any garden. Plant 2 in. apart in full sun. Hardy all zones. 91 MG 2378—Postpaid..... 2 for \$1.25

Trollius 2 for \$180

(Y) (*T. ledebouri*.) Clusters of double flowers, 2 in. across, bloom late spring, summer. Yellow petals, orange center. Plant 12 in. apart in sun or shade, spring or fall. Hardy.
91 MG 2396—Postpaid..... 2 for \$1.80

Clove Pinks 2 for 80¢

(Z) (*Dianthus plumarius*.) Scotus Strain. Delightful fringed flowers 2 inches across, bear the rich, spicy scent of clove. Graceful feathery, silvery-gray foliage makes lovely color harmony. Blooms throughout summer and early fall. Old fashioned favorites, they are excellent for rock garden or rock well. Beautiful in bouquets. Thrives in dry, sunny location in any ordinary, well-drained soil, does especially well in limed soil. Plant 8 inches apart in spring or fall. Mixture of delicate pink, white, and rose; include some double varieties. Sorry, no color choice, but all are beautiful. Hardy all zones.

91 MG 2329—Postpaid..... 2 for 80c

Baby's Breath Each 55¢ to \$135

(*Gypsophila*.) Tiny profuse flowers. Lacy looking plant. Grows 2½ ft. tall. Hardy all zones. Shipped Postpaid in spring or fall.

EASY TO GROW MOST ANYWHERE BLOOM SECOND YEAR HARDY TO 40° BELOW ZERO

Deepest Red Peony \$250 Mons. Martin Cahuzac Ea.

A Beautiful double, purple-garnet flowers semi-rose shape with black reflex. Deep green foliage provides outstanding background for rich colored flowers. Blooms freely midseason. Postpaid. 91 MG 3307 Each \$2.50

- Selected from Top of Color Class
- Consistent Award Winners in Shows
- Chosen to Give Highest Quality Bloom

All Sure to Please. Have been grown successfully in gardens for years. That's why we are sure you'll be happy with the beautiful, big blooms of the famous varieties selected for you here. All make excellent foliage plants after the bloom has passed. Foliage dies down in winter.

- Healthy, Field-Grown 3-5 Eye Roots
- Grow into Vigorous Plants
- Plant Once—More Beautiful Every Year

Known to grow in same spot for 80 years. They don't need to be divided—are quite resistant to disease. Plant 2 to 3 ft. apart in spring or fall, in full sun or part shade. Hardy all zones, but grow more beautiful north of zone 9. Do not plant near trees or tall growing shrubs.

- Excellent Plants for Perennial Border
- May be Combined with Low Shrubs
- Among the Loveliest Flowers for Cutting

One of the Most Useful of All Perennials. For dramatic color combinations plant Peonies with tall, bearded Iris, and with the brilliant colors of Oriental Poppies. Use as low hedge, to border a walk, edge a terrace, or in mass planting. Grow in any soil; prefer rich, moist loam.

- Grown for Centuries in Famous Palace Gardens of China and Japan
- Frilled and Ruffled Blooms up to 12 inches across—Silky Texture
- Easy to Grow—Live and Bloom for Generations with Little Effort

J TO M Tree Peonies. Until recently rarely seen in America. Now Wards bring you these rare blooms in a plant size we know will give satisfaction and at a price you cannot afford to miss. Their crepelike texture, form and magnificent proportions make them undisputed queens of world famous gardens. Lush green foliage serves as attractive background all season long.

Extend Your Peony Blooming Season. Tree peonies bloom 2 weeks earlier in spring than regular peonies. Grow 3 to 4 feet tall, spread to about 6 feet. Many are delightfully fragrant. Prefer South and East exposure. If exposed to North or West winter winds, plants should be protected by a mulch or screen the first year. Plant in spring or fall in area with full sun at least a half day.

Plants Are Labeled for Variety
Sold by color because of the limited quantities. Each variety is excellent and will give lovely, large flowers. 2 Year Grafted Plants. Hardy in all zones.

91 MG 2911—Pink. Vibrant colors.

Colorful Low Growing, Hardy Perennials for Bedding, Border,

Sedum—Collection of 3—\$145 Postpaid

One of America's best rock plants. Attractive foliage and bright flowers make dwarf sedum a must for rock gardens and taller varieties beautiful in perennial borders. Plant in dry sunny locations. Spectabile Brilliant thrives also in shade. Plant 4 to 8 in. apart in spring or fall. Hardy zones 10 through 3.

Garden Mark Sedum Collection. Contains 1 each of 3 below. Save over indiv. prices. 91 MG 2406—Shipped Postpaid. All 3 for \$1.45

N Sedum, Spectabile Brilliant. Immense amaranth-rose flower heads, attractive gray-green leaves. An upright, erect grower. Plants attain height of 18 in. Bloom August and September. 91 MG 2407—Postpaid. Each 55c 3 for \$1.45

P Sedum, Dragon's Blood. Deep wine red buds open to magenta rose flowers. Grow in clumps 2 in. high. Foliage is edged reddish bronze. Blooms June-Sept. 91 MG 2408—Postpaid. Each 65c 3 for \$1.65

R Sedum, Kamtschaticum. Bright orange-yellow flowers. Attractive green foliage turns a beautiful glowing golden in autumn. Excellent drought-resistant creeper; it reaches only 4 in. high. 91 MG 2409—Postpaid. Each 65c 3 for \$1.65

Artemisia—2 for \$135

T Silver Mound (A. Schmidtiana nana.) Fern-like silvery-gray foliage makes delightful effect in the rock garden or as an accent plant, but is most distinctive when used for edging beds or walks. Same color all summer. May dry for winter bouquets. Handsome compact moundlike plant grows about 4 in. high and 12 in. in diameter. Thrives in warm, dry, sunny location. Plant 12 to 24 inches apart in spring or fall. Requires no special care; grows in ordinary soil. Hardy all zones. 91 MG 2345—Shipped Postpaid. . . 2 for \$1.35

Alyssum Saxatile—2 for \$100

U "Basket of Gold." Profuse tiny blooms of bright yellow early in spring. Spreading silver-green foliage. Low-growing—for rock gardens, front of borders and pavement plantings. Grow in any ordinary garden soil that has good drainage. Plant 12 in. apart in full sun in spring or fall. Hardy all zones. Postpaid. 91 MG 2303—2 for \$1.00 6 for \$2.70

Candytuft—2 for \$135 Postpaid

V Candytuft. (Iberis sempervirens.) Branching shrubby evergreen. White flowers in flat, dense clusters. Blooms spring. Grows 1 ft. high. Plant spring or fall, 6 in. apart. Does well in light shade, makes excellent ground cover. Hardy zones 10 through 4. 91 MG 2580—Postpaid. 2 for \$1.35 6 for \$3.65

Creeping Phlox—Collection of 4—\$175 Postpaid

W (Phlox subulata.) Dwarf spreading plant; grows about 6 in. tall. Small, moss-like leaves form dense mat. At tulip time becomes blanket of bloom. Ideal for rock garden, edging, or ground cover. Plant 12 in. apart in rich, well-drained soil in full sun, in spring or fall. Hardy zones 10 through 3.

Garden Mark Creeping Phlox Garden. Includes 1 each of 4 listed below. Save 10% over individual prices.

91 MG 2364—Shipped Postpaid in spring or fall. . All 4 for \$1.75

91 MG 2367—Pink Emerald. Brilliant, pink.

F57—CALENDULA. Pacific Beauty. Dbl. yellow-orange. Mixed. Blooms June to Sept. 18 in. Pkt. . . 15c

CKSDFA WARDS 37

WARDS GARDEN SEED GUARANTEE

All Wards Seeds are tested for purity and high germination as marked on each packet. We will replace without cost any seed that does not grow when planted according to instructions. Vigorous growth depends upon proper planting, soil, climatic conditions and other factors over which we have no control. We cannot be responsible for the crop or for any amount greater than the purchase price of the seed.

Wards Garden Seed...

Packaged by Crosman — oldest packet seed house in America. This company has been supplying gardeners of America with carefully selected up-to-date varieties of flower and vegetable seeds for 121 years. Your assurance of quality.

Produce More Per Packet. The higher germination percentage of Wards 100% fresh crop seeds means more flowers and bigger crops of vegetables from each packet of seeds—you get the most for every dollar you spend.

Order by Catalog Number 91 MG 200 D

Enter number once on order. Give number (such as FA 49), full name of variety and quantity desired. Shipped Postpaid. No orders for less than 50c; no C.O.D.'s.

Guaranteed 100% Fresh Crop—Postpaid

FREE OFFER

On packet seed orders of \$2.00 or more from Pages 37, 38, and 39, you will receive one 25c Pkt. of Giant Hybrid "Plus X" Cactus Flow. Zinnias in Mixed pastel colors. Just write: F 653—Zinnias. FREE

Tests Show Superior Quality. Impartial tests made at various times continue to indicate that Wards garden seeds are superior to those offered in most seed packages on the market.

Tested Vegetable Varieties. Wards have selected seeds that are most popular and those generally considered best for most all home garden uses in all areas.

Planting Instructions Included. Packets give complete instructions for planting, enabling you to give seeds a good start and get the best results from each variety sown.

Selected Flower Seed Strains. Gathered the world over. "P" with listing means Perennial, "B" Biennial. (*) before listing means seeds are coated to enlarge to pellet size for handling.

Husky Rooted Field Grown Plants Give You Fresh

PLANT WARDS WEATHER HARDENED VEGETABLE PLANTS FOR BETTER GROWTH WITH LESS CARE;

Mature Crop 2 Weeks Earlier. Produce 25% more than ordinary plants if planted according to instructions.

More Satisfactory than Greenhouse grown, because Wards plants are grown under natural conditions.

Big Husky Roots because they have had plenty of room to grow and develop. You'll notice firm stems, good leaf texture.

Easy to Transplant. Weather hardened plants stand transplanting better. Withstand rigors of early northern planting.

Onions 100 Plants for 89¢ *Postpaid*
Shipped January 1 to June 10

91 MG 8020—**Crystal White Wax.** A good, early flat onion similar to Yellow Bermuda, except clear white. Large, sweet and mild.

91 MG 8021—**Yellow Bermuda.** Very early. Large, flat shape. Mild sweet, nearly white flesh. Strawberry colored skin. Keeps well.

91 MG 8022—**Yellow Sweet Spanish.** Very large globe shape with small neck. Deep amber orange. Mild flavor. Good keeper.

91 MG 8023—**White Sweet Spanish.** The largest, sweetest, best keeping Spanish Onion. Crisp and juicy. Yellow skin, white flesh.

Frostproof Cabbage 100 Plants for \$1.49 *Postpaid*
Shipped January 1 to June 10

- Withstands 14° above zero without injury.
- Set in open 4 to 6 weeks earlier than hotbed.

91 MG 8014—**Copenhagen Market.** 70-75 days. Heads 7-7½ inches in diameter. Very solid. Good for kraut.

91 MG 8012—**Red Acre.** 75-80 days. Earliest red. Heads 6-7 inches in diameter. Very solid.

91 MG 8010—**Early Jersey Wakefield.** 60 days. Pointed heads. About 2 to 2½ pounds at maturity.

91 MG 8013—**Golden Acre.** 66 days. Earliest round-head. Yellows resistant. Averages 3 pounds.

91 MG 8015—**Flat Dutch.** 66 days. Usually weigh 5 to 6 pounds at maturity. Heat-resistant plant.

Early Tomatoes 100 Plants for \$2.39 *Postpaid*
Shipped April 1 to June 10

91 MG 8005—**Imperial Hybrid F2.** 75 days. Medium large, scarlet. Weight 6-7 oz. Wonderful new variety. Disease resistant, especially wilt, nail-head rust.

91 MG 8001—**Marglobe.** 77 days. Thrifty, wilt-resistant plant. Large, smooth, globe shaped. Deep scarlet.

91 MG 8002—**Earliana.** 65 days. Earliest variety. Medium size, globe shape. Deep scarlet, firm and smooth, with few seeds. Highly recommended for the home garden.

90 MG 8003—**Rutgers.** 80 days. Developed by New Jersey State Experimental Station. Deep red color. Tangy flavor.

91 MG 8006—**Homestead No. 24.** 75 days. Smooth globe shape, thick walls. Plant compact, wilt resistant. Prolific.

Moist-Flesh Sweet Potato 100 Plants for \$2.25 *Postpaid*
Shipped April 1 to June 10

91 MG 8045—**Early Port.** Early—usually matures in 75 days. Heavy bearer, good shipper. Yellow flesh, fine flavor. Disease resistant. Keeps well.

91 MG 8040—**Porto Rican.** Popular variety. Deep orange. Sweet, mellow flavor, fine moist texture. One of the most desirable sweet potatoes for freezing.

91 MG 8041—**Red Gold.** New variety. Has purple-reddish skin with deep golden-yellow flesh. For baking, casserole dishes. Yields large crops.

Popular Egg Plant Variety 100 Plants for \$2.39 *Postpaid*
Shipped April 1 to June 10

91 MG 8037—**Black Beauty.** 74 days. Purplish black. Grows to several pounds in weight. Oval shaped. Hardy, disease resistant. Compact and productive.

Outstanding Sweet and Hot Peppers 100 Plants for \$2.69 *Postpaid*
Shipped April 1 to June 10

91 MG 8030—**California Wonder.** Early—about 70 days. One of best Sweet Peppers. Smooth, dark green. Tender, mild flesh. Firm, heavy. About 4 in. in diam., 4½ in. long. For home, market, freezing or stuffing.

91 MG 8031—**Pimento.** Early. Heart shaped, 3 in. long. Bright red when ripe. Sweet. Good for salad, canning, pickling or freezing. Peels easily. Productive.

91 MG 8033—**Ruby King.** Best early market variety. A large three-lobed pepper with a mild, sweet, firm flesh. A vigorous grower and a heavy bearer. Turns bright red when ripe. An excellent all-purpose variety for the home or market. Good for slicing in a salad or for stuffing.

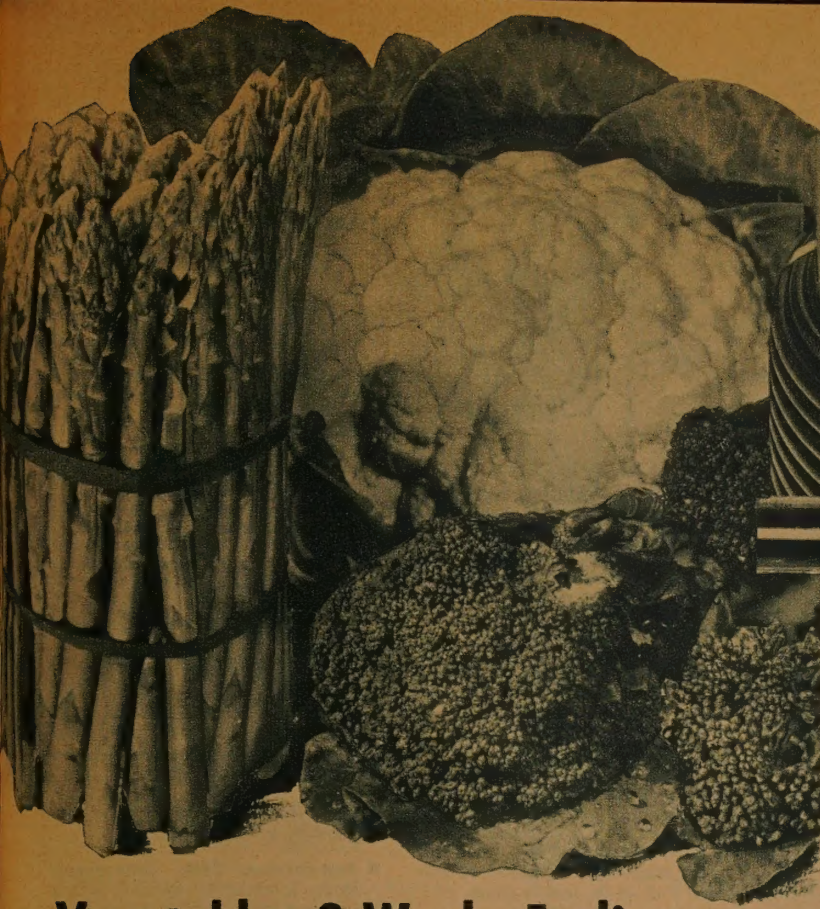

91 MG 8034—**Hungarian Yellow Wax.** Early, hot pepper. Green skin turns yellow, then red when fully ripe. Thick flesh. Good for seasoning or pickling—hot and pungent. Often about 6 in. long. Bears large crops.

WARRANTY

Wards warrant Vegetable Plants to reach you in proper condition for planting—healthy, free from disease and insects. As vigorous growth depends upon proper planting, soil, climatic conditions, and other factors over which we have no control, we cannot be responsible for the growth, nor the crop, nor for any amount greater than the purchase price of the plants.

Vegetables 2 Weeks Earlier

GUARANTEED FREE OF INSECTS AND DISEASE

Fairway Plastic Pipe

COMPARE WARDS LOW PRICES

LOW AS

5 1/2¢

Per Ft.

SAVE 5% MORE on Full Coils

Made of Virgin Pure Du Pont "Alathon Super 25" polyethylene resin—for greater burst strength.

Pressure Ratings stated tested and approved for your protection by: U.S. Testing Co., Du Pont Co. and Wards own Testing Lab.

Approved by National Sanitation Foundation as being safe for use with drinking water.

FAIRWAY 100 pipe meets U.S. Dept. of Commerce Standard C5197-59 in size and materials. Exceeds these standards in working pressure.

Lightweight and flexible, yet rigid enough to resist kinking, cracking.

(2) **Fairway "100"**—Made of the Finest Material. Manufactured from Du Pont Polyethylene Resin especially for high burst strength. CHECK PRESSURE RATINGS—THEN COMPARE. Fairway Plastic Pipe withstands years of internal pressures, undamaged by sun—stays flexible at low temperatures.

Approved for 100 lbs. operating pressure at 73°F.; up to 75 lbs. at 120°F. For sprinkler system, order fittings below... other fittings in General Catalog.

81 MG 5102 R—Fairway "100". Plastic Pipe. Not Mailable

Garden Mark Rolling Sprayer

3 or 6 Gallon
Sizes

\$17⁹⁵
3 Gal.

Spray the Easy Way . . . No Weight To Carry . . . Just Tow It Along

- Separate built-in lawn spray applicator with on-off valve
- Towing handle becomes pump for ease in building up pressure

A **Garden Mark 3-Gallon Deluxe Model.** The most modern concept in spraying—easy pump feature makes spraying a real pleasure. Simply tip towing handle up and it becomes pumping handle to build up pressure. Unit rides on 6-in. diam. rubber-tired wheels. 18-in. brass extension tube. 74-in. spray hose; adjustable nozzle; pistol-grip shut-off valve for spraying trees, bushes, flowers. Separate built-in lawn spray applicator with on-off valve for liquid

fertilizers or weed killers—covers approx. 24-in. path. 3-gal. galv. tank with safety valve; drain valve for easy cleaning. Instruc. 89 MG 2942 M—Ship. wt. 19 lbs. . . . \$17.95

Garden Mark 6-Gal. Deluxe Rolling Sprayer. Larger capacity model, has all features listed above, with twice the capacity. Wide 8-in. diam. wheels roll sprayer. 89 MG 2943 MO—Ship. wt. 24 lbs. . . . \$22.95

3-Gallon Economy \$10⁹⁸ Rolling Sprayer

B **Garden Mark Economy Model 3-Gal. Rolling Sprayer.** Similar to deluxe models above, but with one-piece conventional pump handle, comfortable polyethylene grip for easy pumping to build spraying pressure. Rolls easily on 6-in. rubber-tired wheels. 66-in. spray hose with 18-in. rotating brass extension tube, adjustable brass nozzle. Oversized safety pump, galvanized steel tank and pistol-grip discharge valve for long, dependable service . . . a wonderful time and labor saver for the gardener. Ship. wt. 14 lbs.

89 MG 2941 M—3-Gal. Sprayer . . . \$10.98

Root Feeder for Trees, Shrubs

- 8** Attach new deluxe Ross Root Feeder to garden hose and push 28-in. perforated shaft into soil near roots. Water dissolves nutrient in plastic cartridge chamber to make fertilizer solution. Zinc alloy "on-off" valve. 34 in. long overall. Postpaid.

- 89MGP2268M—Root Feeder and 1 box *8-16-8 Content Cartridges... **\$6.34**
89 MGP 2401—*8-16-8 Content Nutrient Cartridges. 12 for **.89c**
89 MGP 2402—*10-20-10 Content Acid Nutrient Cartridges. 12 for **.89c**
89 MGP 2403—*9-46-15 Content Starter Nutrient Cartridges. 12 for **.89c**
89 MGP 2404—*15-25-10 Content Rose Nutrient Cartridges. 12 for **.89c**
89 MGP 2405—*5-35-0 Content Plant Food Nutrient With Iron. 12 for **\$1.39**

NOTE: Numbers in descriptions of cartridge with asterisk before them (for example: *8-16-8) indicate the Nitrogen-Phosphorus-Potash content, in that order. For information on what these three important ingredients mean to your plants, see box below.

Tree and Shrub Auger \$3.79

- 9** The most effective method for feeding large shrubs and trees. Drill holes with Auger in a large, circular area under outermost circumference of leaves. Fill holes with Garden Mark Plant Food (see below). Steel construction with 2x8-in. blades, 14-in. "T" handle. 44½ in. long overall. Mailable.

- 89 MG 2275 M—Ship. wt. 4 lbs. **\$3.79**

Nitrogen-Phosphorus-Potash content of fertilizer is always shown in that order. These three elements are most needed by plants and most commonly lacking in soil. Nitrogen helps develop leaf and stem; Phosphorus helps produce abundant bloom and seed; Potash stimulates root growth and improves stem and leaf growth. Test your soil (see home testing kits below) and determine needs—then select fertilizer accordingly.

- 10 Ra-Pid-Grow Plant Food.** 23-21-17 Formula (see box below). Provides vital elements that get the best growth for your plants. Dip roots in solution when transplanting, eliminates some of the shock, helps plants get re-established. Use on garden flowers or house plants, too. Mix 1 teaspoon to a quart of water. 89 MG 2415—1 Lb. Ship. wt. 1 lb. 6 oz. **\$1.29**
89 MG 2416—2 Lbs. Ship. wt. 2 lbs. 6 oz. **2.39**

- 11 Ross Pow'r Caps.** 9-44-14 Formula (see box below). Used by professional growers. Excellent for both indoor and outdoor plants—promotes luxuriant bloom. Capsule makes 1 quart of solution. 12 capsules to a package. Ship. wt. 6 oz. per pkg. 89 MG 2400—Per Pkg. 35c. **3 Pkgs. 98c**

Hose Sprayers \$1.49 Economy Model

- 12 13 Garden Mark Unbreakable Plastic "Lawn and Pest Guns."** Inexpensive, yet practical and efficient. Sturdy polyethylene plastic containers have full quart capacity, with calibrated visible liquid level—no guessing when to refill. "Lawn Guns" especially recommended for applying water soluble fertilizers and weed killers because of their wide spray. "Pest Guns" designed for application of insecticides and fungicides—throw a gentle spray that covers plants without damaging it. Jars are easy to clean, non-absorbent, economical to use; lightweight—easy to handle. Mailable.

- (12) DeLuxe Models** with on-off valve. Polyethylene jar, metal head, all nylon parts. Swivel hose connector for easy operation. Ship. wt. 8 oz.

- 89 MG 2986—Pest Gun. 5-Gallon capacity throws 4-ft. spray—coats tender plants gently. **\$2.89**
89 MG 2987—Lawn Gun. 15-gallon capacity throws 8-ft. spray. Will cover most lawns in 10 minutes. Sprays up to 20-ft. height. **\$2.89**

- (13) Economy Models.** Spray head, jar and all parts are polyethylene. Finger-tip control, stationary hose connector. Ship. wt. 4 oz.

- 89 MG 2982—Pest Gun. 5 gallon capacity throws 4-ft. wide spray. **\$1.49**
89 MG 2983—Lawn Gun. 15-gallon capacity throws 8-ft. wide spray. **\$1.49**

"Hozon" Liquid Applicator \$1.98

- 14** Inexpensive applicator that siphons water soluble plant food from pail or tub and applies it to trees, shrubs, plants at the ration of 1 part solution to 16 parts water without danger of burning tender roots or foliage. Just connect applicator between faucet and hose and place rubber suction tube in container of fertilizer solution. Applies fertilizer to your lawn as you sprinkle. Brass with stainless steel valve and strainer.

- 89 MG 2282—Ship. wt. 10 oz. **\$1.98**

- 15 Blossom Set.** Hormone spray that prevents blossom drop on tomatoes, cucumbers, strawberries, etc. Aerosol spray can contains enough to treat 100 plants. Ship. wt. 1 lb. 89 MG 2285—12-oz. Can **\$1.49**

DUPONT

One of the clearest materials next to actual window glass. A high strength, long-lasting glazing film developed by DuPont especially for greenhouses. Easy to handle—cut with scissors to desired size.

LOW AS
25¢
100-ft. Roll

DUPONT MYLAR® STRONGEST PLASTIC FILM MADE

5 Mil Economy Mylar Should Last Up To 5 Years

- Excellent glazing material—efficiently holds heat in, keeps cold out.
- No need for frequent replacement—save time, labor and materials.
- Transparent, moisture, solvent resistant—not affected by oils, greases.

A Economy Mylar* is weatherable (treated to resist deteriorating effects of sun's ultra-violet rays) on one side. Film marked to show which side to expose to sun. Has extra long life in greenhouses, hot beds—5 mil should last up to 5 years when used on vertical surfaces.

3 MIL is lighter gauge, lower in cost yet has same weathering qualities as 5 mil. Recommended for general frame glazing, sides and end of greenhouses, etc. 5 MIL is heavier, far stronger—for use where installations may have to support exceptionally heavy snow load, etc.

Note: For footage other than exact roll sizes listed, use Per Ft. price.

	State Length	Width	Wt. per ft.	Ft.	25 ft.	50 ft.	100 ft.

Satisfaction Guaranteed or Your Money Back

Garden Mark Nut Trees for Shade, Crop

Hardy English Walnut—Each \$375

(*Juglans regia*). Hardy strain from Carpathian Mts. where trees bear in sub-zero temperatures. Now you can grow English Walnuts as far north as zone 5. Flavorful, nutmeats with thin shells like regular English Walnuts. Easy-to-crack. A little smaller than grafted English Walnut but equal in quality. Plant two for proper pollination. Wards ship healthy seedling trees. Larger trees of this variety do not transplant readily. Plant 40 ft. apart in Spring or fall.

91 MG 6882—18-24-in. size, *Postpaid*.....Each \$3.75
4 or more.....Each 3.60

English Walnut Trees—3-4-ft. size, Each \$469

(*Juglans regia*). All grafted on California Black Walnut root stock for vigorous growth and longevity. Deep rooting trees—need deep, fertile, well drained soil to thrive and produce. Plant 40 ft. apart in spring or fall. Hardy in zones 10 through 7. Self Pollinating. *Shipped Postpaid*.

91 MG 6885—**Eureka**. Large oblong nut with thick, well sealed shells. Popular commercial variety.

91 MG 6881—**Franquette**. Heavy yields. Light colored kernels—thin shells. Seldom affected by frost.

Prices of English Walnut Trees Above

Postpaid. State Catalog Number and Height.

Height	1 to 3	4 or more
3-4 ft.	\$4.69 Each	\$4.59 Each
4-5 ft.	5.49 Each	5.39 Each

Self-pollinating. Trees so indicated do not require the planting of a second variety to bear nuts.

NOTICE: Wards cannot guarantee that all nut trees will bear nuts in the zones in which they are hardy. There are areas within some of the hardiness zones in which trees may not be hardy or produce nuts. If in doubt in your area check your county agent before ordering nut trees.

Hardy Pecan Trees 2-3 ft. size, Each \$255

(*Carya illinoensis*). Pecan seedlings. Hardy where winters are not too severe. Grown from selected seed. Plant for shade and crop. Plant 50 to 60 feet apart in spring or fall. For zones 10 through 5. Plant 3 for proper pollination.

91 MG 6891—*Shipped Postpaid*.

3-4 ft. 1 to 3...Ea. \$3.10; 4 or more...Ea. \$3.00

Pecan Trees for Zones 10 Through 7 Only

(*Carya illinoensis*). Sturdy grafted trees are well rooted. Long lived. Popular as shade trees as well as for crops. If cared for, will bear in about five years. Do not cultivate more than 6 in. deep. Plant 50 to 60 feet apart, spring or fall, in zones 10 through 7 only. Self Pollinating.

91 MG 7589—**Success**. Widely grown. Large, oblong, tapering to the apex. Medium thin, easily parted shell, with plump, fine quality, sweet kernel. Trees bear heavily. Self-pollinating.

91 MG 7593—**Mahan**. **Gigantic Variety**. Paper shell. Bears young. Heavy crops. Disease resistant. Also makes wonderful shade tree.

91 MG 7591—**Stuart**. Most popular pecan. More extensively planted than any other. Early and heavy bearers of large, well-filled nuts. Kernels are plump and meaty, with excellent flavor.

Make Your Own Healthful, Delicious Fruit Juices

WARDS INEXPENSIVE PRESSES, CRUSHERS
MAKE USE OF HOME-GROWN FRUIT CROPS

- Made from carefully selected materials that won't taint or discolor the juices
- Easy to operate—helps utilize all of the nourishing goodness of your fruit crop

The quality of home-pressed juices has always been known to those who put part of their orchard or garden crops—apples, grapes, berries—through Wards Presses. Juices may be bottled or frozen for use later; their fresh, summer flavors taste even better during the winter months. Presses are made to last through many seasons. They're made from carefully selected woods that won't impart foreign taste to the fruits. Easily taken apart for cleaning and storage.

Garden Mark Fruit Trees Are All Guaranteed

• TRUE-TO-NAME VARIETY

• DISEASE-FREE AND INSECT-FREE

4 Reasons Why Wards Fruit Trees Are Your Best Buy

Budded or Grafted From Yield-Proven Stock

1 All Garden Mark Fruit Trees are from Bearing Proven Orchards. They get their start in the fertile, famous-for-fruit Yakima Valley in Washington state, and in other commercial orchard areas where each particular variety or type of fruit does best. Buds are selected from yield-proven orchards to assure fullest possible crop in your region. Trees are budded or grafted and planted in areas of rich soil where they get good growth and climate conditioning. Budding operation is shown at right. The bud determines variety.

Fruit Trees Have Been Properly Shaped

2 All Garden Mark Fruit Trees have been topped and carefully pruned by experts. This extra care in the nursery row is to provide proper branching where main branches join the trunk. Unless this is done properly, a branch may split from the tree just when it's loaded with fruit. Sometimes, if not properly pruned, it will split in heavy wind. Wards sources for fruit trees are among the largest wholesale growers of fruit trees, who use the most modern methods.

Agricultural College Experts Double Check Growing Fields

3 Trees are examined for trueness-to-name and freedom from disease. Trees are sprayed periodically to maintain clean, healthy growth. Specialists from state agricultural colleges in various areas regularly examine the growing fields to assure that every Garden Mark Fruit Tree is true-to-name variety. State inspections assure freedom from disease and insects. This extra special care makes it possible to guarantee Garden Mark fruit trees. (See Page 20 for guarantee.)

Caliper Trunk Diameter—Not Height, Governs Grade of Tree

4 You get Accurate Size and Grade. That's an important point when you buy fruit trees. The American Association of Nurserymen has set up standards for grading, and Wards sources observe these standards strictly. When you buy a fruit tree at Wards the size is stated in this catalog, and you can be sure of getting the size you order. These standards are not the same for all fruits, because of the difference in growing characteristics within a particular period. Peaches, for example make smaller trees than apples at the same stage of growth. Most fruits are offered in more than one size. For most home gardens the larger sizes have been popular because they produce fruit a little sooner. Choose the size that meets your need.

Small Size

Commercial orchardists usually buy small size fruit trees. If you are planting a large orchard and time is not an element, small size trees are a good way to economize. Trees of this size are easy to transplant, easy to shape and will take root very readily.

Standards for small size fruit trees are 3 to 4 ft. tall and trunk diameter (or caliper) is ¾ to 1½ inches.

Peach Trees come smaller than other fruit trees. They are 2 to 3 ft. tall and trunk diameters are ¾ to 1½ inches. Their rapid growth soon makes up this difference.

Large Size

This is a good size for general home planting. Roots are heavier, branches more numerous and stronger, and they usually bear a heavier crop the first few years. This is the size usually chosen for small farm and home orchard planting.

Apple, Pear and Plum trees have a standard size of 5 to 6 feet. Trunk diameter (caliper) is 1½ to 2½ inches. Other fruits vary in size due to their particular growing characteristics. These include Peaches, and Sweet and Sour Cherries. Apricot trees are offered in one size only.

Quick Crop Size

The cream of the crop in the nursery row. Extra large, extra heavy tree. Better branched and often bear a little sooner than ordinary large trees. Apple, pear and plum trees are 5 to 7 ft. in height. Trunk diameter (caliper) is 2½ to 3½ inches. Peach and Sweet and Sour Cherry trees are smaller in Quick Crop size due to their varying growth characteristics.

Quick Crop size is ideal for the average home owner. They give you the thrill of picking fruit sooner, and they make a good appearance very quickly.

Dwarf Fruit Trees Grow 8 to 10 ft. Tall—Bear Regular Size Fruit Earlier

Dwarf Fruits are increasingly popular because the back yard gardener can enjoy a number of different kinds of fruit within a small area. These trees may be planted only 12 ft. apart. You can plant 9 trees in the same space occupied by one regular size tree. Trees are easier to spray, fruit is easier to pick. Dwarf Fruit trees usually bear sooner than same varieties on regular size trees. Wards Garden Mark Dwarf Fruit Trees come with heavy roots and strong branches. Size of tree and trunk diameter varies and are given on Page 63 where Dwarf Trees are sold.

Free Delivery on All Nursery Stock

Fruit Trees are shipped Postpaid or Express Prepaid depending on size of tree. Nursery Stock is shipped direct from the Nursery at proper planting time for your locality. Bear in mind, when comparing prices: if you had to pay the shipping costs, in some instances this would be as much as the cost of a single tree. The minimum Express charges are \$2.22 to send a 6-8 ft. tree a distance of 300 miles.

Buy Fruit Trees NOW and Pay Later

Don't wait to get the benefit of fruit. **Plant Now.** You may add to your present easy payment account if you have an order of \$10 or more. You may often do this without increasing your monthly payments. A \$20 order will enable you to open a new account. Buy your fruit trees now and they can be growing while you pay for them. You'll get the advantage of having fruit sooner.

See Wards Monthly Payment Plan details on Page 23.

Apple Trees—Everyone's Favorites — 3-4-ft. size, Each **\$1.55** Postpaid

- Budded or Grafted from Bearing Proven Orchards
- Root Stock from Famous Apple Producing Areas

Grow in an area well known for fruit. They are pruned for heavier growth, sprayed for healthy development, and State-inspected for freedom from insects and disease. Apple trees are hardy through Zone 4 except where noted. Thrive best in well-drained locations such as gentle slopes.

- Shaped at Nursery for Strong Branching at Maturity
- Two-Year Trees Grown for Proper Climate Conditioning

Grow in almost any soil even when not very fertile. Plant at least 2 varieties for larger yield and proper pollination. Plant 30 to 40 ft. apart. Summer apples ripen early to midsummer; fall apples in late summer; and winter apples in fall. Shipped Postpaid or Express Prepaid. State Express Station.

Jonadel Apple

Each **\$2.75** 4-5-ft. size
Postpaid

A cross of Jonathan and Red Delicious apples introduced by Iowa State College. Combines mildness of Delicious, tartness of Jonathan. Ripens late fall. Keeps well. 9/16-in. trunk diameter. 91 MG 6121—4 to 5-ft. size. Postpaid. Ea. **\$2.75**.....4 or more, Ea. **\$2.65**

Apples for Early and Late Fall—Late Fall Varieties Best for Winter Storage

91 MG 6116—**Dark Red Jonathan.** Improved strain with all Jonathan excellence and deeper, richer coloring. One of the finest eating apples. Crisp, juicy flesh. Very hardy. Easy to grow. Heavy bearer. Delicious flavor. Packs, ships and stores well. Thrives almost anywhere. Ripens in fall.

91 MG 6108—**Double Red Delicious.** Bears sooner than the regular Delicious. Often produces its fruit in as little as four years after planting. Extra-large 5-knob apples. Most popular of all red apples—always bring a premium price at market. Flesh is fine-grained, crisp and juicy. Ripens late fall.

91 MG 6111—**Red Rome Beauty.** (Gallia Beauty.) Famous for its exquisite flavor, good keeping qualities. Solid red. Firm, sweet, crisp and juicy. Keeps all winter. Hardy through Zone 5. Good for eating, drying, baking, cooking. Ripens late fall.

91 MG 6112—**Stayman Winesap.** An established favorite. Large, red, juicy fruit. Spicy flavor. Tree is a vigorous grower and comes into bearing early. Reliable, big crop producer. Hardy through Zone 5. Keeps well. Ripens late fall.

91 MG 6107—**Yellow Delicious.** Glossy, golden fruit. Same size, shape as Red Delicious. Crisp, firm, creamy yellow flesh, tangy flavor. Good winter keeper. For cooking or eating fresh. Good pollinator. Productive. Ripens late fall.

91 MG 6104—**McIntosh Solid Red.** Red apple, snow-white flesh. Tender, juicy. A good bearer. For eating, cooking, drying, cider. Ripens early fall.

91 MG 6105—**Wealthy.** Big red and green striped apple. Firm white flesh is tender, juicy with wine-like flavor. Ideal for market. Heavily productive while young. Ripens early fall.

Hyslop Crab Apple

91 MG 6125—Considered one of the best Crab Apples. Brilliant red with deep red cheek. Firm, tangy, tart and delicious. Tender flesh. Small tree.

Prices in table at left.

Summer Apples

91 MG 6102—**Duchess Red.** (Van Bur-en Strain.) Red fruit, somewhat striped. Tender and juicy. Excellent for cooking. Unusually hardy.

91 MG 6113—**Yellow Transparent.** Large, yellow fruit. Flesh is crisp, white, sweet, juicy. Good pollinator. Big crops even after severe winters.

Prices in table at left.

Postpaid

Garden Mark Orchard. Includes 1 Double Red Delicious, 1 Yellow Transparent, 1 Red Jonathan and 1 Red McIntosh. 1-yr. whips. Unbranched. Postpaid.

91 MG 6171—3-4-ft. 4 for **\$3.80**

Pear Trees 3 to 4-ft. size, Each **\$1.95** Postpaid

Sturdy 2-year old trees, vigorous and well rooted. Sprayed. Budded or grafted from bearing orchards. Hardy; thrive wherever apple trees grow, but produce better in clay loam. At least two varieties should be planted for proper pollination and best yield. Plant 30 to 40 ft. apart, spring or fall. Shipped Postpaid.

91 MG 6201—**Bartlett.** Best early pear. Large, fine-grained yellow fruit. Juicy, sweet, excellent flavor. Best for canning and home uses. Disease-resistant. A good pollinator. Bears well.

91 MG 6202—**Douglas.** Richer flavor, finer texture, and more attractive appearance than Bartlett. Golden-yellow with pink shading. Tender and juicy, excellent for canning. Good pollinator. Trees bear early, often 3 years after planting. Hardy.

91 MG 6203—**Kieffer.** Large, yellow fruit with vermilion blush. Crisp, juicy. Ideal for canning. Good winter keeper. Successful in Southern States. Blight resistant. Good pollinator.

91 MG 6205—**Seckel.** Rich, spicy, extra juicy. Small, russet-yellow fruit, bronze cheek, firm flesh. Hardy. Blight resistant.

61 MG 6206—**Clapp Favorite.** Largest lemon yellow fruit with a dark red blush. Rich, juicy, delicate flavor. Hardy, blight-resistant trees.

Plum Trees 3 to 4-ft. size, Each **\$1.95** Postpaid

Stocky, 2-year-old trees. Selected for hardiness. Hardy zones 10 through 4. Protect in zone 4. See Zone Map on Page 76. They thrive best in a medium-heavy soil. For best pollination and fruit, plums require at least two varieties, 18 to 22 ft. apart. Plant in spring or fall. Shipped Postpaid direct from Nursery.

91 MG 6511—**Bradshaw.** Freestone. Very large size, attractive dark violet color. Keeps well, a good shipper. Red, juicy flesh has a fine flavor. Extremely productive. Ripens early.

91 MG 6507—**Green Gage.** Semi-clingstone. Very popular, large yellow-green fruit. One of the sweetest and one of the best late plums. For canning or eating fresh. A good commercial variety, but not suited to extremely cold sections.

91 MG 6510—**Burbank.** Small Clingstone. One of the hardiest Japanese plums. Bright, cherry red fruit is very large. Meaty, amber flesh has a rich, sugary taste. Bears heavy crops even when young. Ripens after Abundance. Good pollinator. Excellent for jams and for dessert use.

91 MG 6514—**Abundance.** Freestone. Oval fruit, cherry red. Light yellow flesh; firm, yet tender, juicy and very sweet. Grow rapidly, young bearing. Keeps well. Pollinator.

91 MG 6506—**Italian Prune.** Fellenberg Prune. Freestone. Finest blue plum—leading commercial variety. Medium-large fruit is dark purple with firm, juicy, yellow flesh. For drying and canning. Thrives under almost all conditions. Heavy bearing.

- Budded or Grafted from Heavy Bearing, Vigorous Trees
- Pruned to Encourage Stronger Branching, Sturdier Growth

Vigorous, Dependable Peach Trees . . . 2 to 3-Ft. Size—Each \$125 Postpaid

Often bear in three years. May be grown in sheltered positions where winters are not too severe and springs are not so late that blossoms may be harmed by late frosts. One of the most dependable of all fruit trees for home gardens. May be planted spring or fall in zones 10 through 7, spring only for zones 5 and 6. Not suitable for zones 3 and 4. Not suited for upper Michigan except part in zone 6, or upper Wisconsin, even though they are included in zone 5 on our map. *Shipped Postpaid* at proper planting time in your locality.

91 MG 6403—**Elberta**. Midseason yellow freestone. Medium oval shaped fruits with rosy blush. Most popular of all peach varieties for home freezing, canning or commercial use. Firm, fine grained flesh is juicy and full of flavor. Self pollinating variety.

91 MG 6402—**Early Elberta**. Yellow freestone. Ripens about a week before Elberta. Large size fruit is lemon yellow with a crimson blush. Juicy, delicious yellow flesh keeps its color when canned. Is tender, yet firm. Delightful flavor. Excellent quality peach for local markets. One of the best for canning. Self pollinating.

91 MG 6406—**Hale Haven**. Early yellow freestone. Large round fruit is red and yellow, showing red color several days before maturing—a real market advantage. Rich sweet flavor when tree-ripened. Good for freezing. Heavy producer, bears when young. Ripe 2 weeks before Elberta. Self pollinating. Hardy.

Buy Dwarf Fruit Trees from Page 63

91 MG 6413—**Polly**. Midseason. Large, freestone fruit is creamy yellow and crimson. Flesh is white, firm, juicy and richly flavored. Stays firm when canned. Begins to bear young, and produces heavily. Withstands cold to 20° below zero. Ripens 8 to 10 days earlier than Elberta. Self pollinating.

91 MG 6407—**J. H. Hale**. Midseason yellow freestone. Larger fruit than Elberta. Prized for large size. Solid golden yellow flesh, tender and free from grain. Small pit. Ripens just before Elberta. Plant with a good pollinator. Fine for freezing, canning and dessert.

91 MG 6405—**Golden Jubilee**. Yellow freestone. Matures 20 to 24 days before Elberta. Very hardy. Usually blooms after danger of frost. Medium to large size golden fruit; fine grained, delicious juicy flesh. Perfect for desserts and canning. Self fertile and a good pollinator for other varieties. Early shipper. Good for market.

Rich Haven—Latest Delicious Variety

91 MG 6408—**Rich Haven**. Famous Michigan Haven family. Matures early—about 14 days before Elberta. Fruit is large, nearly round and uniform in size and shape. Practically fuzzless. Bright gold color with red blush. Medium textured. Free-stone. Unusually thick, tough skin makes it ship without damage. Excellent for canning. Withstands severe cold. Self-pollinating. **Prices at left.**

Juicy Cherries, Sweet and Sour Varieties

The most delicious fruit is that which you pick from your own trees. **Garden Mark** Cherry trees are easy to grow and provide sun-ripened fruit for eating, canning and those luscious homemade pies. Wards varieties produce high quality fruit on vigorous, dependable trees. Budded on Mahaleb understock to assure extra hardiness and good root system. Thrive in almost any well drained soil. Plant in spring or fall. Wards ship healthy 2-year trees. *Shipped Postpaid* at proper planting time for your locality.

Sour Cherries 3-4 ft., Each \$190 Postpaid

A low headed strain grows only 12 to 20 feet tall with usual pruning. Fruit is down low, easy to pick. Spraying is easier. Fruit gets sun and air necessary for proper ripening. Sour cherries are self pollinating. Hardy in zones 10 through 4. Plant 20-25 ft. apart.

91 MG 6308—**Early Richmond**. Usually the earliest sour cherry. Large size bright red fruits are tender and juicy. Excellent for pies. A very good cherry for all culinary uses. Bears fruit very young and bears heavily.

91 MG 6310—**Montmorency**. An old favorite. One of the most satisfactory of all Sour Cherries. Fruit is large, dark red, firm. Exceptional flavor. Excellent keeping qualities. For canning, pies and freezing. Very hardy. Bears large crops. Ripens 10 days after Early Richmond. Grown from certified virus-free budwood.

Freestone Apricots 4 to 5-Ft. Size Trees, Each \$235 Postpaid

Wards apricot trees are well rooted, have been pruned and sprayed at the nursery, and come to you disease and insect-free. Thrive and produce a crop wherever peach trees grow. Most varieties self fertile, but for best results, plant both varieties listed for proper pollination. Plant in sunny, well-drained location 16 to 20 feet apart. Zones 5 and 6, plant in spring only; spring or fall in zones 10 through 7. Not suited for zones 3 and 4.

Moorpark. Freestone. One of best apricots—known for delicious flavor. Standard by which other apricots are judged. Extra large. Fine-grained. Ripens mid-summer. *Postpaid*. 4 to 5-ft. size 7/16 to 1 1/16-in. trunk diameter.

Berries for Pies, Preserves, Freezing—All 2-Year No. 1 Plants—*Postpaid*

Blueberries—2-Year Size—2 for \$2.95

- Grow Your Own for Luscious Flavor

Blueberry bushes will last a lifetime with ordinary care. These thornless varieties make picking easy—fruit is well off the ground. Sweet, tender berries are excellent for freezing, canning, pies or eating fresh. For best fruiting, plant two varieties 5 to 8 ft. apart. Grow best in a sandy, acid soil. Wards offer both 2-yr. and 3-yr. Blueberry plants, all Grade No. 1. Shipped spring only Zones 10 through 4. Not hardy in zone 3. See Zone Map Page 76 for advice on your area.

91 MG 6820—Jersey. Ripens midseason. Vigorous, hardy, upright bushes. Extra large, light blue berries. Firm, sweetly-flavored.

91 MG 6818—Rancocas. A heavy crop of medium to large size fruit of very fine flavor. Vigorous and hardy. Prune heavily. Early.

91 MG 6819—Rubel. Ripens late. Large, very luscious berries. Hardy. Good shipper.

For Fresh, Home-Grown Flavor, Plant Berries

Thornless Red Raspberries—5 for \$2³⁵

Canby Red Raspberry. One of the largest and best red raspberries. Canes are completely free of thorns making it easy to pick the fruit. Thick meaty firm berries make this variety a superior shipper. Very delicious flavor makes it ideal for dessert. Exceptionally vigorous grower. Commands highest prices because of its early ripening. Grade No. 1 plants.

91 MG 6707—Shipped Postpaid..... 5 for \$2.35
10 for \$3.90; 25 for \$9.15; 100 for 29.95

New Black Raspberries—5 for \$2¹⁰

- Deliciously Sweet, Almost Free from Seeds
- Ripens 5 to 7 Days Before Cumberland

Dundee. A champion among Black Raspberries. Berries are extra large, very firm and glossy black in color. Good for dessert, freezing, canning and preserves. Seldom fail to produce a bumper crop, and may even outbear old varieties. Strong vigorous bush. Very resistant to all diseases common to raspberries. Grade No. 1.

91 MG 6708—Shipped Postpaid..... 5 for \$2.10
10 for \$3.65; 25 for \$8.10; 100 for 28.50

Quick Crop Raspberries—5 for \$2¹⁰

More mature plants with heavier canes and stronger roots. Bear larger crops sooner than sizes at right. Excellent results in family gardens.

91 MG 6710—Latham Quick Crop. Postpaid.
5 for \$2.10; 10 for \$3.85; 25 for \$8.85
91 MG 6711—Cumberland Quick Crop. Postpaid.
5 for \$2.60; 10 for \$4.95; 25 for \$10.65

JUST "Charge It" SEE PAGE 23

Finest Red, Black or Purple Raspberries—Cumberland—10 Plants for \$2⁰⁵ POSTPAID

- Satisfaction Guaranteed—Plants Certified Disease and Insect Free—State Inspected
- All Shipped Postpaid Direct from Nursery at Proper Planting Time in Spring or Fall

Very profitable small fruits. Easy to grow—require little attention. Yield big crop in two years. Enjoy long season by choosing some early, midseason, and late varieties. Raspberries are hardy zones 10 through 4, but thrive best in zones 7 through 4. Black Raspberries require winter protection in zones 4-5; see Zone Map, Page 76. Red Raspberries are more hardy. All plants are Grade No. 1. Plant 3 to 4 ft. apart in rows 6 to 7 ft. apart.

Durham Red. (Red.) Enjoy raspberries from early summer until frost. Produce large crop on old canes, then in a few weeks new canes start bearing and continue right up to freezing weather. Fruit medium to large, attractive red color and of firm quality. Wonderful for home garden—delicious for eating fresh, preserving, or freezing. Healthy, vigorous and hardy. Canes grow 3 to 3½ ft. high, just right height for picking. Grade No. 1.

91 MG 6700—Shipped Postpaid..... 5 for \$2.30
10 for \$4.10; 25 for \$8.90; 100 for 29.99

Indian Summer. (Red.) Very large, ever-bearing deep red raspberries. Rich sweet flavor for market or home use. One of the earliest to ripen in summer. Bears another crop in fall. Tall heavy growers.

91 MG 6705—Shipped Postpaid. Grade No. 1.
10 for \$2.80; 25 for \$6.00; 100 for \$21.00

Latham. (Red.) Ripens in midseason. Large crops of giant red raspberries. Delicious. Fine for jam, jelly, sauce, or eating fresh. Desirable for freezing. Very hardy—withstanding weather to 45° below zero. Ships very well. Good commercial variety.

91 MG 6704—Shipped Postpaid. Grade No. 1.
10 for \$2.95; 25 for \$5.75; 100 for \$18.75

Blackhawk. (Black.) Exceptional variety. Originated at Iowa State College. Proved to be the most productive and hardy of all black cap raspberries tested during a 20-year period. Mid-season berry with large, flavorful, glossy black fruit that is firm and does not crumble. Excellent for use in freezing and canning. Easy to pick. Grade No. 1.

91 MG 6702—Shipped Postpaid..... 5 for \$2.35
10 for \$3.95; 25 for \$8.95; 100 for 33.95

Cumberland. (Black.) A giant size mid-season black-cap. Large quantities of glossy black berries on stout canes. Very hardy, disease-resistant, easy to grow. Delicious, sweet flavor. A favorite for canning. Satisfactory for freezing.

91 MG 6706—Shipped Postpaid. Grade No. 1.
10 for \$2.50; 25 for \$4.95; 100 for \$17.95

Sodus. (Purple.) Reddish-Purple cross between Red and Black raspberries. Very popular. Big, firm berries do not crumble. Tart delicious flavor. Fine for freezing. Heavy yielder. Few briars. Very hardy—well adapted to cold or dry weather. Late.

91 MG 6712—Shipped Postpaid. Grade No. 1.
10 for \$2.60; 25 for \$5.50; 100 for \$18.95

6-in-1 Apple Tree

4-5 ft. \$4.65 Prepaid

- Six Famous Apple Varieties on Just One Tree
- Complete Apple Orchard for Your Back Yard
- All You Need Is Space for One Tree

Get the following best yielding varieties budded on Red Delicious: Red Jonathan, Yellow Delicious, Crimson Winesap, Beacon and Yellow Transparent. Self-pollinating. Tree can be planted spring or fall. Trunk diam. $\frac{3}{16}$ in. or larger. Shipped Prepaid Express. State Name of Nearest Express Office.

91 MG 6130—3 Yr. 4-5-ft. size. Each \$4.65

Fig Trees 2-3 ft. Ea. \$1.85 Postpaid

- Thrive and bear well in Zones 10 to 7
- North of Zone 7 may be grown in tubs. Bring inside in winter
- Bear fruit from June until frost
- Bear First Year if Planted Outdoors

Figs are adaptable to pot or tub culture. Winter safely in cool cellar. Ornamental inside or outside. Fruit grows on young shoots as if they were branches. Foliage is decorative. Plant spring or fall, preferably in fall, 18-25 ft. apart in rich, well-drained soil in full sun.

Everbearing Fig. A wonderful new Fig. Brownish colored fruit is sweet, delicious. Considered most hardy Fig. Eat fresh, cooked or canned. Good preserved. This is the variety most used for tub planting in colder climates.

91 MG 7577—2-3-ft. size. Postpaid.
1-3 Each \$1.85. 4 or more Each \$1.65

Celeste. An old favorite. Very hardy. Med. size, brown fruit, sweet, tasty. Prolific bearer. Good for eating fresh, cooked or preserved.

91 MG 7571—2-3-ft. size. Postpaid.
1-3 Each \$1.85. 4 or more Each \$1.65

Try This Popular Orchard Plan

- Ample Supply of Fresh Fruit for Average Family.

The plan below is one of many ways to provide plenty of fruit for the average family from an area 48 by 48 ft. (Wards include other plans with your nursery stock order from which you can choose). Select a site that has plenty of sun, free circulation of air, well-drained and well-fertilized soil. Most fruit trees need to be pollinated for best fruiting. Use one good pollinator for every 6 to 8 trees. In small plantings, a neighbor's tree may serve the purpose, if no more than 100 ft. away. Wards plan below provides 4 apple trees, 4 peach trees, 2 plum trees, and 1 sour cherry tree. Berry bushes may be used between rows. G is Gooseberry; C is Currants; BR is Black Raspberry. These bushes sold on Pages 59 and 60 of this book. Dwarf Fruit trees on opposite page.

Pick Quick Crop Fruit Sooner

BEST QUICK CROP SIZE TREES FOR SMALL PLANTINGS

- All Trees State Inspected—Guaranteed Disease Free
- Guaranteed to Reach You in Proper Condition for Planting

Quick Crop Trees Have A Head Start—are much larger than regular fruit trees because they're field grown for 3 years before they come to you. Their trunks are greater in diameter and taller, and their root systems are more rugged—ready to deliver more moisture and plant food. **Popular For Ornamental Value** as well as fruit value, since they display bloom and size much sooner than trees on previous pages.

Quick Crop Trees Cost Little More—and this cost is negligible, you will agree, when you consider that you begin to harvest fruits much earlier than with ordinary trees—usually in two or three years after planting. **For Proper Pollination** and best results with your fruit crop, plant at least two varieties of apple, peach and all except the Sour Cherry, which is self-pollinating—one tree alone will bear.

Quick Crop Trees are 5 ft. Or More in Height. Apples, Cherries, Pears and Plums average about $5\frac{1}{2}$ ft. in height, have trunk caliper from $\frac{7}{8}$ to 1 inch. Peach trees, which are by nature smaller at maturity, will average 5 to 6 ft., have trunk caliper of at least $1\frac{1}{16}$ in. **Plan Your Own Orchard.** Sketch and selections in lower left corner will aid you. Fruits on this page are hardy in same zones as regular sizes, Pg. 54-57.

Quick Crop Apple Trees—Lots of 4 or More, Each \$2.90 Prepaid

91 MG 6160—**Double Red Delicious.** Bears sooner than the regular Red Delicious. Often produces fruit 2 to 3 years after planting. Extra large, 5-knob apples. Fine-grained, juicy flesh. Considered the King of all red apples. Brings high market prices. Always a popular apple. Ripens in late or mid-fall. Grows almost everywhere. Keeps well.

91 MG 6164—**Yellow Transparent.** Large, waxy yellow fruit. Flesh is crisp, white, sweet and juicy. Favorite for sauce. Begins to bear at an early age. Bears big crops even after severe winters. Good pollinator for other varieties. Grows almost everywhere. Ripens early to midsummer.

91 MG 6165—**McIntosh, Solid Red.** Beautiful red apple with contrasting snow-white flesh. Retains brilliant crimson color after picking. Flesh is tender and juicy. Extra hardy, long lived, productive. Ripens in late summer. Keeps well.

91 MG 6166—**Winesap, Stayman.** Vigorous tree, bears early. Large, attractive red fruit striped greenish yellow. Tender, fine-grained, juicy fruit with spicy flavor. Keeps well. Ripens late fall.

91 MG 6169—**Yellow Delicious.** Glossy, golden yellow. Crisp, firm, creamy yellow flesh. Tangy flavor. For cooking or eating fresh. Good winter keeper. Productive. Good pollinator.

Quick Crop Pears—4 or More, Ea. \$3.20 Prepaid

- Easy to grow. Require minimum care in garden.

91 MG 6260—**Bartlett.** Best early pear. Enormous crops of large, yellow, beautifully formed fruit. A national favorite. Fine-grained; excellent flavor. A good pollinator for other pears.

91 MG 6261—**Kieffer.** Crisp, juicy flesh. Delicious flavor. Large yellow fruit with vermilion bluish. Hardy tree is blight-resistant. A good pollinator for other varieties. Ripens after Bartlett.

91 MG 6262—**Clapp favorite.** Largest lemon yellow fruit with red bluish. Rich, juicy, delicate flavor. Ripens about 14 days before Bartlett. Hardy, blight-resistant trees. Plant with a good pollinator.

Quick Crop Plums—4 or More, Ea. \$3.15 Prepaid

- Plant 2 varieties for proper pollination.

91 MG 6566—**Superior.** Rich dark red fruit. Sweet, juicy, light yellow flesh. As large as many California plums. Clingstone. Very hardy and vigorous. Bears heavily and begins bearing quickly.

91 MG 6563—**Abundance.** Freestone. Amber blending into dark red. Sweet flesh. Good pollinator

91 MG 6564—**Burbank.** Very hardy European type. Large red fruit. Rich, juicy. Good pollinator.

91 MG 6568—**Italian Prune.** Also called Fellenberg Prune. For canning or drying. Oval, purple fruit with yellow sweet flesh. Freestone. Heavy bearing.

Quick Crop Peaches—4 or More, Ea. \$2.40 Prepaid

Be sure to see Page 57 for hardiness information.

91 MG 6460—**Elberta.** Midseason. Yellow freestone. Oval fruit with rosy bluish. Most popular of all peaches for all home uses. Self-pollinating.

91 MG 6461—**J. H. Hale.** Midseason yellow freestone. Larger fruit than Elberta. Solid golden yellow flesh, tender, free from grain. Plant with a good pollinator. Fine for canning, freezing.

91 MG 6464—**Golden Jubilee.** Yellow freestone. Matures early. Flesh is juicy, delicious. Very hardy. Blooms under danger of frost. Self-fertile. Good pollinator. Good for market, home use.

Quick Crop Cherries—Low as \$3.25 Ea. Prepaid

91 MG 6361—**Montmorency.** Sour Cherry. An old favorite in home gardens. Deep red, firm, fine flavored. Keeps well. Excellent for canning, freezing or pies. Makes a low headed tree. Easy to pick. Self-pollinating. Hardy in zones 10 through 4.

91 MG 6362—**Bing.** Sweet. Very large. Dark red, heart-shaped fruit with glossy skin. Firm, meaty, tasty flesh. Ideal for eating fresh or freezing. Ripens in June. Hardy in zones 10 through 5.

91 MG 6365—**Black Tartarian.** Sweet. Purplish-black. Firm, sweet and highly flavored. Good pollinator for other sweet cherries. One of the best for home and market. Hardy in zones 10 through 5.

Full Size Fruit, Full Flavor from Dwarf-Size Garden Mark Trees

DWARF FRUIT TREES—8 TO 10 FEET TALL AT MATURITY

- Trees Are Guaranteed Disease-Free, Insect Free
- Bears Fruit Sooner—Easy to Harvest

Dwarf Fruit Trees bear sooner than large trees—often in two years. They are easy to spray and care for, and easy to harvest. Just a few trees can bring a lot of pleasure. In spring they are a beautiful mass of bloom; throughout summer the ripening fruit is ornamental; and at harvest time you enjoy delicious fruit.

Dwarf Pear Trees Each \$3.50 Postpaid

91 MG 6215—**Bartlett**. Best early pear. Large, juicy, well flavored. Fine grained, yellow flesh. For canning, eating. Disease resistant. Good pollinator.

Just Say "Charge It"

Buy your Fruit Trees now on one of Wards easy credit plans. Pay over many months on Wards Home Improvement Plan. See Page 23 for information on the different plans.

- State Inspected—True-to-Name Varieties
- One Tree Requires a Space only 6 ft. by 6 ft.

For best fruiting results from your "Pint Size" orchard, plant at least two varieties for proper pollination of apples and pears. Sour cherry and peaches which we offer are self pollinating. See Page 76 for new Zone Map. Climate requirements are the same as for standard trees. Plant in spring or fall.

Dwarf Max-Red Pear Ea. \$3.95 Postpaid

New taste thrill. From Bartlett parentage, pear retains all fine qualities of Bartlett strain, plus rich, red skin coloring. Color does not carry through into fruit. Firm, fine-grained flesh is sweet; contains 10% more sugar by test. Excellent for canning. Does best in heavy, moderately fertile soil, but grows in any well-drained soil. Allow 12 ft. for each tree. Plant Pat. No. 741. 3-4-ft. size, 9/16-in. caliper. Shipped Postpaid.

91 MG 6220—1-3 Ea. \$3.95; 4 or more, Ea. \$3.75

Dwarf Apple Trees Each \$4.15 Postpaid

91 MG 6151—**Wealthy**. Ripens early fall. Big red and green striped apple. Firm white flesh, tender, juicy, wine-like flavor. Starts heavy production while young.

91 MG 6145—**Red Delicious**. Ripens in fall. Flavorful, juicy, firm-fleshed apples are deep red with 5-knob shape. Keeps very well. One of the most popular eating apples.

91 MG 6147—**McIntosh**. Ripens in fall. Bright crimson apple with snow-white flesh. Retains color after picking. Tender, juicy, delicious flavor. For eating, cooking, drying, cider.

91 MG 6149—**Red Jonathan**. Ripens in fall. Bright red apple. Crisp, tender white flesh is fine grained, juicy, flavorful. Excellent eating apple. Keeps well through the winter months. Very hardy.

91 MG 6140—**Yellow Delicious**. Ripens late fall. Glossy, golden fruit. Same size, shape as Red Delicious. Crisp, firm, creamy yellow flesh, tangy flavor makes it a favorite for eating or cooking. Good pollinator, excellent for winter storage.

Dahlias for Summer Bloom

Giant Dahlias Garden of 5 \$435

Tremendous size blooms, often up to 12 in. in diam. Bloom late summer until killing frost. Plant in ordinary well-drained soil in full sun. Protect from strong winds. Plant 6 in. deep, 2 to 3 ft. apart, in spring only, after ground has become warm. Protect stalks with stakes (See Page 44 for stakes). Dig roots in fall and store. For larger blooms, pinch off side buds, allowing only center bud to mature.

Garden Mark Giant Dahlia Collection. 1 each of 5 below.
91 MG 3460—Save 35c; Shipped *Postpaid* Spring Only. 5 for \$4.35

Large Prize-Winning Garden Mark Gladiolus

GUARANTEED TO BLOOM OR BULBS WILL BE REPLACED

Finest Quality, Plump Bulbs, Specially Treated To Be Disease-Free—Choice of 3 Sizes—Postpaid

Scientifically treated to prevent thrips. Wards Gladiolus Bulbs are carefully grown and scientifically stored to retain their ability to produce large, full spikes of bloom. Very Easy to Grow. Require little care. Thrive in any garden soil with good drainage, fertilizer, and plenty of water throughout the growing period. Plant 6-7 in. apart in spring only, in full sun after danger of frost is past. For Bulb Fertilizer see Page 72.

Bloom 80 to 90 days after Planting. For cut flowers all summer, make 5 or 6 plantings about a week apart beginning as soon as the ground is warm. Dig bulbs in fall, clean and store in open trays in a cool, dry place. Bulbs are graded for size according to standards recognized by New England and Illinois Gladiolus Societies. Varieties below are among the best. **Shipped Postpaid** direct from Nursery from Jan. to June.

Grade No. 1. Bulbs are 1½ inches or more in diameter. Produce fine, exhibition type bloom. Sometimes grow more than one spike per bulb.

Grade No. 2. Bulbs are 1¼ to 1½ in. in diameter. Blooms and spikes are somewhat smaller than Grade No. 1, at left, but satisfactory in every way.

Grade No. 3. Bulbs are 1 to 1¼ inches in diameter. Blooms and spikes are small and short, but good for cutting. Plant early for best results.

Mums Give Brilliant Bloom Every Fall

USE IN BORDERS, FOUNDATION PLANTING, AGAINST HEDGE OR EVERGREENS

Outstanding Varieties. All Garden Mark Chrysanthemums have been carefully chosen to provide an array of color and give continued satisfaction. For most dramatic effect plant in groups of 3 or 5 of one variety or plant a mass of contrasting colors against background of shrubs or evergreens.

Wards Mums Are Easy to Grow. Plant 2 ft. apart in any sunny location with average soil, good drainage and protection from wind. Protect in winter in zones 5 through 3. For sturdy plant growth and more abundant bloom apply Wards Plant Food (listed on page 72 of this catalog) in early August.

How to Get the Most from Mums. On taller varieties (A through P) you'll achieve more compact growth and most abundant bloom if you pinch plants back about one third when they are 8 inches tall, and again when 12 inches tall. Mums should have ample water, especially while buds are forming.

Plant Chrysanthemums in Spring or Fall. But, if you want to enjoy this wealth of bloom this fall the plants must be set out this spring. Planting instructions are included. All are shipped Postpaid direct from the nursery to you, at proper planting time for your locality. See Wards Guarantee of satisfaction, Page 20.

All America Award Winning Mums

Each \$1.00 Postpaid

- Tested throughout continental United States
- Tops in size, color, and loveliness

In test gardens throughout the United States these mums were grown and judged among scores of other varieties. Here are three of the 1958 and 1959 All America Mum Selection Award Winners—chosen as the best, most widely adapted varieties in a wide range of growing conditions.

Garden Mark All America Mum Garden. Save 8% over individual prices. 1 ea. of 3 below.
91 MG 2175—Postpaid.....3 for \$2.75

A 91 MG 2171—**Burning Bronze.** 1958 All America Award Winner. One of the finest bronze mums to be introduced. A medley of tangerine, orange and bronze that provides a bright fall touch in the garden. Medium size blooms on fairly tall plants. Free blooming. Excellent cut flower for fall bouquets. (Pat. No. 1877.)

B 91 MG 2172—**Emperor.** 1958 All America Award Winner. A blaze of golden light from top to bottom. Yellow flowers deck the plant right down to the ground, each a generous bloom. Vigorous compact grower. Grows to medium height with a large shapely spread. A single plant will produce as many as six or seven huge bouquets of mums. (Plant Pat. No. 1733.)

C 91 MG 2174—**Girl Friend.** 1959 All America Award Winner. Gorgeous, early pink mum with graceful beauty. 28-inch stems are loaded with solid, very durable 3½-in. blooms of delightful coral-rose pink. Superb in cut flower arrangements. (Pat. No. 1791.)

Prices of Pompon Mums. (Z) through (CC). State Cat. No. Postpaid. Each 75c.....3 for \$1.98

Recent Hardy Chrysanthemums

Each 90¢ Postpaid

Every year new, improved Chrysanthemum varieties are introduced to add to the pleasure of the fall garden. If you like to add to your mum collection you'll want to add these newer mums.

Garden Mark Collection of Newer Mums. Includes 1 each of 5 varieties below.

91 MG 2105—Shipped Postpaid.....All 5 for \$3.50

D 91 MG 2102—**Evelyn Devaney.** Delicately beautiful, shell-pink color new to mums. Well formed flowers with overlapping petals. Blooms in midseason. Beautiful with Chippewa (J).

E 91 MG 2101—**Prairie Sunshine.** Fully double bright yellow blooms up to 4 inches across cover a mound 2 ft. high and 3 ft. across. Begins blooming early and stays late in season. Promises to be one of the finest early mums.

F 91 MG 2103—**White Sail.** The very best midseason white mum. Heavily textured flowers on a clean plant of vigorous growth. Branches from the ground, so it makes a perfect foreground plant. Excellent for cutting. Beautiful with Chippewa Red.

G 91 MG 2100—**Chippa Red.** A sport of the famous Chippewa, with the same fluffy sprays of early, dependable bloom. Color is more intense than Chippewa—a velvety turkey red that warms to a smoky maroon.

H 91 MG 2104—**Football Bronze.** A large flowering, incurved bronze mum that blooms in mid-season. Tall, strong, upright growing plant.

(T)

Hardy Verbena—For Bedding

3 for \$1.95 Postpaid

(T) (*Verbena Venosa rosea.*) One of the best perennials for bedding. Grows only 8 to 10 inches tall and is covered with beautiful clusters of deep rose-red blooms from June through October. Plant 6 in. apart in spring only, winter protect in zones 3 and 4.

91 MG 2575 D—Postpaid. Each 75¢; ... 3 for \$1.95

Summer Sunburst Perennials—For Brilliant Summer Color

(C) **Coreopsis, Double Sunburst.** Masses of brilliant, double yellow flowers on tall graceful stems. Attractive wide-spreading plant. Grows 2 to 3 ft. tall, and blooms early summer until frost. Excellent bouquet material. Easy to grow in any soil, in a sunny position. Drought resistant. Plant 12 inches apart in spring or fall. Hardy all zones.

91 MG 2586 D—Postpaid, Each 55¢; ... 3 for \$1.50

(D) **Doronicum Mme. Mason.** (Leopardbane) (*D. caucasicum.*) One of the few flowers that bloom from early spring into fall. Medium-low growing. Bright yellow flowers resemble a daisy with yellow center. Long, stiff stems—fine for cutting. Last for days in water. Broad oblong leaves of rich soft green. Excellent addition to perennial border or cutting garden. Thrive best in rich loam. Plant in sun or partial shade. Plant 6–8 in. apart in spring or fall. Hardy all zones. Winter protect in zones 3 and 4.

91 MG 2306 D—Postpaid, Each 75¢; ... 3 for \$1.95

(E) **Helenium, Moerheim Beauty.** Large, glowing, brown-red blooms of silky texture on sturdy stems several inches above the foliage, make this one of the loveliest border perennials. Their rich color is the perfect addition to summer bouquets. Bloom June to Sept. Grow 2 ft. tall. Plant 2 ft. apart in full sun, in spring or fall. Hardy all zones.

91 MG 2585 D—Postpaid, Each 95¢; ... 3 for \$2.70

(F) **Chinese Lantern.** (*Physalis alkekengi francheti.*) Blazing orange and scarlet pods like little Chinese lanterns hang from tall stems in late summer. 18 to 24-in. stems, with 10 to 20 paper-thin 2-in. pods. Nothing else like it: gives variety in the garden. May be dried for winter bouquets if placed in vase without water. Plant in ordinary soil, in full sun, 2 to 3 ft. apart in groups by themselves or in the perennial border. Grow to 3 ft. tall. Hardy all zones.

A Lawn for Every Purpose

CHECK SEEDS PER POUND, PERCENT OF PERENNIAL GRASSES

FREE

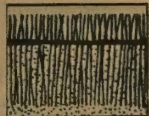

Wards Lawn Pamphlet included with order for Garden Mark seed.

Guaranteed To Grow

Wards Guarantee: We guarantee our Lawn Seed to grow if planting instructions, furnished with every purchase, are followed and proper care is given. If you are not satisfied with the results obtained we will replace the seed or refund the purchase price, plus shipping charges. Since grass seed, like any other living, growing thing, requires a certain amount of care in order to thrive, Wards cannot be responsible for any amount greater than the purchase price.

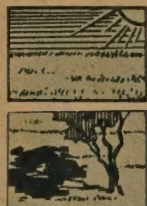

Guaranteed FRESH AND PURE

Garden Mark Lawn Seeds are fresh stock not stored or left over from the previous season, but new seeds gathered from growing, thriving crops. Every kernel is plump and vigorous. 99.91% weed free—as free as modern efficient machine cleaning and cleaning methods can make it. As free as possible of dirt, sticks, and empty hulls.

Guaranteed VIGOROUS

Good seed has high germination—"built-in" ability to grow. Germination of Garden Mark Lawn seed is tested under conditions that approximate nature, give you a true picture of the amount of seed likely to live and grow. Date of test and percent of germination are shown on each package—your assurance of vigorous, productive seed.

Guaranteed RESULTS

In "action areas" (new lawns, muddy spots, play areas, etc.) sun or shade, when receiving reasonable care, Ruf-N-Tuf is suitable. For Shade areas (less than 6 hours of sun a day) All Purpose is excellent. Show Lawn contains a mixture of the finest grasses obtainable, will give you a beautiful lawn to enjoy for many years to come with ordinary care.

New only **\$1.53** lb.

Wards Show Lawn Contains Finest Grass Varieties

1. **MERION BLUEGRASS**—stays green in summer, resists crabgrass
2. **DELTA BLUEGRASS**—extra hardy, for quick growth, good color
3. **PENNLAWN FESCUE**—good resistance to disease

- **Luxurious Texture**—gives medium fine turf, free of weeds and coarse grasses
- **Excellent Growth**—thrives even in semi-shaded areas or in poor soil
- **Weather Resistant**—stays green in summer heat, withstands winter freeze
- **Greater Coverage**—1 lb. seeds 500 sq. ft. of new lawn, 1000 sq. ft. when reseeding

Garden Mark Show Lawn, Wards best seed mixture. We believe it the finest lawn seed mixture you can buy. Not only does it use 3 of the newest grasses, but it covers a larger area than any other mixture and actually costs less over the years in maintenance, reseeding and reworking. It is a Merion Bluegrass mixture that makes a luxurious turf free of weeds, and matures with ever-deepening beauty.

Through heat of summer and freezing of winter, your lawn will remain undamaged. Contains over 41% Merion Kentucky Bluegrass (used in major league baseball parks); new Delta Bluegrass; new Pennlawn Fescue and Redtop. 1 lb. plants 500 sq. ft.; 1000 sq. ft. if reseeding.

Galvanized Steel Grass Stop

- 2** Garden Mark Galvanized Steel Edging. Guaranteed 15 years against rusting or we will replace free of charge. Corrugated steel has springlike temper, holds shape and strength, resists heaving action of ground as it thaws in spring. 2 popular heights. *Mailable.*
89 MG 2265—40-ft. roll, 4 in. high. Ship. wt. 8 lbs. **\$2.89**
89 MG 2266—40-ft. roll, 6 in. high. Ship. wt. 12 lbs. **\$4.39**

Green Plastic Grass Stop

- 3** Garden Mark Plastic Edging. Economical, easy to install. 100% plastic, won't corrode. Completely resists rot and stain caused by alkalis or acids in soil. Heavy duty, yet flexible. No sharp edges. Permanent green color blends with lawn. May be cut with scissors. 4 in. high, state length. *Mailable.*
89 MG 2259—24-ft. roll, Ship. wt. 3 lbs. 8 oz. **\$1.89**
40-ft. roll, Ship. wt. 5 lbs. 8 oz. **\$2.79**

Faster, Easier and More Accurate Coverage with Wards Spreaders . . . a Size for Every Use . . . Built to Last

- 4** Garden Mark 16-in. Lawn Spreader. Easy action, efficient knob-set control dial with all settings clearly marked—no need to re-set dial after opening or closing. Accurately dispenses fertilizers, seeds, chemicals, etc. Contents kept in constant motion by agitator—eliminates clogging and blocking. Tubular steel handle, plastic hand grips are comfortable for the operator. 7-in. rubber-tired steel wheels. Hopper capacity 30 lbs. Attractive Green and White baked-on enamel finish. *Mailable.*
89 MG 1076M—Ship. wt. 15 lbs. **\$6.45**

- 5** Garden Mark 20-in. Spreader. Finger-tip dial control has 34 settings, zig-zag agitator with staggered teeth for uniform, no-waste coverage. Positive shut-off stops flow on turns, stops. 20 by 10½ by 10¾ in., holds 60 lbs. of dry fertilizer.

Extra-wide tread, 10x1.50 semi-pneumatic tires. Copper and white baked-on enamel finish. Steel legs, handle; rubber hand grips. Nylon bearings. *Mailable.*
89MG1080MO—Ship. wt. 26 lbs. **\$10.69**

- Automatic Row Marker—no more missed strips
- 34-Setting Control—gives close adjustment
- Positive Shut-off Handle—no waste on stops
- Zig-Zag Agitator—for more uniform coverage

- 6** Garden Mark 28-in. Spreader with extra features, extra capacity, extra sturdy construction—at low cost to you. Spreads a wide path when seeding or fertilizing lawn, has fingertip adjustment dial with 34 graduated settings from "fine" to "Wide open" for varying rate of speed. Row-marker drops spots of lime or flour (not included) along edge of path covered to eliminate overlaps and waste. Staggered, serrated teeth in zig-zag agitator produce constant in-and-out action for no-waste coverage. Agitator and shut-off plate are treated with a baked-on finish resistant to rust, corrosion and chemicals in weed killers and fertilizers.

Big 28 by 10 by 10½ in. heavy-gauge steel hopper holds full 85 lbs. of dry fertilizer—covers a large area without tiresome stops for refilling. Channel steel legs, strong steel handles with rubber grips for easier handling and protection to hands. 10 by 1.75 semi-pneumatic, puncture-proof tires have wide tread, protect new seed bed and young seedlings. Nylon bearing wheels and axle.

Modern, streamlined design with bright Garden Mark Gold and White baked-on enamel finish—attractive as well as durable. *Mailable.*

New! Easy-Access Steel Garden Cabinets

Featuring Swing out Doors With Catch-all Shelves

\$56²⁵ 5 Ft. **\$87⁵⁰** 7½ Ft. **\$102⁵⁰** 10 Ft.

1 Fireproof, weatherproof, require very little maintenance. Use in town or country to solve your storage problems. Steel shelves 22 in. long, 3 in. deep can be placed anywhere on the doors to suit your storage needs. 10 ft. and 7½ ft. cabinets have 4 shelves, 5 ft. has 2 shelves. Prime coat of light tan paint . . . can be repainted to suit individual preference. Used for storage of garden tools, mowers, toys, storm windows, screens, lawn furniture, or for safe storage of inflammable materials.

Entire front opens for convenient "reach-in" operation. Doors lock for complete protection. Pre-assembled, welded steel construction. Side, end, roof and door panels can be assembled with a screw-driver, in minutes. Each end has awning-type louvers to allow free circulation of air. Factory installed doors with piano-hinges for durability. Garage-type key-lock door-handle complete with keys. Floor not included—erect on concrete, wood or dirt floor. Steel mounting brackets included. All cabinets are 56 in. high and 30 in. deep in choice of 3 widths: 5 ft., 7½ ft., and 10 ft. Shipped from Factory near Detroit, Mich., by Freight or Truck. Allow 14 days plus transit time. Pay charges from Factory.

89 MG 4019 F—5-ft. Size. 2 doors, 1 lock. Ship. wt. 158 lbs. . . . \$6 Dn. Cash **\$56.25**

NEW Hardiness Zone Map—Avoid Mistakes

Find Your Zone—Descriptions State Zones in Which Plants May be Grown

New Map Released by U.S. Gov't

First Published Fall 1960, after a 5 year program that combined the work of Dr. Henry Skinner of the U. S. National Arboretum, and the Agricultural Research Service of the U. S. Dept. of Agriculture, with the cooperation of the American Horticultural Society, the American Association of Nurserymen, U. S. and Canadian weather bureaus and independent horticulturists. It is published by the U. S. Government Printing Office.

Reflects New Information from Experiment Stations and individuals, and is the most detailed zone map available thus far. Your use of this map when you select varieties of trees, shrubs and plants will assure greater satisfaction and success.

Most Plants Thrive in All Areas

Choose Plants Suited to Your Zone . . . these will be the easiest for you to grow, and Wards guarantee them in the zones recommended. However much satisfaction may be derived from growing plants not recommended for your zone. True gardening adventure comes with the fun of growing something rare to your locality. A little extra care can provide the acid soil or other conditions necessary to the plant but not natural to your locality or garden. If a special soil condition, or location is necessary to best plant growth, these conditions are stated in the plant descriptions in this catalog.

Provide Sheltered Location Where Indicated. This will help to insure success. Some shrubs or trees thrive best when sheltered from either hot, dry winds, or from severe cold winds, and these are indicated by the phrase "Plant in sheltered location." Plants so indicated will thrive best near a building, windbreak or taller shrubs that will shelter them.

The Term "Hardy" Means Ability to Endure Cold

Plants Hardy in Your Zone are Most likely to Succeed. Trees and Shrubs are considered hardy when the entire woody structure remains alive through the winter and plant withstands cold in zones indicated. Perennials are considered hardy if they come up again in spring. Perennials may die back to the ground, but the root system remains alive through the winter and will produce new growth and beauty each spring.

Zone Recommendations in this Catalog are as Accurate as Possible. However it must be remembered that there may be zones in which a particular plant may be successfully grown in most areas, while in some small section the same plant will not thrive. It is impossible to cover all varying factors. The plant may endure the cold, but there are other elements that determine the success or failure of a plant's growth and production of flowers or fruit. These variations include elevation, prolonged summer heat, hot drying winds, lack of moisture, soil variations, amount of snow etc. All these factors may determine the degree of success you may expect in your garden. Soil preferences and other information is given. Use of soil conditioners and fertilizers will help provide alkaline or acid soil.

WHAT WINTER PROTECTION CAN DO FOR YOUR GARDEN

Winter Protection Enables you to Grow Beautiful Roses in Severe Climates. If you follow the directions given in the Planting Guide shipped with your order your Rose bushes will be more beautiful every year. For roses, winter protection means that the soil should be heaped about the plants just after the first light freeze. Plant Guards, sold on page 44, will help to do this more easily. Also see sketch below.

Perennial Gardens Grow Lovelier with the Years—Even in Cold Climates. Most perennials require winter protection north of Zone 6. Wherever snow does not provide a continuous winter cover, they must be given a mulch consisting of two to four inches of clean wheat straw, buckwheat hulls, shredded cornstalks or peat moss. Fine textured mulches such as manure or peat moss may be cultivated into the soil the following spring. A covering of evergreen or other branches that will catch the snow, shade it and keep it from melting too quickly is also beneficial. A mulch should provide a covering, but should not be heavy or air tight, and should not smother plants.

Mulches are NOT Intended to Keep Plants Warm. They should be applied after the ground has frozen for the first time to keep the ground frozen and prevent plants from being heaved out of the ground by alternate freezing and thawing in late fall and early spring. This may be injurious to plants. Mulch should be removed early in spring. It is best to do this a little at a time over a two or three week period. This allows tender new shoots to harden off, and keeps them protected from possible spring frosts. Peat Moss is available on Page 45.

Keep This Book For Year 'Round Ordering—Use Every Planting Season

ORDER EARLY—Get the Varieties you Want. For spring shipments it is best to order early while stocks are still complete. If your order is received too late for spring planting, you will be notified, and it will be held for shipment in the fall—unless you specify otherwise.

If your Order is Too Late for Fall Planting it will be held until the following spring. This, of course, will apply only to plants, trees and bulbs that may be planted in the following season. Nursery Stock is shipped in spring or fall unless description indicates that is shipped in spring only, or in fall only as for tulips.

Protect Your Investment in Nursery Stock—Take a few minutes to read the planting instructions included with your order. The extra care you take in planting can make the difference between success and failure of plants in your garden.

Most Plants are Shipped At Planting Time in spring or after they have become completely dormant in fall. All the nursery stock you order will not necessarily be shipped at one time, as different types of plants may come from separate Nurseries. However they will all come at planting time.

Bulbs are Shipped Immediately. However bulbs on Pages 80 and 81 are for fall planting only. These bulbs are dug in late summer, imported from Holland, and shipped to you about October 1st.

If Your Order is Not Received Immediately—don't be alarmed. Our Nurseries keep a careful check on weather conditions, and all plants are shipped when they can be set out safely in your location. Shrubs, roses and trees may be shipped early in spring, while perennials are apt to be shipped at a later date.

Some Packages Shipped Express Prepaid Large trees (6 to 8 ft. or more), and packages too big for Parcel Post, are shipped Express Prepaid. However since nursery stock must be shipped during dormant period, plants are often packed separately, and shipped at different times. Wards mail a separate guarantee slip covering each package.

No C. O. D. Orders Accepted on Plants. Wards do not ship Nursery Stock, plant or bulb orders C. O. D. No nursery stock is shipped to Canada, Mexico or any point outside the continental United States. Orders are, however accepted for Alaska. Be sure to read Wards Nursery Stock Guarantee on Page 20.

Shipping Costs on Other Merchandise. You pay shipping costs on garden supplies such as sprayers, arbors, and other garden equipment. Weights are stated. Costs may be determined by consulting Wards Big General Catalog, or by consulting your postmaster.

Send Postage for Combined Weight. Total weights of items and send postage for combined weight. If it is necessary to send order in more than one package, Wards pay additional postage.

CKSDFA WARDS 77

Attractive Pampas Grass—Good Tall Screen

Each \$159 3 for \$439 Postpaid

A (*Cortaderia argentea*). Ideal shrub for mild climates. Graceful, sweeping lines. Tall, arching, grass-like, with silky, plume-like clusters of creamy to light pink color. Combines beautifully with many perennials. Often used as a screen. Effective near ponds or streams. May be dried for winter bouquets. Plant at least 3 ft. apart—it does not like crowding. Grows to 8 ft. tall. Prefers a rich, sandy soil, full sunlight. Hardy zones 10 through 7.

91 MG 7557—Shipped Postpaid.
1 clump for \$1.59; 3 for \$4.39

For Additional Hedge Plants.
... See Rose Hedge on Pages 8 and 9. For Evergreen Hedge see Pages 24 and 25. Varieties best suited for hedge are upright forms of Yew and Arborvitae. Tall screening varieties may be found on Page 26.
Additional tall flowering shrubs on Pages 90-92.

A

Choose Garden Mark Hedge

ALL SHIPPED POSTPAID DIRECT FROM NURSERY

- Makes the Finest Living Fence, Sturdy, Dense; No Painting or Repair
- Gives You Guaranteed Satisfaction (See Wards Guarantee Pg. 20)
- Varieties Listed are all Easy to Grow; Simple and Easy to Maintain
- All Grow More Beautiful Every Year—Increase Property Value

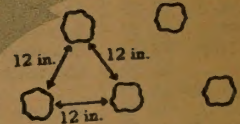

Choose a hedge according to its purpose. For formal appearance use a trim, clipped hedge such as Privet or Boxwood. For informal hedge use a variety that needs no clipping, such as Barberry, or one of the tall flowering hedges opposite. A tall hedge provides privacy near an outdoor living area, or will shield a perennial border from wind. A low hedge may be used to outline a flower border, line a walk or driveway. Plant hedge in a well drained location, but give it plenty of moisture until well established.

How to Plant a Single Row, or Broad Dense Hedge

For a 1-Row Hedge

For a Broad, Dense Hedge

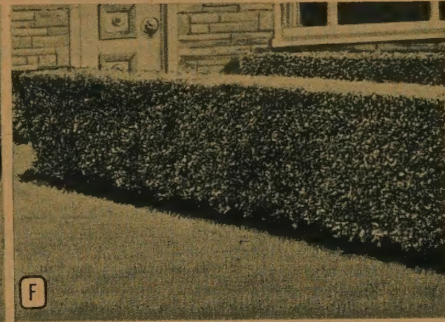

Keep It Low or Let It Grow—up to 15 Feet or Prune Lower

E

50-ft. Hedge (25 plants) \$850

F

50-ft. Hedge (25 plants) \$210, \$275

G

50-ft. Hedge (10 plants) \$1190, \$1290

E **Falcata Bamboo.** Fast growing to 10 or 12 ft. tall, or may be clipped and kept low. Feathery, light green veined foliage. Arching canes about 1/4 in. in diameter; blue-white when young. Plant 2 ft. apart in moist, light soil and part shade. Hardy zones 10 through 7.

91 MG 7554—Postpaid. State Quantity.
1-yr. field grown plants.....10 for \$5.50
25 for \$8.50.....50 for 15.00

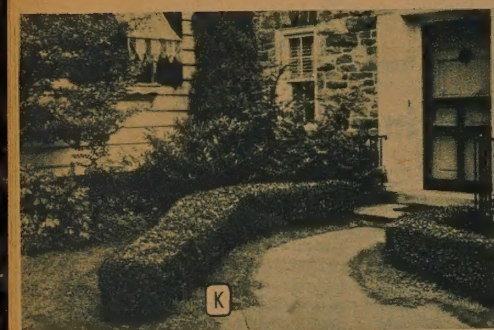

F **Chinese Elm.** (*Ulmus pumila*). Fast Growing to about 12 ft. tall, and thick if left untrimmed. May be pruned lower. Forms a dense, compact hedge of dark green leaves that are among the first in spring, last to drop in fall. Foliage turns red in cold climates. Plant 1 1/2 to 2 feet apart in full sun. Drought and heat resistant. Hardy all zones.

91 MG 5512—Postpaid. State size and quantity.
12-18 in.....10 for \$1.00; 25 for \$2.10; 50 for \$3.25
18-24 in.....10 for 1.35; 25 for 2.75; 50 for 4.55

G **Wax Leaf Ligustrum.** (*L. lucidum*). Grows slowly to about 12 or 15 ft. tall, or may be kept low and pruned to any shape. Waxy foliage all winter. White flowers are 10 inches long in spring, followed by bunches of shiny black berries loved by birds. Plant 3 to 5 ft. apart in full sun or part shade. Drought resistant. Good in hot, dry areas. Hardy in zones 10 through 7.

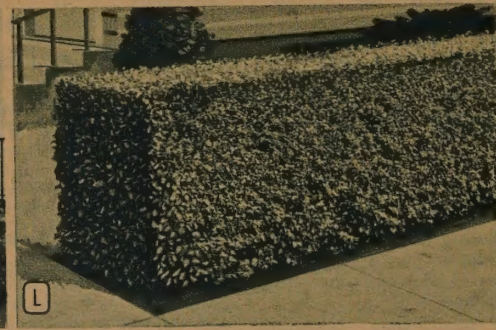

91 MG 7505—Green Leaved. (compactum). State Quantity.
12-15-in. size. Shipped Postpaid.....5 for \$6.45; 10 for \$11.90
91 MG 7506—Golden Leaved. (aurifolium). State Quantity.
12-15-in. size. Shipped Postpaid.....5 for \$7.45; 10 for \$12.90

Low Growing Hedge—Natural Height 12 in. to 5 ft., Without Pruning

K

50-ft. Hedge (50 plants) \$1250

L

50-ft. Hedge (25 plants) \$1425

M

50-ft. Hedge (50 plants) \$1325

K **Boxwood.** (*Buxus sempervirens*). Grows slowly to about 4 ft. tall. Small, close growing, bright green foliage is beautiful all year. Clips to almost sculptured lines. Perfect as border or single specimen. Plant 12 to 15 inches apart in sun or part shade. Hardy zones 10-7. Plants 1-yr. size, shipped bare root.

91 MG 7511—Postpaid. State size and quantity.
3-5-in. size.....10 for \$5.00; 25 for \$8.50; 50 for \$12.50
8-12-in. size.....Each 1.40; 3 for 3.90

L **Clayey's Dwarf Honeysuckle.** (*Lonicera nana Clayeyi*). Grows slowly to about 4 ft. tall. Neat, compact foliage from the ground up. Excellent in foundation planting. Shears to make one of the finest appearing of low shrubs. Small, white flowers in late spring. Plant 2 ft. apart in full sun. Easy to grow. Hardy all zones. State Quantity.

91 MG 5533—Postpaid. 12-15-in. size.
10 for.....\$5.95; 25 for \$14.25
50 plants for.....27.50

M **Barberry, Greenleaf** (*Berberis thunbergii*). Grows slowly to 3 or 5 ft. Bushy, bright green foliage turns vivid red in fall. Provides color the year 'round, for its bright red berries cling all winter. Ideal for a protective hedge—the thorny branches form an almost impenetrable barrier. Thrives even in light soil. Never needs trimming. Plant 12 to 15 in. apart in sun or light shade. Rust free plants. Hardy all zones.

91 MG 5505—Postpaid. State size and quantity.
12-18 in.....10 for \$3.00; 25 for \$7.25; 50 for \$13.25
18-24 in.....10 for 3.55; 25 for 8.50; 50 for 15.95

See Page 23
for Credit Terms

Tall Growing Flowering Hedge, Easy to Maintain, Needs No Shearing

40-ft. Hedge (10 plants) \$260, \$345

B **Bridal Wreath** (*Spirea vanhouttei*). Fast growing to about 7 ft. tall. Covered with dainty flowers in spring. Beautiful, tall screen without trimming. Small, dark green foliage is attractive through fall. Mature plants have hundreds of arching branches. Hardy all zones. Plant 3 to 4 ft. apart in fairly good soil, in full sun or part shade.

91 MG 5511—Postpaid. State size and quantity.

12-18 in.....10 for \$2.60; 25 for \$5.95; 50 for \$10.50
18-24 in.....10 for 3.45; 25 for 7.75; 50 for 14.50

50-ft. Hedge (10 plants) \$295

C **Honeysuckle** (*Lonicera tatarica*). Grows fast to about 10 ft. tall. Makes a tall hedge in a few years. Blooms in early summer. Thick, upright-spreading branches bear fragrant light pink or red blossoms in early summer, followed by red berries. Plant 3 to 5 ft. apart in full sun. Grows in almost any soil. Hardy all zones. No color choice.

91 MG 5508—Postpaid. State size and quantity.

12-18 in.....10 for \$2.95; 25 for \$7.10; 50 for \$12.95
18-24 in.....10 for 3.65; 25 for 8.65; 50 for 15.95

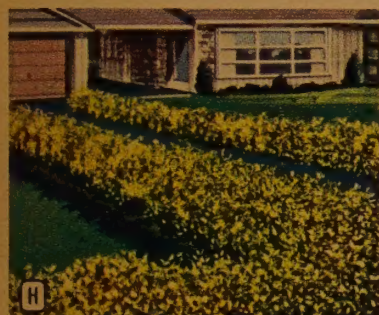

50-ft. Hedge (10 plants) \$550

D **Lilac Rothemangensis** (*Syringa roth*). Grows fast to about 6 to 10 ft. tall. Improved old fashioned variety that blooms the second year and adds decoratively to your landscape. Light purple flowers. Heart shaped deep green foliage. To get most flowers prune old wood only. Plant 5 ft. apart in full sun. Hardy all zones.

91 MG 5529—Shipped Postpaid. State quantity.

12 to 18-in. Size.....5 for \$2.95
10 for \$5.50.....25 for 12.50

... Buy a 50-ft. Hedge for Only \$10.50—Others up to 50 ft. for \$19.25 Postpaid

50-ft. Hedge (25 plants) \$1925

H **Vicari Golden Privet** (*L. ibota vicari*). Grows fast to about 6 ft. tall, but may be trimmed to any height. New growth is golden yellow. Withstands smoke, wind, dust, sea spray. Plant 18 to 24 in. apart in sun or part shade. Plant in full sun for best color. Hardy zones 10 through 5.

91 MG 5509—Postpaid. State quantity.

12-15 in.....5 for \$4.45
10 for \$8.25.....25 for 19.25

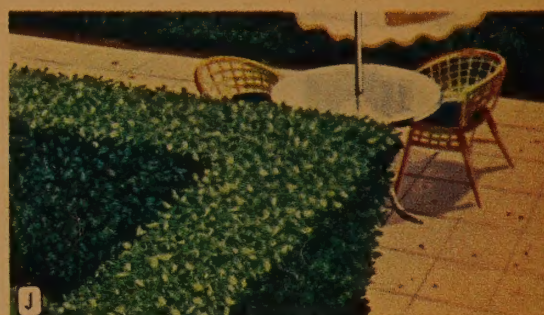

50-ft. Hedge (50 plants) \$1150

J **Privet, Amur River** (*Ligustrum amurense*). Grows fast to about 12 or 15 ft. tall or may be pruned and kept low. Densely branched upright plant has lustrous green leaves. Grows almost anywhere, even in northern climates. Plant 9 to 12 in. apart in sun or part shade. Hardy all zones, but best in 8 through 4. In mild climates use California Privet at right for best results.

91 MG 5506—Postpaid. State size and quantity.

12-18 in.....10 for \$2.75; 25 for \$6.25; 50 for \$11.50
18-24 in.....10 for 3.25; 25 for 7.45; 50 for 13.50

50-ft. Hedge (50 plants) \$1050, \$1250

J **Privet, California** (*Ligustrum ovalifolium*). Grows fast to about 15 ft. tall, but may be pruned and kept low. Has dense, lustrous green foliage. Makes a fine formal upright hedge for any landscape. Easily sheared. Plant 9 to 12 in. apart in sun or part shade. Grows in almost any soil. Resists temperatures as low as 10°. Hardy zones 10 through 6.

91 MG 5503—Postpaid. State size and quantity.

12-18 in.....10 for \$2.50; 25 for \$5.75; 50 for \$10.50
18-24 in.....10 for 2.90; 25 for 6.75; 50 for 12.50

... Some Slow Growing Varieties—Buy a 50-ft. Hedge for \$14.25 to \$52.50 Postpaid

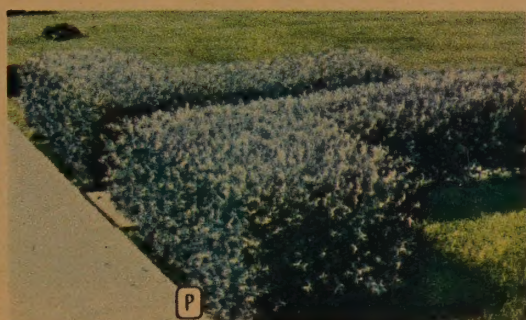

50-ft. Hedge (50 plants) \$1425, \$1695

N **Barberry, Redleaf** (*Berberis thunb. atropurpurea*). Grows slowly to 3 or 4 ft. tall. A thorny barrier and one of the most colorful shrubs. Spectacular all seasons of the year, with its changing hues. Brilliant purplish-red foliage becomes more beautiful if planted in full sun. Turns a lustrous scarlet in autumn, produces red berries that cling all winter. Plant 12 to 15 in. apart. Hardy all zones. Plants are rust free.

91 MG 5502—Postpaid. State size and quantity.

12-15 in.....10 for \$3.60; 25 for \$8.35; 50 for \$14.25
15-18 in.....10 for 4.00; 25 for 9.15; 50 for 16.95

50-ft. Hedge (50 Plants) \$2750

P **Dwarf Blue Arctic Willow** (*Salix purpurea nana*). Grows fast to about 3 ft. tall, 12 in. in diam. Beautiful gray-blue-green foliage contrasts handsomely with evergreens or with reddish or purple foliage. Very easy to grow anywhere—even in wet or heavy soils. Plant 8 inches apart in sun or shade. Postpaid.

91 MG 5513—Hardy all zones. State quantity.

12-15 in. 10 for \$5.95; 25 for \$14.25; 50 for \$27.50

50-ft. Hedge (50 Plants) \$5250

R **Crimson Pygmy Barberry** (*Berberis atropurpurea nana*). Grows slowly to about 12 inches high, 15-18 in. in diameter. This low, lustrous and colorful barberry is ideal for edging walks or for fore-ground of shrub planting. Older foliage is bronzy red, newer foliage is more brilliant red color. Plant 12 inches apart in full sun. Hardy all zones.

91 MG 5504—Postpaid. State quantity.

6-9 in.....5 for \$6.50; 10 for \$11.40

PROVIDE QUICK SHADE, ADD BACKGROUND COLOR, HIDE DEFECTS . . SHIPPED POSTPAID

Large Flowering Clematis

\$1.50 and \$1.65 Each, Postpaid

- Abundance of summer-time bloom
- Hardy, vigorous, grows 10 ft. tall
- Often Bloom The First Year

Jackmani Hybrid Clematis below, have the biggest flowers, most variety of color, and make a more spectacular display than any other hardy vines. Use on trellis or train them to soften and frame a window. Varieties listed bloom in summer, and de Bouchaud will bloom again in early fall. Plants die to ground in winter, but grow again in spring.

Thrive best in rich, deep, well drained soil. Hardy all zones, but protect in winter in zones 3 and 4. Plant in spring only.

Garden Mark Collection. Includes 1 each of A, B and C. Saves 55c. Postpaid.
91 MG 2615—All 3 for.....\$3.95

A 91 MG 2610—**Jackmani.** Most widely grown Clematis. Unusually large, velvety, purple-blue flowers. Deep green foliage.

B 91 MG 2614—**Mrs. Cholmondeley.** An abundance of extra large, open flowers in a rare shade of wisteria blue.

C 91 MG 2613—**Crimson Star.** Saucer size flowers of brilliant red cover the vine. Extremely vigorous. Makes a handsome display.

Prices of above Clematis—Shipped Postpaid. State Cat. No. Ea. \$1.50;.....3 for \$4.25

D **Comtesse de Bouchaud.** Deeply veined, gracefully curved petals of satiny rose with lighter midrib. Blooms profusely July 'til Sept. Strong grower. One of the finest Clematis in its lovely delicate color. Postpaid.
91 MG 2623—Each \$1.65;.....3 for \$4.65

Order Trellis and Arbors from Pages 50 and 51

Broadleaf Evergreens — Choice Types

BEAUTIFUL ALL-SEASON FOLIAGE — FINEST SHRUBS FOR YEAR-'ROUND EFFECTS

- Best shrubs for foundation planting.

Dark foliage is handsome the year 'round. Especially lovely when contrasted with flowers and berries in proper season. Beautiful planted in contrasting masses.

- Plant outdoors in mild climates.

Thrive best where winters are mild and rainfall is plentiful. Broadleaf Evergreens prefer shaded location and an acid soil with good drainage.

- Try them in tubs in cold climates.

Some gardeners have been successful growing many varieties in tubs in cold areas if there is plenty of light, but Wards does not guarantee beyond zones indicated.

Majestic Camellia Japonica

9 to 12-inch size \$175 Postpaid

- Withstand temperatures to 10 degrees.
- Bloom early winter to late spring.

Considered to be the finest large landscaping shrub. Exquisite blooms, lovely colors and delicate waxy texture are a delight in the garden or as cut flowers in winter when other flowers are scarce.

Long Lived and free flowering. A tall, handsome shrub, with glossy evergreen foliage. Partial shade is best but will stand full sun in cool areas. Zones 10 through 7.

✦ **Garden Mark Collection.** Includes 1 each of 5 listed below. Shipped Postpaid.

91 MG 7529—9-12-in. size.....5 for \$8.24

A 91 MG 7531—**Debutante.** Peony-type, 3¼ inches across. Delicate carmine rose with lighter shading at petal tips. Hardy zones 10 through 8.

B 91 MG 7527—**Professor Sargent.** Dark red, peony shaped blooms in midseason on semi-dwarf plant. Vigorous, compact, upright grower. Extra good for northern fringe of Camellia area.

C 91 MG 7526—**Pink Perfection.** One of the most popular and hardy camellias. Double rose-pink blooms Thanksgiving to spring. Popular for corsages.

D 91 MG 7534—**Chandleri Elegans.** One of the largest, finest, and most spectacular of all Camellias. Rose-pink flowers with white in many variations.

E 91 MG 7528—**Purple Dawn.** The largest Camellia. Deep velvety red. Fast growing.

Prices of above Camellias.

Sasanqua Camellias

Ea. \$149 and \$159 Postpaid

- Withstand 0° Temperatures.
- Bloom late fall, early winter.

Hundreds of beautiful big blooms when there are few other flowers. Beautiful, informal shape with handsome, glossy evergreen foliage. One of the finest of modern shrubs.

Long lasting cut flowers. Sasanqua Camellias are much hardier than the Japonica varieties, and with protection may be grown much farther north. Plant in spring or fall, but fall planting is preferred. Thrive best in any moist, well drained soil. Hardy zones 10 through 7.

F **Cleopatra.** Tall growing, in natural, pyramidal shape up to 15 ft. Beautiful as tall hedge or specimen shrub. Semi-double rose-pink blooms in Sept., Oct., Nov.

91 MG 7552—9-12-in. size. Postpaid. Each \$1.49.....3 for \$3.95

G **Mine-No-Yuki.** (Snow on the Mountain.) A loosely growing shrub 4 to 5 ft. tall, with spreading branches. Fine for hedge, corner or foundation planting. Semi-to-fully-double porcelain white flowers in Oct., Nov., Dec.

91 MG 7538—9-12-in. size. Postpaid. Each \$1.59.....3 for \$4.29

✦ **Garden Mark Collection.** Includes 1 Cleopatra and 2 Mine-No-Yuki. Excellent corner planting.

91 MG 7574—Postpaid...All 3 for \$4.20

Colorful Hybrid Rhododendrons

Each \$395 Postpaid

- Hardy to temperatures as low as 5 degrees below zero.
- Produce colorful blooms from middle to late season.

Include varieties famous the world over. Clusters of these beautiful blooms against large dark green foliage add drama to these plants. These splendid varieties range in height from medium to tall. They thrive best in part shade with some full sun. Require protection from the wind. Need an acid soil. Hardy in zones 10 through 7.

✦ **Garden Mark Collection.** Includes 1 each of the 4 Rhododendrons listed and described below. Shipped Postpaid.

91 MG 7583—9-12-in. size.....4 for \$13.95

H 91 MG 7579—**Purple Splendour.** A stately royal purple with a black blotch. This is the finest of this color in existence. An Award of Merit winner. Outstanding Rhododendron.

J 91 MG 7580—**Sappho.** Unusually beautiful white trusses with a purple blotch. A spectacular show flower. Vigorous grower.

K 91 MG 7582—**Lord Roberts.** Finest rich red medium sized trusses that abound on compact plants. Hardy and reliable.

L 91 MG 7581—**Pink Pearl.** Gorgeous shell pink trusses accented by excellent green foliage. Awarded First Class Certificate by the Royal Horticultural Society of England. Very popular.

Prices of above Hybrid Rhododendrons.

State Catalog Number. Shipped Postpaid in spring or fall.

Alpine Currant

Alpine Currant . . . Each \$1.65 Postpaid

- Finest Shrub for Northern Planting . . . Bright Red Fall Fruits
- One of the best plants for hedge in deep shade, at low temperature

(A) (*Ribes alpinum*). One of the finest shrubs for northern planting. Its dense, bright green, textured foliage comes early in spring. Wide spreading with branches down to the ground. Bright red fall fruits. Succeeds well in shade. Medium tall, but may be sheared and kept low. Plant 4-5 feet apart in spring or fall. Hardy all zones, but best north of zone 7. Very easy to grow. Shipped Postpaid.

91 MG 5399—15-18-in. size. Each \$1.65.....3 for \$4.65

Double Flowering Kerria

Each \$1.75 Postpaid

Red Flowering Quince

Each \$1.95 Postpaid

(B) (*K. Japonica*). Bright yellow flowers cover shrub in late spring, and are excellent for cutting. A slender branched, graceful bush of medium height. Excellent for foundation planting. Stems remain bright green all winter. Vigorous and easy to grow in sun or partial shade, and in any ordinary soil. Some pruning in spring tends to increase bloom. Hardy zones 10 through 5. Plant spring only. Shipped Postpaid.

91 MG 5383—18-24-in. size.

Each \$1.75.....3 for \$4.95

(C) *Stanford Red* (*Chaenomeles japonica*).

One of first shrubs to bloom in spring. Ablaze with large vivid scarlet flowers—a must for early spring gardens. Thick petaled blossoms cover branches from top to bottom before leaves appear. Medium height. Irregular shape shrub makes a close-knit hedge with handsome, shiny foliage. Almost thornless. Needs sun. Prune after flowering. Plant spring or fall. Hardy zones 10 through 5. Postpaid.

91 MG 5330—18-24-in. size.

Each \$1.95.....3 for \$5.50

Cool, Wonderful, White . . . Mock Orange

5 Choice  Selections Ea. \$1.00 to \$2.20 Postpaid

- Loveliest, Most Fragrant Flowering Shrub of Early Summer

(*Philadelphus*). Great clusters of waxy white flowers cover the bush. One spray makes a fragrant bouquet. They stand shade better than most shrubs, but will bloom better in full sun. Prune immediately after flowering, but do not prune severely to hold back growth. Plant low growing varieties 3 ft. apart; tall ones 5 ft. apart in spring or fall. They thrive in most soils and are hardy all zones unless otherwise indicated.

(D) *Golden Dwarf Mock Orange* (*Philadelphus coronarius aurea*). Grows 2-5 ft. tall depending on climate. Yellow foliage turns light green in summer. Makes beautiful contrast in foundation plantings with dark greens or with red foliaged shrubs. Makes a perfectly rounded shrub; does not sucker. Fragrant white bloom in late May and early June. Hardy zones 10 through 5. Winter protect zone 4.

91 MG 5301—12-15-in. size. Postpaid.

Each \$2.20.....3 for \$6.25

(E) *Frosty Morn Dwarf Mock Orange* (*Philadelphus*). For those gardeners who have wished for a naturally low growing Mock Orange, Frosty Morn is a beautiful, true, double-flowering Mock Orange in dwarf form. This variety grows only 3½ feet tall. It is covered with pure white, fragrant blooms in June and July. An excellent type for specimen or foundation planting around low, ranch-type homes.

91 MG 5490—12 to 15-in. size. Postpaid.

Each \$1.45.....3 for \$3.95

(F) *Minnesota Snowflake*. The hardiest of the Mock Oranges. Withstands 30° below zero. Medium to tall shrub. Very double, extra large flowering Mock Orange. Even the bottom is completely covered with snow-white flowers. Unusually fragrant. Symmetrical bush, gracefully branched. Plant Patent No. 538. Postpaid.

91 MG 5491—18-24-in. size.

Each \$1.65....3 for \$4.65

(G) *Coronarius*. Tallest of the Mock Oranges. Can grow to 10 feet high. One of the most fragrant. Just one branch will fill an entire room with its sweet fragrance. Shrub has large, gold-crowned, single white flowers covering it. Graceful, upright branches with an abundance of dark green foliage. Prefers full sun. Shipped Postpaid.

91 MG 5321—2-3-ft. size.

Each \$1.15....3 for \$3.10

(H) *Virginal*. Most popular Mock Orange. Medium height. Largest semi-double flowers of any Mock Orange. Produces a few flowers throughout summer and fall after its normal blooming period. Beautiful, irregular shaped shrub. Vigorous, erect growing. Postpaid.

Get These Colorful Effects Summer Through Fall

Dwarf Hypericum (*H. hidcote*). Improved Gold Flower. Fragrant, bright yellow cup shaped blooms often 2 in. across, cover bush from early summer until late fall. Height of bush varies from about 18 in. in colder climates to 3-4 ft. in warmer areas; spreads about as wide as it is tall. Plant in partial shade, spring only. Hardy zones 10-5, needs sheltered location and winter protection in zone 4. Comes pruned, ready for planting. Shipped Ppd. 91 MG 5336—12-15-in. size. Each \$1.50. . . 3 for \$4.20

Dwarf European Cranberry (*Viburnum opulus nanum*). Deep green foliage with rosy-pink overcast—as beautiful as any flowering shrub. Compact in form, makes an excellent hedge or edging 2 to 2½ ft. tall. Thrives in any soil, even wet or clay ground. Plant in sun or light shade. May be set out in spring or fall; 2 ft. apart for most plantings, 15 in. apart to form a compact hedge. Hardy in all zones, needs no protection. Shipped Postpaid.

91 MG 5303—6 to 9-in. size. Each \$2.50. . . 3 for \$7.20

Potentilla, Farreri. Improved Gold Drop (*P. farreri*). From June through October this rare and most attractive shrub is studded with intensely brilliant yellow, Buttercup-like flowers. Grows to 2 ft. tall, in a small, compact, irregular shaped mound. Emerald green foliage is dense and fern-like. Should be planted in full sun, in spring or fall, about 2½ ft. apart ordinarily, but for hedge set them 15 in. apart. Hardy in zones 10 through 3. Postpaid.

91 MG 5304—12-15-in. size. Each \$1.60. 3 for \$4.50

Handsome Shrubs for Late Spring Bloom

Pink Flowering Almond \$110 18-24 in.

- Hundreds of fluffy pink blooms before leaves appear
- Excellent foundation planting, grows 'most anywhere'

(*Prunus glandulosa*.) Before leaves come out in late spring on the Almond, every branch is loaded with hundreds of tiny, double pink flowers snuggled against the bark. One of the finest and most beautiful low-growing shrubs for foundation plantings—especially adapted to modern ranch houses. Radiant in early summer with its gracefully arched branches covered with deep green foliage. Compact growing. Plant 4 ft. apart in full sun in either spring or fall; hardy in all zones, but should have sheltered location in zones 3 and 4. State Size Wanted.

91 MG 5404—Shipped Postpaid. 18-24-in. size. Each \$1.10. . . 3 for \$2.95
2-3-ft. size. Each \$1.30. 3 for 3.60
3-4 ft. size. Each 1.75. 3 for 4.80

Clavey's Dwarf Honeysuckle (*Lonicera nana clavey*). Neat, small foliage is compact from the ground up, is enhanced in late spring by fragrant white blossoms which dot the shrub. Slow growing—at maturity reaches a height of about 4 ft. May be shorn to make one of the finest appearing of all low-growing hedges. A beautiful well-rounded shrub for doorway or foundation.

Plant 3 ft. apart in full sun, in spring or fall. Hardy all zones. Postpaid.

91 MG 5317—12-18-in. size. Each \$1.35. 3 for \$3.75

New Compact Deutzia (*Lemoinei deutzia compacta*). New, compact form, white flowers in May, dense green foliage. Grows 5 ft. tall. Sure to bloom. Hardy all zones. Shipped in Spring or Fall. Postpaid.

91 MG 5351—15-18-in. size. Each \$1.50. 2 for \$2.75

Dwarf Deutzia (*Deutzia gracilis*). Beautifully rounded form, neat foliage, snowy-white blooms in late spring. 2-3 ft. tall. Plant 2½ ft. apart, spring or fall. Hardy zones 10-6, needs shelter in 5-3. Postpaid.

91 MG 5341—12-15-in. size. Each \$1.50. 3 for \$4.15

Mentor Barberry

Barberry

Evergreen and Deciduous Barberry—For Specimen or Border

Mentor Barberry (*B. mentorensis*). Drought resistant, evergreen 'most all year in mild climates. Thick dark green foliage to the ground; dense, erect form requires no pruning. Combines well with evergreens. Easy to grow in any soil, in sun or part shade, but thrives best in full sun. Plant 4 ft. apart in spring or fall—or for dense hedge, plant 15-18 in. apart. Hardy all zones. Shipped Postpaid.

91 MG 5419—Size 18-24-in. Each \$1.25. 3 for \$3.45

Red Barberry (*B. thunbergi atropurpurea*). Brilliant mahogany red all season long. Bears bright red berries that last through winter. Grows in any soil, any exposure. Med. Height. (Green and Red Barberry listed here are bushier, make more shapely specimens than varieties on hedge Pages 78 and 79.) Ward plants are rust free. Plant spring or fall. Hardy all zones. Postpaid.

91 MG 5445—*Shipped Postpaid*.....Collection of 4 plants for only \$3.40

Burning Bush for Fall Color

18-24-in. size \$1.95 Postpaid

- Vivid rose-crimson color adds to fall landscape
- Beautiful, ornamental seed pods accent foliage
- Interesting and unusual "corky" textured bark

Grows 8 to 10 Ft. Tall (*Euonymus alatus*). Watch its constant change in color and interest. During the summer the foliage is an attractive, dark green, and in the fall it becomes a fiery, rose-crimson mass that is a highlight of the autumn landscape. Small, yellowish clusters of flowers appear in May and June, followed by ornamental seed pods. Even in winter when the foliage is gone the bush is attractive with its corky textured bark, unlike that on any other shrub. Tall growing—8 to 10 ft.—and broad, so allow it plenty of room. For color contrast plant in combination with Russian Olive or near tall evergreens. Thrives in ordinary soil. Plant 6 ft. apart in spring or fall. Hardy all zones. *Shipped Postpaid.*

91 MG 5348—18-24-in. size Each \$1.95; 3 for \$5.25

Dwarf Burning Bush (*E. alatus compactus*). Also known as Dwarf Winged Euonymus. Similar in color and growing habits to above, but is more dense and compact, with rounded form. Excellent foundation planting or low hedge. Grows 5 to 6 ft. tall. Plant 3 ft. apart in sun or shade, spring or fall. Hardy zones 10 through 4. *Shipped Postpaid.*

91 MG 5342—12-15-in. size..... Each \$2.30; 3 for \$6.60

PLANT TULIPS TO BLOOM WITH THESE SHRUBS

Rosezalea \$195 3-4 ft.

(*Malus ioensis*.) Every branch is solid with dark rose-red blossoms in late spring—all you can see is bloom. A large shrub—tall growing and almost as wide as it is high. Provides a more solid mass of color than most easy-to-grow shrubs. In fall bears small bright red jelly apples. Beautiful shrub from Spring through Fall. Attractive clean foliage. Thrives in any soil. Plant in full sun. Hardy all zones. *Shipped Postpaid.*

91 MG 5426—3 to 4-ft. size, Each \$1.95; . . . 3 for \$5.55

Beautybush \$115 18-24 in.

(*Kolkwitzia amabilis*.) A fountain of soft pink, trumpet-shaped flowers cover the shrub in huge clusters in late spring. Trumpet-shaped flowers with as many as 25 blooms in a cluster. Medium tall, broad, upright shrub with arching branches, beautiful light-green foliage. Needs good drainage and sun. Hardy in zones 10 through 5, plant in sheltered location in zones 3 and 4. *State Size. Postpaid.*

91 MG 5478—18-24-in. size. . . Ea. \$1.15; 3 for \$3.15
 2-3-ft. size. . . . Ea. 1.35; 3 for 3.75

Old Fashioned Snowball \$130 18-24 in.

(*Viburnum opulus sterile*.) One of the long-time favorite shrubs, produces a snowy white mass of ball-shaped clusters of bloom that is a lovely contrast to colorful tulips, other shrubs that flower in late spring. Tall growing, compact and bushy; grows quickly in sun or shade. Deep green foliage. Hardy in all zones. *State Size Wanted. Postpaid.*

91 MG 5450—18-24-in. size. . . . Ea. \$1.30; 3 for \$3.75
 2-3-ft. size. Ea. 1.60; 3 for 4.50

Early Spring Shrubs

Purple Leaves All Season

2-3-ft. size \$190 Postpaid

Purple Leaf Plum (*Prunus cistena*). Blooms in spring before leaves appear. Tall, open growing, with single pink flowers followed by brilliant purple foliage. Beautiful accent shrub. Hardy all zones. Plant in sun or shade. *Shipped Postpaid.*

91 MG 5421—2-3-ft. size. . . . Ea. \$1.90; 3 for \$5.35

French Pink Pussywillow \$135 18-24-in.

(*Salix discolor*.) Fine cultivated French variety. In early spring the large, silvery-pink catkins measure 1 to 2 in. long. Branches may be cut in February for indoor enjoyment. Shrub grows to 10 ft. Excellent for tall screen or background planting. Hardy all zones. *Shipped Postpaid.*

91 MG 5398—18-24-in. size. . Ea. \$1.35; 3 for \$3.75

Favorite Forsythia \$100 18-24-in.

(*Golden Bell*.) The first shrub to bloom in the spring. Before leaves appear the entire bush is blanketed with beautiful golden flowers. Medium to tall growing. Best in zones 8 through 4. *Postpaid.*

Fortunei. Rich, golden-yellow blooms on graceful, upright shrub. *State size wanted.*

91 MG 5313—18-24-in. . . . Each \$1.00; 3 for \$2.85
 2-3-ft. Each 1.15; 3 for 3.30

Lynwood Gold. Newer variety, with more profuse golden-yellow blooms, fuller in form.

Most Fragrant Shrub

12-18-in. size \$350 Postpaid

Pink Snowball (*Virbernum carlesii*). In early spring coral-pink buds open into white blooms. Med. tall rounded shrub with blue-green foliage that turns red in fall. Plant in spring only, sun or shade, sheltered location. Winter protect zones 3-4.

91 MG 5451—12-18-in. Each \$3.50; 3 for \$9.85

Spicy Sweetshrub \$135 18-24-in. size

(*Calycanthus floridus*.) Interesting Mahogany red double flowers about 2 in. across in late spring, have delicious, spicy fragrance. Leathery foliage on medium tall shrub. Plant Spring or Fall, in sun or shade, well-drained soil with ample moisture. Hardy zones 10 through 5. *Postpaid.*

91 MG 5323—18-24-in. Each \$1.35; 3 for \$3.75

Variegated Dogwood \$145 18-24-in.

(*Cornus alba sibirica gouchaultii*.) Large, attractive green leaves have wide border of silvery white with unusual pattern. Late in the spring white flowers appear, followed by interesting white fruits in late summer. Bright red bark provides winter interest and color. Tall growing, compact in shape. Tolerates wet soil. Plant in sun or shade, spring or fall. Hardy in all zones. *Shipped Prepaid from Nursery.*

91 MG 5311—18-24-in. Each \$1.45; 3 for \$3.95

Colorful French Lilacs

OFTEN BLOOM THE SECOND YEAR

Each \$1.75 Collection of 5 for \$7.65 Postpaid

- Larger, More Beautiful Blooms than Old-Fashioned Lilacs
- One of the finest, most beautiful tall-growing shrubs
- Favorite for Northern gardens—they're extra hardy

(A) TO (E) **French Lilacs** (*Syringa Hybrids*). Richly colored blooms. Double varieties may have semi-double florets the first time they bloom. Plant 6 ft. apart in full sun, spring or fall. Hardy all zones—best in zones 8 through 3. Prune after blooming.

(A) 91 MG 5493—**President Grevy**. Clear, medium blue with immense symmetrical panicles, very double florets. Fragrant.

(B) 91 MG 5485—**Miss Ellen Willmott**. One of the largest of the double white Lilacs, both in bush size and floret size. Creamy white panicles on very stout limbs. One of the finest of all Lilacs.

(C) 91 MG 5482—**President Lincoln**. Most nearly true blue of the Lilacs. Single florets cover the large panicles. Early blooming.

(D) 91 MG 5487—**Paul Therion**. Red buds, carmine-pink to lilac-pink when in full flower. Double variety. Lower growing.

(E) 91 MG 5483—**Belle de Nancy**. Unusual variety. Bright, lilac-rose double florets have conspicuous white centers. Long, compact blooms. Low-growing, bushy, and very hardy.

Prices on Above French Lilacs.

Purple Fringe

3-4 ft. size \$2.95 Postpaid

(*T. hispida*.) A lovely, lacy looking, informal shrub. Has rose-pink flower spikes and finely cut, silvery blue-green foliage, both good for cutting. Blooms continuously all summer. Tolerates salt air and wind. Grows to about 8 ft. tall, but may be pruned and kept to 5 or 6 ft. Plants bloom the first year, but must be pruned back to 6 or 8 inches when transplanted or they will not succeed. May be planted in the spring or fall. Hardy in zones 10 through 5.

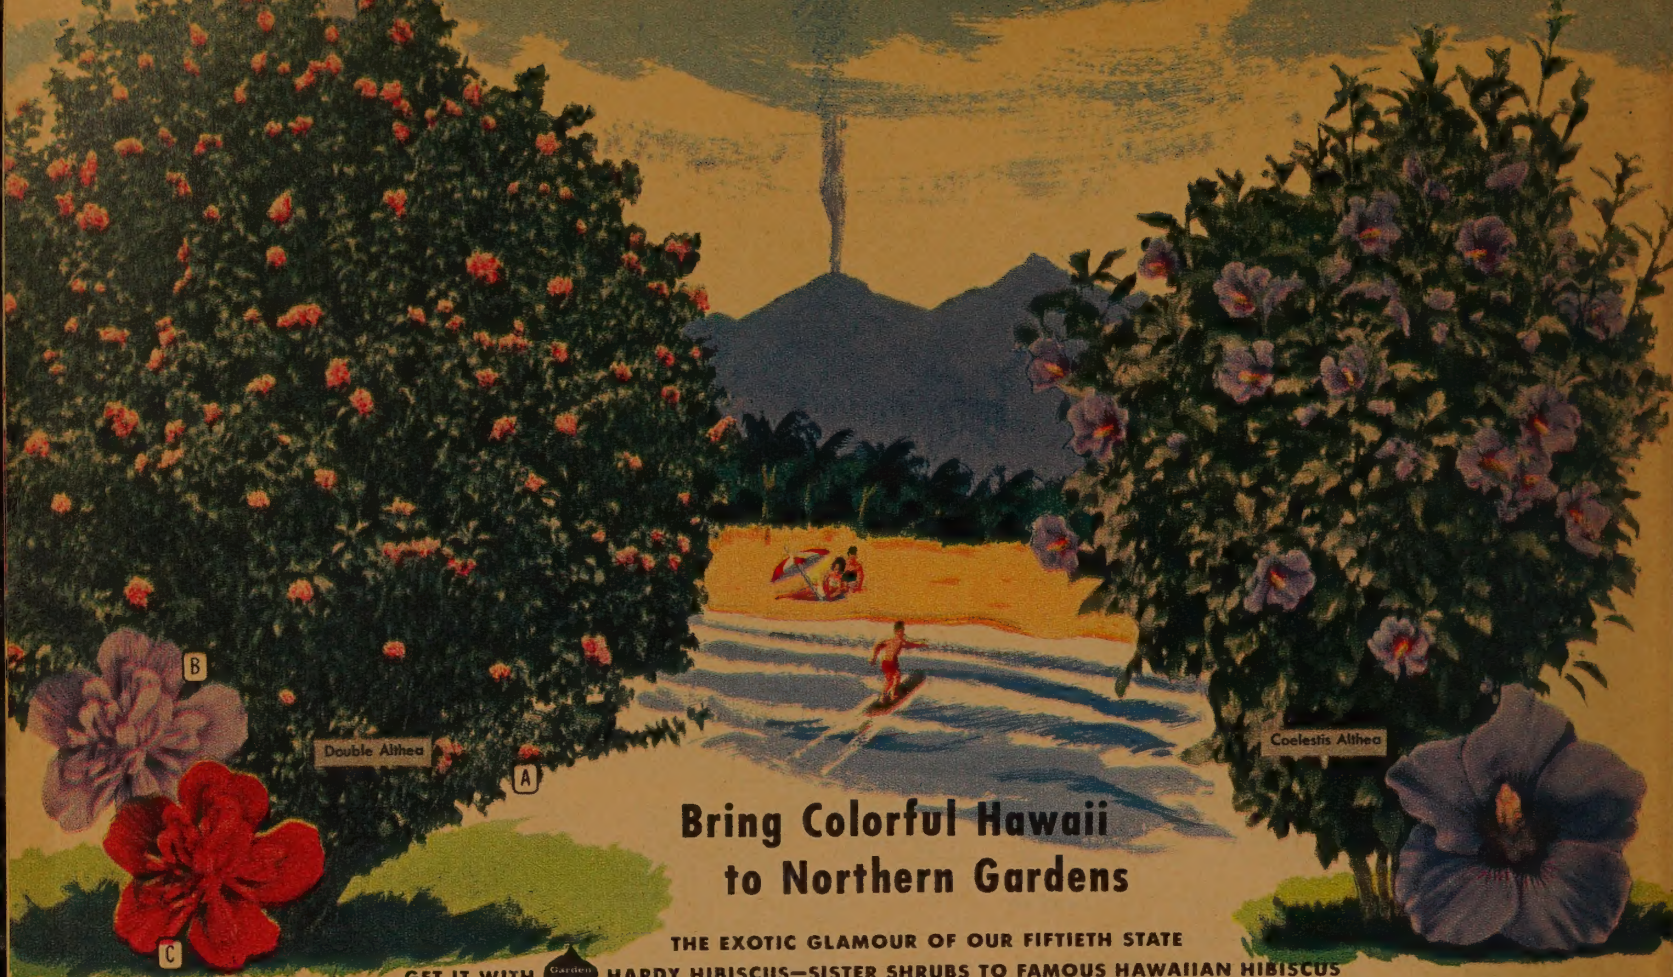

91 MG 5414—18-24 in. size. Postpaid. Each.....\$1.65.....3 for \$4.65

(*Lonicera Korolkowii* Zabelii.) For the fastest way to enclose your living area—plant Honeysuckle. Produces a profusion of rose-red, very fragrant blossoms in early summer. Small red berries appear later, are very attractive to birds. Tall, fast-growing shrub, good in almost any location, whether sunny or shady. Easy to grow and hardy in all zones.

91 MG 5315—State Size. Postpaid. 18-24-in.....Each 95c; 3 for \$2.75 2-3-ft.....Each \$1.20; 3 for 3.25

(*Cotinus coggygria*.) Sometimes known as the "Smoke Tree". Shrub-like in growth, becomes a billowy mass of misty purplish-gray flowers in early summer. Dense green summer foliage turns brilliant yellow and purple in fall. Prefers dry, sunny location. Grows to 15 ft. Requires space for full development. Hardy in zones 10 through 4.

Flowering Crabapple

MOST BEAUTIFUL HARDY FLOWERING TREE

- Hundreds of Thousands of Beautiful Blossoms
- Most Hardy Flowering Trees in U.S.A.
- Extra Interest in Ornamental Fruit, Foliage

Thrill to the sight of Giant Bouquet of blossoms . . . you can have them even in a small back yard or get magnificent masses of bloom if you plant all of them across the back of "acreage" size lots.

Brilliant Display carries into Summer, Fall . . . Blossoms are followed by colorful fruits in summer and fall when branches hang heavy with baby crabapples in colorful array. On some varieties fruit clings through winter and is attractive to birds.

Get Quick Effects in Just a Short Time . . . Most varieties are fast growers, some bloom the first year. Densely branched trees, hardy all zones. Bloom late Spring.

HOPA CRAB—Fragrant blossoms—Edible Fruits. Crimson buds open into beautiful rose colored blossoms. In June little red jelly apples ripen along branches and remain until severe freeze. Reddish spring foliage, turns green later in season. Grows 25 to 30 ft. tall. *Shipped Postpaid.*

91 MG 5701—4-6-ft. size, 2 for \$4.85. . . . Ea. \$2.65

IRENE—Red blossoms, Purple Fruit, Purple Foliage. A spectacular display of brilliant single red blossoms in spring; lush purple-bronze foliage from spring through fall; cherry-size, purple-red ornamental fruits in fall. Graceful, spreading tree. Grows 10 to 15 ft. tall. Suitable in even small gardens. *Postpaid.*

91 MG 5706—4-5-ft. size, 2 for \$6.50. . . . Ea. \$3.50

MAKAMIK—The Bronze Leaf Crab. Purple-Red Blossoms and Fruit. A recent introduction and one of the most ornamental of all flowering crabs. Beautiful single purplish-red blossoms up to 2 inches across, followed by bright purplish-red fruits about 1-inch in diam. Reddish-bronze foliage is attractive all season. Grows 25 to 30 ft. tall. *Postpaid.*

91 MG 5708—4-5-ft. size, 2 for \$6.95. . . . Ea. \$3.75

VAN ESELTINE—Double Rose-pink Blossoms first year. An unforgettable sight in bloom—slender branches are completely covered with double rose-pink flowers arranged in unusual "bottle-brush" fashion, making this one of the most beautiful of all flowering crabapples. Yellowish fruits blushed red. Glossy green foliage of interesting texture. Grows 15 to 18 feet tall. Often blooms first year. *Postpaid.*

91 MG 5717—4-5-ft. size, 2 for \$6.35. . . . Ea. \$3.35

ALMEY—Star-shaped blossoms, Orange-red fruits. Carmine red buds open to large blossoms of glistening red with white markings at base of petal giving effect of five pointed star. Often bloom same year planted. Bronze-green foliage. Orange-red fruits remain until spring. 15 to 20 ft. tall. *Postpaid.*

91 MG 5703—4-5-ft. size, 2 for \$6.75. . . . Ea. \$3.65

BECHTEL'S FLOWERING CRAB—Double 2-inch blossoms. Thousands of double blossoms every spring. Light pink, rose-like flowers with delightful fragrance. Sometimes has yellow-green fruits. Foliage turns reddish in fall. 20-25-ft. tall. *Postpaid.*

BA WARDS 93

Kwanzan Japanese Double Flowering Cherry. (*Prunus serrulata*). The most popular of all Flowering Cherries. In early spring branches are covered with double, deep pink blossoms up to 2 inches across. Grows 15 to 20 ft. tall. This variety does not bear fruit. Trees make a beautiful driveway planting set in row 25 ft. apart. Thrive wherever fruit trees grow. Plant in full sun and in well-drained soil. Hardy zones 10 through 5. Shipped spring only. *Postpaid*. 91 MG 5725—3 to 4-ft. size. 3 for \$11.25.....Each \$3.95

Paul's Scarlet Hawthorne. (*Crataegus oxyantha pauli*). A late spring spectacle of bright scarlet double flowers in large clusters, followed by small red jelly apples in fall. Clusters almost completely cover gracefully spread branches. Beautiful branching habit makes it very attractive even in winter. Handsome the year 'round. Grows to height of about 15 ft. Ideal for small yards. Hardy in zones 10 through 5. Plant in spring only. *Shipped Postpaid*. 91 MG 5710—4 to 5-ft. size. 2 for \$8.25.....Each \$4.45

Newport Purple Leaf Plum. (*Prunus Newport*). Valuable ornamental tree because of the spring-through-fall beauty of its reddish-purple foliage. Leaves deepen in color toward end of season. Upright in habit, gracefully branched, symmetrical in form. In spring it produces a profusion of small pink flowers. Beautiful combination with gray foliage of Russian Olive, with evergreens, or shades of green shrubs. Hardy all zones. 91 MG 5727—*Shipped Postpaid*. 3-4-ft. size; 2 for \$5.75; Ea. \$3.10

Mountain Ash. (*Sorbus aucuparia*). Very ornamental tree. Blooms in spring. Large, pure white clusters of flowers are followed by brilliant bunches of orange-red fruit in summer. Fruit lasts far into winter, is attractive to songbirds. Foliage is blue-green and turns to yellow in fall. Thrives in sun or part shade. Grows to about 25 ft. Little maintenance required. Hardy in all zones. *Shipped Express Prepaid*. State name of nearest Express Station. 91 MG 5715—6-8-ft. size. 2 for \$11.25.....Each \$5.95

Get Bold, Colorful Effects

- Biggest Bouquet of Beauty in the Spring Scene
- Add Most to Property Value at Least Cost
- Garden Mark Varieties Guaranteed True-to-Name

Flowering Trees may be adapted to any landscape plan from smallest city lot to large country grounds. Grow larger than shrubs, but are smaller at maturity than most shade trees. Even young trees produce an abundance of bloom in early spring. Some produce brilliant berries or fruit in fall. Plant in full sun in spring or fall unless otherwise indicated.

Double Flowering Peach — 4 to 5-ft. size Each \$2.70 *Postpaid*

(*Prunus persica*). Often called Camellia Flowering Peach, one of the most beautiful of all. In mid-spring the branches are covered with big double blossoms in large clusters of brilliant rose red. Provides abundant bloom at an early age. Grows to about 15 ft. tall. Does not bear fruit. For most bloom prune severely immediately after flowering. Hardy zones 10 through 5. Available in spring only. Not shipped after May 5th.

91 MG 5704—*Shipped Postpaid*. 4 to 5-ft. size.....2 for \$4.85; Each \$2.70

Three Flowering Trees for Mild Climates

Weeping Double Flowering Peach. (*Prunus persica pendula*). An unusually beautiful small tree for lawn planting. Trunk, about 5 ft. high. Long, weeping branches are covered with glorious, double blossoms in spring. Thrive in sheltered location where winters are not severe, and frosts are not too late in spring. Hardy zones 10 through 5. *Shipped spring only*.

91 MG 7586—Red Flowering Peach.

91 MG 7587—Pink Flowering Peach.

2-3-ft. size. State Cat. No., Color.

Postpaid. 2 for \$4.45.....Ea. \$2.49

Mimosa. (*Albizia julibrissin*). Silk Tree. This graceful tree is among the most ornamental for mild climates. Its fluffy pink flowers are in bloom several weeks during mid-summer. Lacy, fern-like, pale green foliage provides just the shade needed for Camellias and Azaleas. Use as low-branching tree or pruned high for parkway planting. Upright, rapid grower. Hardy only in zones 10 through 7. *Postpaid*.

91 MG 7590—3-3½-ft. size.

2 for \$2.80.....Each \$1.49

Magnolia Grandiflora—The Evergreen Magnolia. Also known as Bull Bay or Great-Laurel, and considered to be the finest tree for the south. Tall growing (about 60 ft.), with handsome pyramidal form and glossy, deep green foliage. Creamy white flowers often 8 inches across. Easy to grow and drought resistant. Hardy to 5°. Recommended for zones 10 through 7. *Shipped Postpaid*.

91 MG 7550—18 to 24-inch size.

2 for \$3.45.....Each \$1.85

Chinese Redbud. (*Cercis chinensis*). Similar to American Redbud on opposite page. In early spring this fluffy tree is covered with purplish-red blossoms larger in size than the American, and darker in color. Leaves are heart-shaped, shining green; turn to yellow in fall. Fine for grouping with other early flowering trees or as a contrast to White Dogwood. Hardy zones 10 through 7.

91 MG 7514—3-4-ft. size.

Postpaid. 2 for \$4.20...Each \$2.25

Pink Dogwood

White Dogwood

With Flowering Trees

Flowering Dogwood . . . One of Most Ornamental Trees—Each \$230 and \$520 Postpaid

Horizontal branching makes them attractive in all seasons. They are layered with beautiful, large flowers in early spring before the leaves appear. Flowers are followed by small clusters of ornamental red fruits that are attractive to birds.

Pink Dogwood. (*C. florida rubra*). Large rose-pink, flowers. Trees begin to bloom when quite young.

91 MG 5712—2-3-ft. size. Postpaid. 2 for \$9.85; Ea. \$5.20

White Dogwood. (*C. florida*). Familiar white type.

91 MG 5713—2-3-ft. size. Postpaid. 2 for \$4.35; Ea. \$2.30

Foliage turns scarlet in fall if planted in full sun. Even in winter the snow on the branches is very ornamental. They'll stand crowding and thrive in sun or shade. Grow 12 to 15 ft. tall. Hardy zones 10 through 5. Not shipped after May 5th.

Dogwood Collection. Saves 80c over the price if bought separately. Collection includes one Pink and two White Dogwood trees, 2-3-ft. size, described at left. Especially lovely when interplanted. Shipped in spring only. Shipped Postpaid.

91 MG 5714—Collection of 3 trees. \$8.85

Magnolia Soulangeana. The hardiest magnolia for northern gardens. In very early spring huge, lightly fragrant tulip-shaped blooms make a magnificent sight before the leaves appear. Flowers are usually 6 to 9 inches across, white with outer petals tinted pink, edged in deep purple. Large lustrous foliage—dense growth. May be allowed to grow as a shrub or trained to tree form. Grows to about 10 ft. Does well in any soil having good drainage. Hardy zones 10 through 5; protect in zone 4. Plant in spring only. Not shipped after May 5. Postpaid.

91 MG 5721—2-3-ft. size. 2 for \$10.85; Each \$5.75

Rose Tree of China. (*Prunus triloba*). One of the most beautiful of the shrub-like trees. Every branch and twig is thickly covered with beautiful small, double rose-pink blossoms in late spring before the leaves appear. Hardy in zones 10 through 5, but must be sheltered in zone 4. Thrives best if planted in full sun. Grows to about 10 ft. tall, and makes a very broad spreading tree, so give it plenty of space. Shipped Postpaid for spring or fall planting.

91 MG 5722—2 to 3-ft. size. 2 for \$3.50; Ea. \$1.85

American Redbud. (*Cercis canadensis*). Commonly called Judas Tree. One of the most hardy of all the profuse-flowering trees. Early in spring thousands of tiny magenta red blossoms cover the branches and trunk. Beautiful in its branching habit. Large heart shaped leaves turn yellow in fall. Grows to about 20 ft. Requires plenty of water, but needs good drainage. Hardy in zones 10 through 5. Plant spring or fall. For "Picture Garden" effect surround with King Alfred Daffodils.

91 MG 5716—3-4-ft. size.

Postpaid.
